City of Laguna Woods

Agenda Report

TO: Honorable Mayor and City Councilmembers

FROM: Christopher Macon, City Manager

FOR: June 25, 2025 Adjourned Regular Meeting

SUBJECT: Consent Calendar Summary

Recommendation

Approve all proposed actions on the June 25, 2025 Consent Calendar by single motion and City Council action.

Background

All items listed on the Consent Calendar are considered routine and will be enacted by one vote. There will be no separate discussion of these items unless a member of the City Council or City staff requests that specific items be removed from the Consent Calendar for separate discussion and consideration of action. Members of the public may address the City Council on items appearing on the Consent Calendar regardless of whether an item is removed for separate discussion and consideration of action.

Summary

The June 25, 2025 Consent Calendar contains the following items:

- 7.1 [1] Waive the provisions set forth in Laguna Woods Municipal Code Section 3.06.080(c) related to competitive bidding for an extension and amendment of the agreement with CityGreen Consulting, LLC. The City's procurement regulations generally require competitive bidding when the estimated cost of services is \$25,000 or more over the term of the agreement, but allow for the waiver of those provisions at the discretion of the City Council. CityGreen

Consulting has provided as needed waste management services to the City since July 1, 2024. For many years prior to that date, the City contracted directly with CityGreen Consulting's President, Michael Balliet, for similar services. CityGreen Consulting (and/or Mr. Balliet) provides or has provided similar services to the cities of Costa Mesa, Fountain Valley, Irvine, Los Alamitos, Newport Beach, and Villa Park. Due to the continuing need for the services provided by CityGreen Consulting and CityGreen Consulting's qualifications and past performance, staff recommends waiving competitive bidding requirements for the proposed extension and amendment.

AND

[2] Approve an extension and amendment with CityGreen Consulting, LLC for waste management consulting services and authorize the City Manager to execute the extension and amendment, subject to approval as to form by the City Attorney. The proposed extension is for one year from July 1, 2025 through June 30, 2026. Some rates would be increased.

- 7.2 In the capacity of the Laguna Woods Civic Support Fund Board of Directors, approve budgets for the Laguna Woods Civic Support Fund for Fiscal Year 2025-26 and Fiscal Year 2026-27. The proposed budgets are included as attachments A and B. The Laguna Woods Civic Support Fund is expected to remain largely inactive during fiscal years 2025-26 and 2026-27. Planned expenditures include annual corporate filings and other minimum activities necessary to maintain the corporation.

AND

4. Adopt a resolution titled:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, ADOPTING THE ANNUAL APPROPRIATIONS LIMIT (GANN LIMIT) FOR FISCAL YEAR 2025-26 COMMENCING JULY 1, 2025 AND ENDING JUNE 30, 2026, IN ACCORDANCE WITH ARTICLE XIIIB OF THE CALIFORNIA STATE CONSTITUTION

Background

The proposed Fiscal Years 2025-27 Budget & Work Plan (Attachment A) establishes a scope of work and financial plan for the City to undertake during the fiscal years spanning July 1, 2025 through June 30, 2027. The Fiscal Years 2025-36 Capital Improvement Program is incorporated therein.

Publicly noticed City Council meetings were held on March 19, April 16, May 21, May 28, and June 18 to discuss and provide direction to staff on the development of the Fiscal Years 2025-27 Budget & Work Plan. Each meeting included an opportunity for public input.

Discussion

Today's meeting is an opportunity for City Council action, as well as public input, on the proposed Fiscal Years 2025-27 Budget & Work Plan (Attachment A) and implementing resolutions (attachments B, C, D, and E).

The proposed budget and work plan adoption resolution (Attachment B) includes the establishment of three assigned reserves. The annual target for the Paid Leave Contingency Reserve is calculated based on projected accrued paid leave balances

at the end of each fiscal year (June 30), in accordance with the City's paid leave policies and obligations. Once fiscal-year-end calculations are available to finalize such calculations, the City Council will be asked to adjust the annual targets for assigned reserves, accordingly.

ABOUT THE CITY OF LAGUNA WOODS SEAL

Doris Jackson, a Laguna Woods resident, designed the City of Laguna Woods' seal to "symbolize a community of seniors who very much live in the contemporary world." The tree is swaying into the circle with a free-flowing motion and the small pieces bring movement to the simple design, encouraging eyes to roam repeatedly over the entire subject. According to Ms. Jackson, the green symbolizes "bountiful nature," and the blue, "courageous spirit."

Ms. Jackson's design was chosen from a field of 50 responses to the City's search for ideas. On March 15, 2000, the seal was officially adopted by the City Council. A formal unveiling took place at the City's first anniversary of incorporation on March 25, 2000.

Ms. Jackson began drawing and painting as a child, and later obtained an art education at University of California, Berkeley. She moved to Laguna Woods in 1997 and became an active member of the Laguna Woods Art Association and volunteer for the Laguna Woods Village Library. She passed away on April 12, 2019, one month shy of her 94th birthday.

Ms. Jackson's original design was refined by Greg Smith and Associates.

ABOUT THE COVER PHOTOGRAPH

Aliso Creek is one of Orange County's last remaining natural creeks. It begins near Silverado Canyon Road in unincorporated Orange County and outlets into the Pacific Ocean at Aliso Beach. Over the course of almost 20 miles, Aliso Creek passes through the cities of Aliso Viejo, Laguna Beach, Laguna Hills, Laguna Niguel, Laguna Woods, Lake Forest, and Mission Viejo.

The cover photograph was taken on May 8, 2025 along the portion of Aliso Creek within Laguna Woods.

TRANSMITTAL LETTER

June 25, 2025

Honorable Mayor and City Councilmembers:

It is my privilege to present the City of Laguna Woods' Fiscal Years 2025-27 Budget & Work Plan. This document establishes a scope of work and financial plan for the City to undertake during the fiscal years spanning the 24-month period from July 1, 2025 through June 30, 2027.

The programs, projects, and services provided for herein are intended to continue to fulfill the City's legal responsibilities as set forth in state law and advance efforts associated with the City Council's six priority focus areas (see below). The priority focus areas articulate the goals and intended outcomes of this budget and work plan, while also reinforcing the City's commitment to the delivery of municipal services rich in public value.

City Council's Priority Focus Areas

A City that is...

Healthy and safe

High in quality of life

Environmentally conscious

Economically prosperous

Fiscally responsible

Professionally and efficiently served

This budget and work plan is the City's fifth consecutive two-year budget and work plan since transitioning from single-year budgets and work plans in 2017. Multi-year financial planning continues to achieve the City's intended goals of providing longer-term financial forecasts, greater certainty regarding the sustainability of operations, and heightened strategic vision.

The development of this budget and work plan included six open and publicly noticed City Council meetings, each with an opportunity for public input. For more information, please refer to Chapter 3.0 (City Budget Practices).

Financial Reporting and Annual Independent Audits

Fiscal Year 2023-24 was the 10th year for which an Annual Comprehensive Financial Report (“ACFR”) was prepared with each of the sections prescribed by the Governmental Accounting Standards Board (“GASB”). Preparation of an ACFR includes a more detailed presentation of financial statements than is required by law and is optional, but encouraged, by GASB. The City has been awarded the Government Finance Officers Association’s “Certificate of Achievement for Excellence in Financial Reporting” for each of its ACFRs with evaluation of the Fiscal Year 2024-25 ACFR currently pending.

The City’s annual independent audits for both fiscal years 2022-23 and 2023-24 resulted in unmodified (clean) opinions that the financial statements were fairly presented in conformity with Generally Accepted Accounting Principles (“GAAP”). No material weaknesses or significant deficiencies were identified in the City’s internal control structure for either fiscal year. The annual independent audit for Fiscal Year 2024-25 is currently underway.

Budget Snapshot

The operating budgets for fiscal years 2025-26 and 2026-27 are balanced with revenue expected to exceed expenditures. Each fiscal year also includes strategic investments in capital improvements projects and other limited-term initiatives, which are referred to as “non-operating expenditures.”

Revenue estimates can be characterized as cautious, which has been the City’s longstanding practice and continues to be important due to financial concerns and economic uncertainties beyond the City’s control. For more

information, please refer to the Financial Health and Broader Economic Outlook discussions beginning on pages viii and x, respectively.

Expenditures have been calculated to meet the City's needs and implement the programs, projects, and services described herein. They represent best estimates based on data and information currently available.

25-26

Inclusive of all funds, expenditures for Fiscal Year 2025-26 total \$13,411,987. The General Fund operating budget is balanced and accounts for the majority of expenditures at \$8,394,328. At the end of the fiscal year, it is projected that the unassigned General Fund balance will be \$6,095,968, or 72.6% of the Fiscal Year 2025-26 operating budget. That unassigned balance would be in addition to reserves totaling \$4,905,723.

26-27

Inclusive of all funds, expenditures for Fiscal Year 2026-27 total \$12,309,436. The General Fund operating budget is balanced and accounts for the majority of expenditures at \$8,941,466. At the end of the fiscal year, it is projected that the unassigned General Fund balance will be \$5,492,650, or 61.4%, of the Fiscal Year 2026-27 operating budget. That unassigned balance would be in addition to reserves totaling \$5,016,723.

Financial Health

The City's financial position is strong due to its history of responsible financial management, which stems from an organization-wide commitment to being good stewards of public funds. Highlights include:

- **No debt service obligations.** The City has never issued bonds or incurred debt service obligations. For more information, please refer to the debt service obligations discussion on page 3.0-8.
- **Fully funded employee pension plans.** The City's pension plans are fully funded according to the most current actuarial valuations. For more information, please refer to the California Public Employees' Retirement System discussion beginning on page 5.0-24.
- **Growing prefunding trust funds.** The City maintains irrevocable trust funds to prefund future liabilities related to employee pension plans and retiree medical obligations. The trust fund for pension liabilities is growing

in accordance with City Council-established policy and is likely to reach its preliminary funding goal during the term of this budget and work plan. The trust fund for retiree medical liabilities contains funds equal to 94.6% of actual liabilities, as of the most current actuarial valuation. For more information, please refer to pages 5.0-25 (pension prefunding) and 5.0-27 (retiree medical prefunding).

- **Fully funded reserves.** The City maintains contingency reserves equal to 50% of General Fund operating revenue. Those reserves are fully funded in this budget and work plan and augmented by several million dollars of additional unassigned General Fund balances. For more information, please refer to the Budget Snapshot discussion beginning on page vii.

Financial concerns for the City include:

- **Rising law enforcement contract costs.** Law enforcement contract costs have historically presented a budgetary challenge for the City primarily due to labor agreements negotiated by the County of Orange and approved by the Orange County Board of Supervisors. While cannabis business tax revenue has increased the City's ability to accommodate rising law enforcement contract costs, the reality continues to be that as long as decisionmakers who are not directly accountable to the citizens of Laguna Woods (i.e., the Orange County Board of Supervisors) control such a significant cost center for the City, financial pressure will continue to grow. State law and the contractual nature of the City's relationship with the Orange County Sheriff's Department preclude the City from exerting financial control over its operations.

This budget and work plan includes contingencies to offset potential future increases in law enforcement contract costs both as a routine safeguard and due to the expiration of existing County of Orange labor agreements in June 2026.

- **Dependance on a small number of tax generators.** Business-related tax revenue (cannabis business tax, sales tax, and transient occupancy tax) comprises approximately one-third of the City's estimated General Fund revenue for fiscal years 2025-26 and 2026-27. While business-related tax revenue has historically been a reliable performer, risk continues to exist due to the small number of businesses that generate the majority of revenue. For example, the top five sales tax producers generated 63% of all sales tax revenue in the 2024 calendar year. One business each generates all or most cannabis business tax and transient occupancy

tax revenue. Business closures or changes in consumer behavior that adversely affect business tax generators have the potential to result in large and immediate impacts on General Fund operating revenue.

This budget and work plan funds several land use and zoning-related activities that could positively impact the local business environment while simultaneously furthering the City's goal of providing residents with access to high quality goods and services close to home.

Broader Economic Outlook

The City uses information from sources including the Federal Reserve, the California Legislative Analyst's Office ("LAO"), and California State University, Fullerton's Woods Center for Economic Analysis and Forecasting to provide national, state, and regional economic context for budget and work plan development. While budget and work plan development occurs every two years, economic conditions are revisited regularly, including while preparing management's discussion and analysis for each ACFR.

California State University, Fullerton's Woods Center for Economic Analysis and Forecasting's *2025 Spring Economic Forecast*¹ notes that "the economic outlook is softening—not only because of the [presidential administration's] policies, which are delivering their own shocks, but also because the U.S. economy was already poised to slow after years of above-trend growth." While their analysis finds that the "odds of a downturn have risen appreciably," no recession is expected "even as growth slows and inflation ticks higher."

On September 18, 2024, November 7, 2024, and December 18, 2024, the Federal Reserve lowered the target range for the federal funds rate (the interest rate that banks and other depository institutions charge each other for short-term borrowing) as part of its efforts to reduce inflation to 2.00%. The target range is now 4.25 to 4.50%, after having remained at 5.25 to 5.50% since March 2020 shortly after the onset of COVID-19. In its most recent statement dated June 18, 2025, the Federal Reserve's Federal Open Market Committee ("FOMC") held the target range constant and wrote that "although swings in net exports have affected the data, recent indicators suggest that economic activity has continued to expand at a solid pace. The unemployment rate remains low, and labor market conditions remain solid."

¹ Puri, Anil K., and Mira Farka. *Shaken and Stirred: Trumponomics, Taxes, Tariffs, Trade and Prospects for Growth*. California State University, Fullerton, Woods Center for Economic Analysis and Forecasting, 24 Oct. 2024.

Increases in the target range for the federal funds rate typically result in higher interest rates for pooled investment funds, certificates of deposit, and other types of investments commonly held by the City, while reductions in the target range lower those same interest rates. This budget and work plan assumes a decline in interest revenue due to lower interest rates and a smaller investable cash balance following the final expenditure of American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds) funds.

Economic analysis and the City's financial performance in recent fiscal years support the cautious revenue estimates included in this budget and work plan. At a minimum, a slowing economy is likely to cause some slowing of local business activity. Though the nature of the City's predominately property tax-fueled revenue base provides solid insulation from the dramatic revenue swings experienced by cities that rely more heavily on taxes generated from consumer spending, the City is not fully immune.

Beyond simply cautious revenue estimates, this budget and work plan is well positioned to endure recessions and other forms of economic downturn due to its spending restraint and lack of reliance on federal funding.

Major Work and Initiatives

In addition to routine functions and “day-to-day” operations, this budget and work plan provides for an ambitious scope of work centered around the City's six priority focus areas. Major work and initiatives include:

Significant Work Plan Items

- .gov Domain Transition
- 2025 Triennial California Building Standards Code Adoption
- Automated License Plate Reader Deployment

- Woods End Wilderness Preserve Trail Drainage and Improvement Project

For additional information, please refer to Chapter 8.0 (City Capital Projects).

Conclusion

This budget and work plan was developed with sincere regard for the quality of life, health, safety, wellness, and well-being of those who live and work in Laguna Woods. The prudence, caution, and strategic investments underlying this document will cause the City to remain financially viable and capable of delivering an array of municipal programs, projects, and services.

Respectfully submitted,

Christopher Macon

BUDGET & WORK PLAN

Fiscal Years 2025-27

This page is intentionally blank.

1.0. CITY BACKGROUND

This chapter provides a brief overview of the City of Laguna Woods in order to establish a setting and context for understanding the decision-making that resulted in this budget and work plan.

A BRIEF HISTORY

Laguna Woods, California occupies approximately three-square miles of land that was once a part of South Orange County's expansive Moulton Ranch. Prior to the 1960s, dry farming and cattle grazing dominated the area, with a few scattered ranch dwellings and barns.

In 1962, Ross Cortese, a young developer whose previous projects included Rossmoor and Leisure World Seal Beach, purchased a portion of the Moulton Ranch. His goal was to create a second Leisure World community or, as he said, "to supply the basic needs of life for people aged 52 and older; create a serene atmosphere of beauty; and provide security, recreation, and religious facilities – then leave the living to the individual." His dream materialized and in 1964 Leisure World Laguna Hills received its first residents.

The prospect of incorporation first arose in 1971 and was a lingering issue until 1996, when the potential for a reduction in county services and the possibility of a commercial airport at the nearby site of the former Marine Corps Air Station, El Toro, became very real concerns. Proponents of "cityhood" were successful in placing the issue of incorporation on the ballot for a special election on March 2, 1999.

On March 24, 1999, Laguna Woods officially became Orange County's 32nd city. In an afternoon ceremony, Superior Court Judge Francisco F. Firmat swore in the five newly elected members of the City Council.

The City of Laguna Woods celebrated its 26th anniversary in 2025.

PHYSICAL SETTING

The City of Laguna Woods is located just over one mile from Laguna Canyon and approximately five miles from the Pacific Ocean. It is bordered by the cities of Aliso Viejo, Laguna Beach, and Laguna Hills, as well as the Laguna

Coast Wilderness Park and other protected open space areas.

[Regional Location]

LOCAL GOVERNMENT

The City of Laguna Woods is a general law city with a council-manager form of government, meaning that it operates within the parameters of California municipal law with an elected City Council as its legislative body. The City Council appoints a City Manager who serves as the City's chief executive officer and a City Attorney who serves as the City's primary legal counsel.

The five members of the City Council are residents of Laguna Woods who are elected by registered voters to four-year terms. Elections occur "at-large" (citywide) in even-numbered years with two and then three members of the City Council elected at subsequent elections. All five offices are nonpartisan.

The City Council appoints a Mayor and Mayor Pro Tem from amongst its membership to preside over City Council meetings, execute certain legal instruments and authorizations, and attend to various representative and ceremonial matters. The Mayor Pro Tem serves as the Mayor in their absence.

[Elected Officials (City Council)]

Cynthia Conners – current term ends in 2028
Shari L. Horne – current term ends in 2028

Pearl Lee – current term ends in 2028
Annie McCary – current term ends in 2026
Carol Moore – current term ends in 2026

[Officials Appointed by the City Council]

City Manager..... Christopher Macon
City Attorney..... Alisha Patterson
Assistant City Attorney..... Shawna McKee

The City has 18.25 full-time equivalent employees who are responsible for delivering a full range of municipal services. The City operates as a “contract city,” meaning that its small staff leverages the resources of a variety of contract, franchise, and joint powers agencies to provide efficient, effective, and economical services. If the City were a “full service city,” those services would be provided by City employees, often at higher costs and with considerably greater liability. While contract service providers may charge the City for current year liabilities, the City's contract service arrangements do not result in the assumption of any other agency's long-term retirement or other post-employment benefit liabilities.

[Key Operating Contract Service Providers]

Street, Right-of-Way, and Infrastructure Maintenance Services.....
PV Maintenance

Traffic Signal & Lighting Maintenance Services.....
Bear Electrical Solutions

Fire/emergency medical services are provided by the Orange County Fire Authority ("OCFA"). Unlike the Orange County Sheriff's Department, which provides law enforcement services pursuant to a contract between the City and the County of Orange, OCFA's services are provided pursuant to a joint powers agreement and structural fire fund. As a "structural fire fund city," a fire tax is included in Laguna Woods' one-percent basic property tax levy. The fire tax was established prior to both the enactment of Proposition 13 in 1978 and the incorporation of the City in 1999. The County of Orange collects the fire tax, accumulates the proceeds in a structural fire fund, and makes payments to OCFA for Laguna Woods' fire services. Because the City is not involved in the levy, collection, or disbursement of the fire tax, revenue and expenses for fire services are not included in this budget and work plan.

Insurance and risk management services are provided by the California Joint Powers Insurance Authority ("CJPIA"). CJPIA's services are provided pursuant to a joint powers agreement.

Solid waste handling services (including trash collection and recycling) are provided by CR&R Incorporated pursuant to a franchise agreement.

CITY FACILITIES AND PARKS

Most of the land within Laguna Woods is privately owned, including all local streets with the exception of El Toro Road, Moulton Parkway, Ridge Route Drive, and Santa Maria Avenue. The City is responsible for operating and maintaining the portions of those four streets that are located within Laguna Woods, as well as three public parks ("A Place for Paws" Dog Park, City Centre Park, and Woods End Wilderness Preserve); a multi-modal trail network for pedestrians, golf carts, and bicyclists; and, medians, parkways, and other public property. City Hall and the Public Library Building are the only buildings that are owned, operated, and maintained by the City.

*[Public Buildings]*City Hall

24264 El Toro Road, Laguna Woods, CA 92637

City Hall was first occupied by the City in 2001 and acquired in 2011. The building was constructed in 1979/1980 for use as a bank and includes 8,374 square feet over two stories.

Public Library Building

24266 El Toro Road, Laguna Woods, CA 92637

The Public Library Building opened on January 27, 2024. The 1,734 square foot building (1,161 square feet of interior space and an adjoining 573 square foot outdoor activity room) is leased to the County of Orange for use as the Laguna Woods branch of OC Public Libraries.

[Public Parks]"A Place for Paws" Dog Park

23199 Ridge Route Drive, Laguna Woods, CA 92637

"A Place for Paws" Dog Park opened in its current location on July 27, 2019. The park provides a comfortable outdoor space for off-leash dog exercise and socialization. Park amenities include

approximately 6,400 square feet of dog-friendly artificial turf, a dog water station, and seating. The park property is owned by the Golden Rain Foundation of Laguna Woods ("GRF"). The City and GRF entered into a memorandum of understanding in 2017 that provides for the City's use of the property through June 30, 2027, or as may be extended by mutual agreement.

City Centre Park

24121 Moulton Parkway, Laguna Woods, CA 92637

City Centre Park includes 0.54 acres of passive recreation space located just west of Moulton Parkway near the Ayres Hotel. The park property had been intended for use in connection with the development of a grocery store at the location where the Ayres Hotel is today. The previous owner deeded the property to the City in 2002 and the park opened in 2011. Park amenities include a walking trail, picnic tables, and a small gathering area.

Woods End Wilderness Preserve

24995 El Toro Road, Laguna Woods, CA 92637

Woods End Wilderness Preserve includes 10.6 acres of natural open space located near the intersection of El Toro Road and Aliso Creek Road. The park property was purchased by the City in 2002 for the purpose of adding it to the adjacent Laguna Coast Wilderness Park, providing non-vehicular access from El Toro Road into the Laguna Coast Wilderness Park, and for natural resource protection and restoration. Since 2011, the park has been leased to the County of Orange for operation as part of the Laguna Coast Wilderness Park. The trail that begins at the entrance to the park provides close access to the nearby James Dilley Greenbelt Preserve and Barbara's Lake.

LOCAL LAND USES

Residential Communities

The vast majority of land within Laguna Woods is occupied by residential uses, including five private residential communities that offer an assortment of apartment, assisted living, condominium, and cooperative housing.

The 2020 U.S. Census estimated that 72.5% of dwelling units in Laguna Woods

were owner-occupied and 27.5% were renter-occupied.

TOTAL		13,386

* 6,102 units in Third Laguna Hills Mutual, 6,323 units in United Laguna Woods Mutual, and 311 units in Laguna Woods Mutual No. 50.

As the result of a density bonus agreement entered into in 2009 between the City and the developer of San Sebastian, San Sebastian includes 17 units that are deed-restricted for affordable housing for low-income, senior households through October 16, 2054 (45 years).

Places of Worship

Laguna Woods is home to five dedicated places of worship serving Catholic, Jewish, Lutheran, Methodist, and Presbyterian faiths. Other faith-based groups and religious communities meet in locations throughout Laguna Woods.

Shopping Centers, Hotels, and Commercial Properties

At just over three square miles, most of the land within Laguna Woods is zoned for residential, open space, and other non-commercial purposes. Less than one-fifth of a square mile is zoned for commercial purposes.

Laguna Woods is home to the following five shopping centers:

- Town Centre (north of El Toro Road, west of Moulton Parkway)
- Home Depot Center (south of El Toro Road, west of Moulton Parkway)
- PS Business Park (south of Ridge Route Drive, east of Moulton Parkway)
- Valencia Center (south of El Toro Road, west of Paseo de Valencia)

- Willow Tree Center (south of El Toro Road, east of Moulton Parkway)

A 138-room hotel (Ayres Hotel) is located in Town Centre.

POPULATION

The 2020 U.S. Census estimated Laguna Woods' population at 17,644 as of April 1, 2020, an increase of approximately 9% from the 2010 U.S. Census estimate of 16,192 as of April 1, 2010. As compared to the 33 other cities in Orange County, Laguna Woods has a larger population than the cities of La Palma (15,581), Los Alamitos (11,780), and Villa Park (5,843).

The California Department of Finance ("DOF") produces annual population estimates for use by local governments in calculating annual appropriation limits (see Chapter 3.0 (City Budget Practices)) and to aid in the allocation of certain state subventions to cities and counties, including monies accounted for in the City's Fuel Tax Fund and Road Maintenance & Rehabilitation Program Fund. The DOF estimated Laguna Woods' population at 17,183 as of January 1, 2025, a reduction of approximately 0.5% from the January 1, 2024 estimate of 17,262¹. Based on the January 1, 2025 estimate, Laguna Woods is the 315th most populous of 483 cities statewide (168 cities – or, 34.8% of all cities in California – have smaller populations).

OTHER LOCAL DEMOGRAPHICS

The 2020 U.S. Census estimated Laguna Woods' median age at 74.9 years as of April 1, 2020, a decrease of 2.1 years from the 2010 U.S. Census estimate of 77.0 years as of April 1, 2010.

The 2020 U.S. Census estimated that approximately 91% of Laguna Woods residents were 60 years or over, an increase of 2.5% from the 2010 Census estimate of 88.5%. The largest growing segment of residents was aged 70 to 79 years, increasing by 9.6%, from 26.6% in 2010 to 36.2% in 2020.

BUDGET & WORK PLAN

Fiscal Years 2025-27

This page is intentionally blank.

2.0. CITY ORGANIZATION

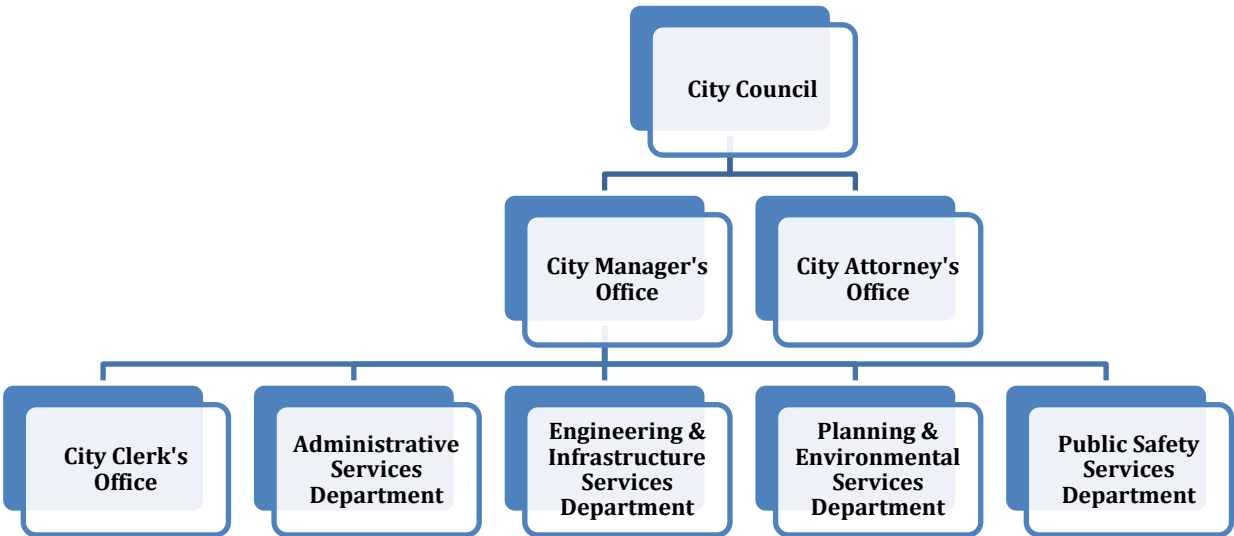

This chapter provides a brief overview of the City of Laguna Woods' internal structure in order to establish a context for understanding how this budget and work plan will be implemented.

DEPARTMENTAL STRUCTURE

The City is organized into the following eight departments:

- City Council
- City Manager's Office
- City Attorney's Office
- City Clerk's Office
- Administrative Services Department
- Engineering & Infrastructure Services Department
- Planning & Environmental Services Department
- Public Safety Services Department

[Organizational Chart – Departments]

As a contract city, many departmental functions are coordinated by City personnel and performed under contract with independent, franchise, and

joint powers agencies. This chapter reviews the organizational structures and allocations of City personnel and the City Attorney's Office.

CITY COUNCIL

Cynthia Conners – current term ends in 2028

Shari L. Horne – current term ends in 2028

Pearl Lee – current term ends in 2028

Annie McCary – current term ends in 2026

Carol Moore – current term ends in 2026

The City of Laguna Woods is a general law city with a council-manager form of government, meaning that it operates within the parameters of California municipal law with an elected City Council as its legislative body. The City Council appoints a City Manager who serves as the City's chief executive officer and a City Attorney who serves as the City's primary legal counsel.

The five members of the City Council are residents of Laguna Woods who are elected by registered voters to four-year terms. Elections occur "at-large" (citywide) in even-numbered years with two and then three members of the City Council elected at subsequent elections. All five offices are nonpartisan.

The City Council appoints a Mayor and Mayor Pro Tem from amongst its membership to preside over City Council meetings, execute certain legal instruments and authorizations, and attend to various representative and ceremonial matters. The Mayor Pro Tem serves as the Mayor in their absence.

Since April 19, 2023, the City Council has served as the Board of Directors of the Laguna Woods Civic Support Fund, a City-established nonprofit public benefit corporation that can support City and local public library activities.

CITY ATTORNEY'S OFFICE

Alisha Patterson, City Attorney

Shawna McKee, Assistant City Attorney

(under contract with Rutan & Tucker, LLP)

The City Attorney is appointed by the City Council to serve as the City's primary legal counsel. The City Attorney takes direction from the City Council and works closely with the City Manager.

In addition to providing legal representation for the City, the City Attorney's Office advises the City Council and City personnel on official business and is responsible for preparing, reviewing, and approving the form of ordinances, agreements, and other instruments.

The City Attorney's Office is a contract function. Associated expenditures are included in the Legal Services line item of the General Government section of this budget; however, legal services provided for special projects, and other related expenditures, may be charged to those projects.

AUTHORIZED CITY EMPLOYEE POSITIONS

This budget and work plan includes an authorized personnel allocation of 18.25 full-time equivalent ("FTE") employee positions, which is an increase of 8.00 FTE employee positions as compared to the fiscal year immediately preceding this budget and work plan (Fiscal Year 2024-25). The increase is attributable to the "in-sourcing" of building and code enforcement functions that were formerly performed by consultants (one Building Official, three Building Inspectors, two Permit Technicians, and one Code Enforcement Officer) and the addition of a new Planning & Environmental Services Director position to manage and provide oversight for those and other functions.

Over the 12 years spanning fiscal years 2015-16 through 2026-27, the average number of authorized employee positions is projected to be 10.84 FTE.

- (C) A Customer Service Representative position (0.45 FTE) was authorized, but never filled, in Fiscal Year 2016-17, when the City Clerk's Office was allocated to the Administrative Services Department. The position was intended to support the functions of what is today the City's Clerk Office.
- (D) Four Receptionist positions were authorized up to a total, full-time equivalency of 1.25.

Personnel allocated to the City Clerk's Office, and notary public stipends paid to personnel from other departments who assist with providing notary public and acknowledgement services, are included in the General Government section of this budget.

ADMINISTRATIVE SERVICES DEPARTMENT

Liz Torres, Administrative Services Director/City Treasurer

The Administrative Services Department is responsible for finance, accounting, purchasing, payroll, human resources, and information technology functions, as well as insurance and workers' compensation programs.

The City Treasurer's Office is part of the Administrative Services Department with investment-related responsibilities set forth in state law, the Laguna Woods Municipal Code, and City Council policy.

The City Treasurer serves as the Chief Financial Officer of the Laguna Woods Civic Support Fund.

ENGINEERING & INFRASTRUCTURE SERVICES DEPARTMENT

Christopher Macon, City Manager

The Engineering & Infrastructure Services Department is responsible for the operation, maintenance, construction, and improvement of public property. In addition to City Hall, the Public Library Building, and the three public parks, the Engineering & Infrastructure Services Department's purview includes public streets, sidewalks, traffic signals, streetlights, transit shelters, drainage systems, and landscaping.

(A) A Management Analyst/Senior Management Analyst position was authorized beginning on January 20, 2016 (0.44 FTE).

Due to the elimination of the full-time Assistant City Manager position in Fiscal Year 2016-17, the City Manager provides director-level management for the Engineering & Infrastructure Services Department. The City Manager is included in the General Government section of this budget.

Personnel allocated to the Engineering & Infrastructure Services Department are included in the Engineering & Infrastructure Services Department section of this budget.

PLANNING & ENVIRONMENTAL SERVICES DEPARTMENT

Planning & Environmental Services Director

The Planning & Environmental Services Department is responsible for functions related to private construction and the built environment, including planning,

building, economic development, and code enforcement, as well as resource conservation, water quality (stormwater), and waste and recycling.

Personnel allocated to the Planning & Environmental Services Department are included in the Planning & Environmental Services Department section of this budget.

PUBLIC SAFETY SERVICES DEPARTMENT

Christopher Macon, City Manager

The Public Safety Services Department includes law enforcement and animal

control and shelter services, for which the City contracts with the Orange County Sheriff's Department and City of Laguna Beach, respectively. Other public safety agreements and emergency management functions are also included in the Public Safety Services Department, as are liaison activities with the Orange County Fire Authority (a joint powers authority of which the City is a member) and County of Orange-contracted 9-1-1 emergency ambulance services.

The City Manager's Office is principally responsible for coordinating public safety services. Personnel allocated to the City Manager's Office are included in the General Government section of this budget.

FUTURE OUTLOOK FOR CITY EMPLOYEE POSITIONS

Building Services

As has occurred with the Accountant/Senior Accountant, Deputy City Clerk/City Clerk, and Management Analyst/Senior Management Analyst positions, the City anticipates transitioning the Building Inspector and Permit Technician positions to dual-class positions (e.g., Building Inspector/Building Inspector II and Permit Technician/Senior Permit Technician). Dual-class positions provide opportunities for employee development and career advancement.

Code Enforcement Services

As has occurred with the Accountant/Senior Accountant, Deputy City Clerk/City Clerk, and Management Analyst/Senior Management Analyst positions, the City anticipates transitioning the Code Enforcement Officer position to a dual-class position (e.g., Code Enforcement Officer/Senior Code Enforcement Officer). Dual-class positions provide opportunities for employee development and career advancement.

Human Resources

With the "in-sourcing" of building and code enforcement functions resulting in an increase of 8.00 FTE employee positions beginning in Fiscal Year 2025-26, the City anticipates increasing need for a Human Resources Analyst position to assist with employee payroll, benefits, and training functions.

BUDGET & WORK PLAN

Fiscal Years 2025-27

This page is intentionally blank.

3.0. CITY BUDGET PRACTICES

This chapter reviews financial and accounting practices used in the development of this budget and work plan.

INTRODUCTION

In addition to outlining a scope of work for the City to undertake during the fiscal years spanning July 1, 2025 through June 30, 2027, this budget and work plan serves as a financial plan for the City's operations. To that end, chapters 3.0, 4.0, 5.0, and 6.0 translate the scope of work that is described in chapters 7.0 and 8.0 into revenue estimates and expenditure appropriations.

TWO-YEAR BUDGETING AND WORK PLANNING

Beginning with the adoption of the Fiscal Years 2017-19 Budget & Work Plan, the City transitioned from single year to two-year budgets and work plans. That transition was undertaken with the goals of providing longer-term financial forecasts, greater certainty regarding the sustainability of the City's operations, and heightened strategic vision.

BUDGET AND WORK PLAN DEVELOPMENT PROCESS

The City Council adopts a budget and work plan for the upcoming two fiscal years, no later than June 30 of odd-numbered years. Fiscal years begin every July 1 and end 12 months later on the following June 30.

The process of developing the City's budget and work plan is continuous and iterative in nature with City personnel working throughout each fiscal year, and particularly between the months of January and June, to prepare revenue estimates, expenditure projections, and draft documents that are responsive to the City Council's direction. Budget and work plan development is jointly managed by the City Manager's Office (City Manager) and the Administrative Services Department (Administrative Services Director/City Treasurer).

In the first year of each two-year budget and work plan, development focuses on updating revenue estimates and expenditure projections, as well as refining the budget figures adopted for the second year of the same two-year budget and work plan. In June, the City Council adopts a Gann Limit for the second

year of the same two-year budget and work plan, as well as updates of the budgetary reserve levels and 11-year capital improvement program. The City Council may also be asked to modify adopted budgets and work plans to reflect changes in the economy, priorities, and/or needs.

In the second year of each two-year budget and work plan, development is focused on updating revenue estimates and expenditure projections for that fiscal year, as well as preparing a draft budget and work plan for the next two-year budget and work plan cycle.

The Fiscal Years 2025-27 Budget & Work Plan development process included a total of six open and publicly noticed City Council meetings, each with an opportunity for public input. Several chapters of the draft budget and work plan were released for review and comment in advance of the publication of the complete draft document. Meetings and releases occurred as follows:

Friday, March 14, 2025 – public release of draft chapters 1.0 (City Background), 2.0 (City Organization), and 3.0 (City Budget Practices)

- Meeting on Wednesday, March 19, 2025 – kick-off, discussion and development; councilmembers expressed consensus support for the proposed staffing plan described in the draft of Chapter 2.0

Friday, April 11, 2025 – public release of draft Chapter 8.0 (City Capital Projects)

- Meeting on Wednesday, April 16, 2025 – discussion and development, including a presentation on law enforcement contract costs

Friday, May 16, 2025 – public release of draft Chapter 7.0 (City Work Plan)

- Meeting on Wednesday, May 21, 2025 – discussion and development

Friday, May 23, 2025 – public release of draft Chapter 5.0 (City Budget Detail, General and Capital Funds)

- Meeting on Wednesday, May 28, 2025 – discussion and development

Friday, June 13, 2025 – public release of draft chapters 4.0 (City Budget Detail, All Funds Summaries) and 6.0 (City Budget Detail, Special Revenue Funds), as well as revised drafts of chapters 1.0-3.0, 5.0, and 7.0-8.0

- Meeting on Wednesday, June 18, 2025 – discussion and development

Friday, June 20, 2025 – public release of final draft budget and work plan

- Meeting on Wednesday, June 25, 2025 – discussion and adoption

CONTINUAL BUDGET AND WORK PLAN IMPROVEMENT PROCESS

The City is committed to continually improving the transparency and manner in which information is presented in its budgets and work plans. Best practices and other guidance from the California Society of Municipal Finance Officers ("CSMFO") and the Government Finance Officers Association ("GFOA") is used as a foundation for both near- and long-term improvement efforts.

In addition to internal utility, public comments, and City Council feedback, the effectiveness of budget and work plan improvements can be assessed by evaluations conducted by CSMFO and GFOA. While the results of evaluations are expressed in the form of "awards," evaluations are important, not as accolades, but as benchmarks of progress made in improving budgets and work plans through the incorporation of generally accepted best practices.

The Fiscal Years 2023-25 operating budget was submitted to CSMFO for evaluation. Following two independent, third-party reviews, the City earned CSMFO's Operating Budget Meritorious Award.

[CSMFO Operating Budget Meritorious Award for Fiscal Years 2023-25]

BUDGET POLICIES

City of Laguna Woods Administrative Policy 2.9 (see Appendix A) provides a framework for the development of the City's budget, with an emphasis on balance, transparency, fiscal responsibility, and long-term planning. The policy establishes numerous prudent and responsible standards related to budget development and implementation, including regular public reporting in the interest of financial transparency and accountability.

After the City Council adopts the budget, authorized appropriations become effective on July 1 of the applicable fiscal year and establish legal spending limits for City programs, projects, and services. The City Council may amend the adopted budget at a public meeting at any time during the fiscal year.

The City Council adopts budgets at the fund level with the City Manager having the authority to make adjustments within and between departments in the same fund, provided that there are no increases in fund budgets. While the City Manager is authorized to decrease fund-level budget appropriations as a method of fiscal control, City Council action is required to increase fund-level budget appropriations, regardless of the amount.

STATUS OF BUDGETARY RESERVES

Recognizing that reserves are a key component of fiscal responsibility and financial resilience, Administrative Policy 2.9 provides guidance for the City to ensure the adequacy of its available financial resources to address periodic, unanticipated, and emergency needs. In addition to local fiscal needs, the establishment and maintenance of reserves also includes the consideration of best practices established by various authoritative agencies.

The overall target for assigned reserves is established in an amount equal to 50% of the adopted General Fund revenue budget at the beginning of each fiscal year (July 1), less any one-time revenues and non-operating revenues. The overall target amount is used to fund three assigned reserves:

- Paid Leave Contingency Reserve – The Paid Leave Contingency Reserve compensates for payments required to comply with the City's paid leave policies and obligations, when such amounts exceed adopted budgets.
- Self-Insurance Contingency Reserve – The Self-Insurance Contingency Reserve compensates for legal judgements and liability and workers' compensation claim settlements not covered by insurance policies.

- General Contingency Reserve – The General Contingency Reserve compensates for economic uncertainty, operating contingencies, and emergencies caused by calamitous events.

* If the adopted General Fund revenue budget changes prior to the beginning of Fiscal Year 2026-27, the overall target and funding levels for assigned reserves will be modified in accordance with Administrative Policy 2.9.

In addition to assigned reserves, unassigned General Fund balance (General Fund monies that are spendable and not classified as restricted, committed, or assigned for specific purposes) is available for any governmental purpose and can be appropriated by the City Council at a public meeting. Use of

¹ The Paid Leave Contingency Reserve has an annual target equal to projected accrued paid leave balances at the end of each fiscal year (June 30). The funding level shown in this budget and work plan is an estimate that will be finalized after fiscal-year-end calculations are available.

unassigned General Fund balance is generally limited to one-time projects, capital improvement projects, the payment of long-term liabilities for periods beyond the current fiscal year, and emergency expenditures.

BASIS OF BUDGETING AND ACCOUNTING

This budget and the underlying accounting are prepared in accordance with Generally Accepted Accounting Principles ("GAAP") on a "modified accrual" basis. Section 7440 of Chapter 7400 of the California State Administrative Manual (October 2024) defines "modified accrual" as:

"This basis of accounting recognizes revenues if the underlying transaction occurred as of the last day of the fiscal year and the amount is measurable and available to finance expenditures of the current period (i.e., the actual collection will occur either during the current period or soon enough after the end of the current period, to pay current period's obligations). Expenditures are recognized when the obligations are created, except for amounts payable from future fiscal year appropriations."

The City's accounting system is organized by fund. Each fund is a separate accounting entity with a self-balanced set of accounts that record assets, liabilities, fund equity, revenues, and expenditures. Funds are segregated for the purpose of carrying out specific activities or attaining certain objectives in accordance with special regulations, restrictions, or limitations.

FUND TYPES

Government agencies classify funds as either governmental (accounting for typical government operations), proprietary (accounting for activities that are financed and operated in a manner similar to private enterprises, where the cost of providing services is recovered from user charges), or fiduciary (used when acting as a trustee or agent for resources belonging to other parties).

The City maintains the following governmental fund types:

- General Fund – The General Fund is the City's primary operating fund and is used to account for the proceeds of revenue sources that are not legally restricted or committed to expenditures for specified purposes.
- Special Revenue Funds – Special Revenue Funds are used to account for the proceeds of revenue sources that are legally restricted or committed

to expenditures for specified purposes [e.g., allocations from statewide fuel taxes and Orange County's Measure M2 (OC Go), as well as grant awards from external sources and restricted donations]. The City also accounts for the Laguna Woods Civic Support Fund, a nonprofit public benefit corporation, as a Special Revenue Fund for financial reporting purposes, because it meets the criteria of a "component unit"² as that term is defined by the Governmental Accounting Standards Board.

- Capital Projects Fund – The Capital Projects Fund is used to account for transfers from the unassigned General Fund balance that are reserved for major capital improvement purposes. The Capital Projects Fund is a separate fund for budgetary purposes, but is combined with the General Fund for reporting in the Annual Comprehensive Financial Report.

The City has no proprietary or fiduciary funds, although the City does maintain two Internal Revenue Code Section 115 trust funds to prefund (1) employer contributions to California Public Employees' Retirement System ("CalPERS") pension plans and (2) other post-employment benefits liability incurred as a result of state-mandated retiree medical obligations. Both Internal Revenue Code Section 115 trust funds are administered by CalPERS.

ANNUAL APPROPRIATIONS LIMIT ("GANN LIMIT")

Proposition 4 ("Limitation of Government Appropriations"), commonly referred to as the "Gann Initiative," was approved by California voters on November 6, 1979. The Gann Initiative added Article XIII B to the California State Constitution, establishing a limit on the amount of tax proceeds that state and local governments can appropriate on an annual basis ("Gann Limit"). Gann Limits vary amongst agencies and are either based on the amount of tax revenue that was authorized to be spent in Fiscal Year 1978-79 or, in the case of the City of Laguna Woods and other local governments that incorporated after Fiscal Year 1978-79, on an amount established by voters. Gann Limits are modified, annually, according to a methodology established by Proposition 111 ("Traffic Congestion Relief and Spending Limitation Act Of 1990").

In the event that the City's receipt of tax proceeds exceeded a Gann Limit, Article XIII B of the California State Constitution would allow the City to "carry those excess funds into the subsequent year." At the conclusion of the

² Government Accounting Standards Board Statement No. 61 (November 2010), Paragraph 20, defines a "component unit" as a legally separate organization for which the City Council is financially accountable or other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading.

subsequent year, the City would be required to either return remaining excess funds to taxpayers or gain voter approval to “override” the Gann Limit.

The City’s Gann Limit is adopted by the City Council by resolution each year (see Resolution No. 25-XX included with this budget as Appendix D). The Gann Limit for Fiscal Year 2025-26 is \$14,575,985 and was calculated as follows:

[Gann Limit Calculation – Fiscal Year 2025-26]

Fiscal Year 2024-25 Gann Limit	\$13,670,969
Population Change (County of Orange) ³	x 1.0017
Cost of Living Change (Per Capita Personal Income) ³	x 1.0644
Fiscal Year 2025-26 Gann Limit	\$14,575,985
Fiscal Year 2025-26 Appropriations Subject to the Gann Limit	<u>\$5,856,131</u>
Fiscal Year 2025-26 Gann Limit over Appropriations	<u>\$8,719,854</u>

The Gann Limit for Fiscal Year 2026-27 is expected to be adopted by the City Council in June 2026, once the necessary information on population and cost of living changes for Fiscal Year 2025-26 becomes available.

As in prior fiscal years, the City does not anticipate receiving or appropriating tax proceeds in excess of the Gann Limit during fiscal years 2025-26 or 2026-27. As such, the Gann Limit is not expected to impact the City’s operations.

DEBT SERVICE OBLIGATIONS

The California Department of Finance’s *Finance Glossary of Accounting and Budgeting Terms (2025)*, defines “debt service” as:

“The amount of money required to pay interest on outstanding bonds and the principal of maturing bonds.”

The City has never issued bonds. Accordingly, this budget and work plan does not include any debt service obligations.

5.0. CITY BUDGET DETAIL, GENERAL AND CAPITAL FUNDS

This chapter presents fund-level revenue and expenditure detail for the programs, projects, and services included in this budget.

“AT-A-GLANCE” GENERAL FUND SUMMARY

[General Fund Revenue over/(under) Operating Expenditures Estimate]

	Fiscal Year 2025-26	Fiscal Year 2026-27
Total General Fund Revenue Estimate	\$9,303,200	\$9,525,200
Non-Operating Revenue Estimate	\$0	\$0
Operating Expenditures	(\$8,394,328)	(\$8,941,466)
Total General Fund Operating Revenue over/(under) Operating Expenditures	\$908,872	\$583,734

[Total General Fund Non-Operating Expenditures and Transfers]

	Fiscal Year 2025-26	Fiscal Year 2026-27
Non-Operating Expenditures	\$560,000	\$320,000
Transfers to Capital Projects Fund	\$1,860,000	\$350,000
Total	\$2,420,000	\$670,000

[Total General Fund Expenditures and Transfers]

	Fiscal Year 2025-26	Fiscal Year 2026-27
Total General Fund Operating Expenditures	\$8,394,328	\$8,941,466
Total General Fund Non-Operating Expenditures and Transfers	\$2,420,000	\$670,000
Total	\$10,814,328	\$9,611,466

The General Fund operating budget for Fiscal Year 2025-26 is balanced and totals \$8,394,328. At year-end, it is projected that the unassigned General Fund balance will total \$6,095,968, or 72.6% of the Fiscal Year 2025-26 operating budget. That unassigned fund balance would be in addition to assigned reserves totaling \$4,905,723. An additional \$2,420,000 is budgeted for non-operating expenditures and transfers to the Capital Projects Fund.

The General Fund operating budget for Fiscal Year 2026-27 is balanced and totals \$8,941,466. At year-end, it is projected that the unassigned General Fund balance will total \$5,492,650, or 61.4% of the Fiscal Year 2026-27 operating budget. That unassigned fund balance would be in addition to assigned reserves totaling \$5,016,723. An additional \$670,000 is budgeted for non-operating expenditures and transfers to the Capital Projects Fund.

[Allocation of General Fund Operating Revenue – Fiscal Years 2025-27]

Operating expenditures are budgeted at 9.8% and 6.1% less than estimated operating revenue in fiscal years 2025-26 and 2026-27, respectively. That delta provides a “buffer” for economic changes and may offset non-operating expenditures and transfers to the Capital Projects Fund.

GENERAL FUND SUMMARY – REVENUE

General Fund revenue for Fiscal Year 2025-26 is estimated to be \$9,303,200, or 3.4% more than year-end projections for Fiscal Year 2024-25. In Fiscal Year 2026-27, General Fund revenue is estimated to be \$9,525,200, which reflects growth of \$222,000, or 2.4%, over the Fiscal Year 2025-26 estimate.

Property Tax Revenue

Property tax is a tax on certain types of real and personal property. Property tax rates are established by state law, including Proposition 13 (1978), which limits the maximum property tax rate to 1% of assessed value and the maximum annual increase to an inflationary index not to exceed 2%. The County of Orange collects property tax from property owners and distributes a portion of the proceeds to the City.

For every dollar of property tax paid, the City generally receives less than one cent (\$0.00879)¹. Over 73% of every property tax dollar funds education

[Representative Property Tax Allocation – Tax Rate Area 32010]

The Orange County Assessor's *Local Assessment Roll of Values for Fiscal Year 2024-25* includes an inflationary index of 2.0%, equal to the Fiscal Year 2023-24 increase of 2.0%. The total value of Laguna Woods' local assessment roll increased by \$207,157,707, or 5.19%, to \$4,200,979,082 in Fiscal Year 2024-25, below the Fiscal Year 2023-24 increase of 8.29%.

[Surrounding Cities Local Assessment Rolls – Fiscal Year 2024-25]

City	Total Local Assessment Roll Value	Percent Change of Local Assessment Roll Value from Fiscal Year 2023-24
Laguna Woods	\$4,200,979,082	5.19%
Aliso Viejo	\$12,868,219,499	4.70%

Irvine	\$113,130,210,621	5.33%
Laguna Beach	\$21,136,020,584	4.95%
Laguna Hills	\$9,182,889,200	4.34%

In Fiscal Year 2024-25, Laguna Woods had the fourth lowest local assessment roll value in Orange County, ranking above the cities of (from highest to lowest) Los Alamitos, La Palma, and Villa Park.

In Fiscal Year 2024-25, Laguna Woods' percent change of local assessment roll value (5.19%) was lower than both the percent change for all 34 Orange County cities (5.31%) and the percent change for all 34 Orange County cities plus unincorporated areas in Orange County (5.41%).

[Property Tax Revenue – Fiscal Years 2011-12 through 2026-27]

\$3,705,800	3.9%	\$3,862,400	4.2%

Summary of Significant Trends and Observations

- As required by City Administrative Policy 2.9, property tax revenue was projected and estimated after considering economic forecasts and data from multiple sources, including independent analysis by HdL Coren & Cone.

- Property tax revenue is the City's largest single source of revenue and now accounts for approximately 40% of all General Fund revenue. With the exception of a minor decrease in Fiscal Year 2021-22 (\$9,795 from Fiscal Year 2020-21), property tax revenue has grown steadily each year since Fiscal Year 2013-14. For fiscal years 2025-26 and 2026-27, that trend is expected to continue.
- Increases in estimated property tax revenue are due, primarily, to two factors: growth in home sale prices and anticipated increases in the consumer price index used to calculate assessed property valuations. Other factors, to a lesser degree, include the value of new construction and recapture of assessed property valuations that were temporarily reduced pursuant to Proposition 8's (1978) tax relief program.
- Actual changes in property ownership account for just over half of the overall increase in estimated property tax revenue for both fiscal years 2025-26 and 2026-27. The actual increase due to changes in property ownership for Fiscal Year 2025-26 is 2.1% and is estimated at the same for Fiscal Year 2026-27. Those estimates are based on the historical average rate of property turnover and resulting property value increases.
- For Fiscal Year 2025-26, just under half of the overall increase in estimated property tax revenue is due to the actual increases in the consumer price index used to increase assessed property valuations. The maximum annual adjustment is 2.0% under Proposition 13 (1978) and the actual increase for Fiscal Year 2025-26 is 2.0%. The estimated increase for Fiscal Year 2026-27 is also 2.0%.
- Were it to occur, the potential future housing construction envisioned by the State of California's Regional Housing Needs Assessment ("RHNA") process would result in an expanded property tax base and increased property tax revenue. The City's 6th Cycle Housing Element provides for the construction of 1,196 new housing units which, if constructed, would represent an 8.9% increase in the local housing stock. New housing units would be assessed at current market values.

Property Transfer Tax Revenue

Property transfer tax is a tax on the recordation of documents transferring ownership of land or real property. Property transfer tax is established by cities and counties and is collected by the County of Orange at a rate of \$1.10 per \$1,000 of the assessed value of the real estate being transferred. The City and the County of Orange each receive 50% of property transfer tax proceeds.

[Property Transfer Tax Revenue – Fiscal Years 2011-12 through 2026-27]

Budget Estimate (Fiscal Year 2025-26)	Percent Change from Projected Year-End Receipts (Fiscal Year 2024-25)	Budget Estimate (Fiscal Year 2026-27)	Percent Change from Projected Year-End Receipts (Fiscal Year 2025-26)
\$130,000	0.0%	\$133,100	2.4%

Summary of Significant Trends and Observations

- Property transfer tax revenue is difficult to estimate, as it is only collected during the transfer of land and real property, neither of which the City typically has advance notice. Property transfer tax revenue has leveled off in the past two fiscal years. For Fiscal Year 2025-26, property transfer tax revenue is estimated at the same level as Fiscal Year 2024-25. For Fiscal Year 2026-27, the prior year’s estimate is increased by a Consumer Price Index, All Urban Consumers (CPI-U) projection based on information obtained from the Congressional Budget Office².
- Revenue in Fiscal Year 2016-17 was higher than typical as a result of ownership transfers of two assisted living facilities.

Sales Tax Revenue

Sales tax is a tax on the total retail price of certain types of tangible personal property, as well as on the use or storage of certain other types of property.

² Congressional Budget Office, The Budget and Economic Outlook: 2025 to 2035, January 2025.

Sales tax rates are established by a combination of state law and voter-approved ballot measures. The California Department of Tax and Fee Administration collects sales tax from retailers and businesses and distributes a portion of the proceeds to the City.

Of the 7.75% local sales tax rate, the City directly receives only 1% of tax proceeds. The City also receives a portion of the half-cent sales tax collected by the Orange County Transportation Authority pursuant to voter-approved Measure M2 (OC Go) (2006), which is separately accounted for in the Special Revenue Funds section of this budget. The majority of sales tax proceeds are distributed to the State of California and the County of Orange.

Aliso Viejo	7.75%	\$192
Irvine	7.75%	\$309
Laguna Beach	7.75%	\$301
Laguna Hills	7.75%	\$204

In 2024, Laguna Woods ranked 488 of 540 cities statewide, and 33 of 34 cities in Orange County, for per capita sales tax revenue. Within Orange County, only the City of Villa Park had less per capita sales tax revenue (\$52).

\$1,239,000	2.0%	\$1,285,800	3.8%

Summary of Significant Trends and Observations

- As required by City Administrative Policy 2.9, sales tax revenue was projected and estimated after considering economic forecasts and data from multiple sources, including independent analysis by Hinderliter de Llamas and Associates (“HdL”). HdL’s analysis identified economic uncertainty, inflation, the timing and frequency of Federal Reserve interest rate reductions, higher consumer debt, and lower household discretionary spending as broad economic factors contributing to sales tax performance in fiscal years 2025-26 and 2026-27. For more information, please refer to HdL’s California Consensus Forecast based on fourth quarter 2024 data (www.hdlcompanies.com/resources/webinar/california-consensus-forecast-4q-2024-data).
- The City’s sales tax base continues to be limited in size and lacking in diversity with the top 25 sales tax producing businesses accounting for approximately 96% of total sales tax revenue, and the top five sales tax producing businesses accounting for 63% of total sales tax revenue, in the 2024 calendar year. This dependance on a small number of sales tax producers means that the City is particularly vulnerable to changes in local economic conditions.

⁷ Top 100 Sales Tax Producers 4Q of 2024, Hinderliter, de Llamas & Associates. Based on information from the California Department of Tax and Fee Administration. Adjusted for economic data.

- Sales tax revenue estimates for fiscal years 2025-26 and 2026-27 take into account the bankruptcy-related closure of Rite Aid (expected in the second quarter of 2025), the temporary closure of Mobil to expand the existing convenience store and make other improvements (expected in the third and fourth quarters of 2025), the future opening of a new Shell on the former Moulton Parkway Auto Spa property (expected in the fourth quarter of 2025), and growth in cannabis-related sales tax revenue (the City receives both sales tax and cannabis business tax revenue).
- Were it to occur, the potential future housing construction envisioned by the State of California's Regional Housing Needs Assessment ("RHNA") process could result in a reduced sales tax base and decreased sales tax revenue. Three of the 17 potential housing sites contain a total of four of the top 25 sales tax producers. Such a decrease would likely be at least partially offset by increased property tax revenue.

Cannabis Business Tax

On November 8, 2022, Laguna Woods voters approved Measure T ("City of Laguna Woods Cannabis Business Tax Ordinance"), which established a tax on cannabis businesses conducting business from a fixed location in Laguna Woods. Measure T is codified in Laguna Woods Municipal Code Chapter 3.18.

On August 16, 2023, City Council adopted Ordinance No. 23-01, which set the tax rate for cannabis businesses holding a Type 10 (storefront retailer) license from the California Department of Cannabis Control, or successor agency, at the higher of the two following tax rates:

- A minimum tax rate of 10% of gross receipts received or generated for each monthly reporting period; or
- \$35.00 per square foot of floor area (annual tax rate) prorated monthly to 1/12 of the annual tax rate amount.

With the exception of storefront retailers, all other types of cannabis businesses are currently prohibited. The cannabis business tax would apply to other types of cannabis businesses should the City Council decide to permit them in the future including, but not limited to, commercial cultivation, testing laboratories, manufacturing, distribution, non-storefront retail, and events.

[Cannabis Business Tax Revenue – Fiscal Years 2011-12 through 2062-27]

Budget Estimate (Fiscal Year 2025-26)	Percent Change from Projected Year-End Receipts (Fiscal Year 2024-25)	Budget Estimate (Fiscal Year 2026-27)	Percent Change from Projected Year-End Receipts (Fiscal Year 2025-26)
\$1,200,000	10.8%	\$1,200,000	0.0%

Summary of Significant Trends and Observations

- City Ordinance No. 23-01, which established a regulatory framework to issue commercial cannabis permits, took effect on September 15, 2023. The first cannabis storefront retailer opened on May 31, 2024.
- Cannabis business tax revenue has tended to increase month-to-month for the first 11 months collected. Revenue is estimated conservatively for fiscal years 2025-26 and 2026-27 due to a lack of historical data.

Franchise Fees Revenue

Franchise fees are collected by the City from the following entities:

- Clear Channel Outdoor (advertising)
- Cox Communications (cable television)
- CR&R Incorporated (solid waste)
- Golden Rain Foundation of Laguna Woods (cable television)

- Southern California Edison (electric)
- SoCalGas (gas)

[Franchise Fees Revenue – Fiscal Years 2011-12 through 2062-27]

Budget Estimate (Fiscal Year 2025-26)	Percent Change from Projected Year-End Receipts (Fiscal Year 2024-25)	Budget Estimate (Fiscal Year 2026-27)	Percent Change from Projected Year-End Receipts (Fiscal Year 2025-26)
\$883,200	0.8%	\$892,500	1.1%

Summary of Significant Trends and Observations

- Due to consumer rate increases, franchise fees revenue from Southern California Edison and Southern California Gas is expected to increase modestly during fiscal years 2025-26 and 2026-27.
- Cable television franchise fee revenue (Cox Communications and the Golden Rain Foundation of Laguna Woods) is expected to decline. As television viewing increasingly occurs via online streaming platforms, the number of cable television subscribers decreases, resulting in reduced subscriber fees and advertising receipts, which negatively affects cable television franchise fee revenue. Cable television franchise fee revenue is \$366,000, or 41.4%, of the Fiscal Year 2025-26 estimate.
- Solid waste franchise fee revenue (CR&R Incorporated) is expected to increase slower than in fiscal years past due to the completion of a four-year phasing of rate increases that began in Calendar Year 2022 and

ended in Calendar Year 2025. Beginning in Calendar Year 2026, solid waste franchise fee revenue is expected to increase only by consumer price index rate increases capped at 5% per calendar year.

- Bus shelter franchise fee revenue (Clear Channel Outdoor) is fixed at a flat rate of \$40,000 through the end of the existing franchise agreement on December 31, 2027. It is assumed that the franchise agreement will not be renewed or replaced and, as a result, fiscal years 2025-26 and 2026-27 will be the final fiscal years with the current level of annual bus shelter franchise fee revenue.

Transient Occupancy Tax Revenue

Transient occupancy tax is levied at a rate of 10% of the rent charged for most hotel stays and short-term rentals. Transient occupancy tax is collected by the operators of hotels and short-term rentals, and then paid to the City.

[Transient Occupancy Tax Revenue – Fiscal Years 2011-12 through 2026-27]

Budget Estimate (Fiscal Year 2025-26)	Percent Change from Projected Year-End Receipts (Fiscal Year 2024-25)	Budget Estimate (Fiscal Year 2026-27)	Percent Change from Projected Year-End Receipts (Fiscal Year 2025-26)
\$597,900	1.8%	\$609,200	1.9%

Summary of Significant Trends and Observations

- Transient occupancy tax revenue is projected to decrease in Fiscal Year

2024-25 following two fiscal years of stronger performance. Revenue is estimated conservatively for fiscal years 2025-26 and 2026-27 at less than projected consumer price index increases.

- Transient occupancy tax revenue declined dramatically in fiscal years 2019-20 and 2020-21 due, in large part, to the COVID-19 pandemic.
- Transient occupancy tax revenue is expected to increase in connection with higher than normal demand during the 2028 Summer Olympics (July 14-30, 2028). That increase would be realized in Fiscal Year 2028-29.
- The City’s transient occupancy tax base continues to be limited in size and largely dependent on a single transient occupancy tax producer.

Development Processing Fees Revenue

Development processing fees are collected by the City in order to recover the City’s reasonable costs of providing building, planning, encroachment, and grading services.

*[Development Processing Fees Revenue
– Fiscal Years 2011-12 through 2026-27]*

Budget Estimate (Fiscal Year 2025-26)	Percent Change from Projected Year-End Receipts (Fiscal Year 2024-25)	Budget Estimate (Fiscal Year 2026-27)	Percent Change from Projected Year-End Receipts (Fiscal Year 2025-26)
\$887,000	1.3%	\$899,300	1.4%

Summary of Significant Trends and Observations

- Development processing fees revenue will continue to cover the City’s reasonable costs of providing services. Since Fiscal Year 2014-15, the City has conducted an annual evaluation of the rationality and adequacy of its fees to cover the reasonable costs of providing services.

Interest Revenue

Interest revenue is comprised of earnings from financial investments made in accordance with the City’s Investment of Financial Assets Policy.

The Investment of Financial Assets Policy is intended to assist the City with the investment of financial assets in a manner that ensures adequate safety and liquidity, while maximizing yield (return) and complying with the requirements of California Government Code Section 53600 et seq.

[Interest Revenue – Fiscal Years 2011-12 through 2026-27]

\$395,000	-1.3%	\$372,000	-5.8%

Summary of Significant Trends and Observations

- Short-term interest rates declined dramatically in fiscal years 2019-20 and

2020-21 due, in large part, to the COVID-19 pandemic. During that time, interest revenue decreased accordingly.

- Interest rates were increased by the Federal Reserve from March 2020 through September 2024 in an attempt to control inflation, and the City's investable cash balance temporarily increased in fiscal years 2022-23 and 2023-24 due to the receipt of American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds) funds, resulting in significant increases in interest revenue.
- Interest revenue is expected to decline in fiscal years 2025-26 and 2026-27 due to lower interest rates and a smaller investable cash balance following the expenditure of American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds) funds.

Miscellaneous Revenue

Miscellaneous revenue includes revenue collected as a result of agreements not accounted for in other revenue categories, reimbursements, and fines.

[Miscellaneous Revenue – Fiscal Years 2011-12 through 2026-27]

Budget Estimate (Fiscal Year 2025-26)	Percent Change from Projected Year-End Receipts (Fiscal Year 2024-25)	Budget Estimate (Fiscal Year 2026-27)	Percent Change from Projected Year-End Receipts (Fiscal Year 2025-26)
\$265,300	-0.3%	\$270,900	2.1%

Summary of Significant Trends and Observations

- The solid waste handling services franchise agreement that was entered into with CR&R Incorporated effective January 1, 2022 requires the payment of biannual waste and recycling services reimbursements to assist with various City expenses. Those reimbursements are expected to continue to be the largest source of miscellaneous revenue, increasing by consumer price index increases capped at 5% per calendar year. Reimbursements received in Fiscal Year 2024-25 totaled \$186,211.52.
- In Fiscal Year 2018-19, the City received a payment of \$326,471 from the City of Laguna Beach as part of a transfer of the City's California Public Utilities Commission Tariff Rule 20A allocation balance. That payment accounts for the significant increase in miscellaneous revenue in Fiscal Year 2018-19. Smaller payments related to other Rule 20A transfers were received from the City of Newport Beach in fiscal years 2019-20 and 2020-21. On June 3, 2021, the California Public Utilities Commission issued Decision 21-06-013 ("Phase 1 Decision Revising Electric Rule 20 and Enhancing Program Oversight") which, in part, banned most Rule 20A transfers. As a result, no additional Rule 20A revenue is anticipated.

GENERAL FUND SUMMARY – EXPENDITURES

General Fund operating expenditures for Fiscal Year 2025-26 are projected to be \$8,394,328, or 6.7% more than the projection for Fiscal Year 2024-25. In Fiscal Year 2026-27, General Fund operating expenditures are projected to increase to \$8,941,466, which reflects additional expenditures of \$547,138, or 6.5%, over the budget for Fiscal Year 2025-26.

The primary causes of General Fund operating expenditure increases for both fiscal years are modest, inflationary-type increases for most line items, changes in personnel costs, and significant increases for law enforcement services.

An additional \$2,420,000 for Fiscal Year 2025-26 and \$670,000 for Fiscal Year 2026-27 is budgeted to support the following non-operating expenditures and transfers to the Capital Projects Fund:

Fiscal Year 2025-26

- *Non-Operating Expenditures*
 - Automated License Plate Reader Deployment (\$40,000)
 - Building and Planning Records Digitization (\$40,000)
 - Emergency Operations Plan Update (\$50,000)

- General Plan Updates (\$100,000)
- Information Technology & Cyber Security Account (\$30,000)
- Objective Design and Development Regulations (\$50,000)
- Public Safety Grant Program (\$250,000)

TOTAL: \$560,000

- *Transfers to the Capital Projects Fund*

- City Hall Complex Parking Lot Improvement Project (\$50,000)
- City Hall Refurbishment and Safety Project: Phase 5 (\$1,600,000)
- Pavement Management Plan Project (Eastbound Santa Maria Avenue between Santa Vittoria Drive and Moulton Parkway) (\$85,000) – will be reimbursed by the City of Laguna Hills
- Public Works Warehouse Project (\$50,000)
- Transit Shelter and Street Furniture Project (\$75,000)

TOTAL: \$1,860,000

GRAND TOTAL – FISCAL YEAR 2025-26: \$2,420,000

Fiscal Year 2026-27

- *Non-Operating Expenditures*

- Building and Planning Records Digitization (\$40,000)
- Information Technology & Cyber Security Account (\$30,000)
- Public Safety Grant Program (\$250,000)

TOTAL: \$320,000

- *Transfers to the Capital Projects Fund*

- Transit Shelter and Street Furniture Project (\$350,000)

TOTAL: \$350,000

GRAND TOTAL – FISCAL YEAR 2026-27: \$670,000

Expected Carryovers

- Unspent appropriations approved prior to July 1, 2025 are expected to be carried over to Fiscal Year 2025-26 for the following purposes, pursuant to Section 2.9.04(10) of City Administrative Policy 2.9:
 - Information Technology & Cyber Security Account

[General Fund Operating Expenditure Projections by Department or Purpose – Fiscal Years 2025-27]

General Fund Department or Purpose	Percent of Adopted Budget Estimate (Fiscal Year 2025-26)	Percent of Adopted Budget Estimate (Fiscal Year 2026-27)
City Council	0.3%	0.3%
General Government	15.6%	15.8%
Administrative Services	7.1%	7.0%
Engineering & Infrastructure Services	5.6%	5.5%

Employee Salaries, Benefits, and Taxes

While employee salaries, benefits, and taxes relate to multiple departments within the General Fund, discussion is consolidated in this section for ease of reference. Additional organizational information is included in Chapter 2.0.

Salaries and Benefits

Compensation schedules and benefits are approved by the City Council at duly noticed public meetings. In addition to base salaries, full-time employees generally receive a monthly benefit allowance (which, irrespective of the cost to employees, limits the City's contributions toward medical, dental, and vision coverage), paid time off, paid holidays, and retirement benefits.

During Fiscal Years 2023-25, employee benefits were modified as follows:

- The City provides a monthly benefit allowance to full-time and part-time employees which can be used for health insurance, dental insurance, vision insurance, health flexible spending, dependent care flexible spending, and/or up to \$500 in taxable compensation (taxable compensation is only available to full-time employees hired prior to January 1, 2019). Effective January 1, 2024, the amount of the monthly benefit allowance was increased from \$1,000 to \$1,200 for full-time employees and from \$800 to \$960 for part-time employees. Effective January 1, 2025, the amount of the monthly benefit allowance was increased from \$1,200 to \$1,500 for full-time employees and from \$960 to \$1,200 for part-time employees.
- Prior to January 1, 2024, the City enrolled full-time and part-time employees in an employee assistance program that provides voluntary, confidential assistance to employees in working through various life challenges that may adversely affect job performance, health, and personal well-being. Enrollment costs were paid as a mandatory deduction from each employee's monthly benefit allowance. Effective January 1, 2024, the employee assistance program was extended to limited part-time employees and the City began paying enrollment costs on behalf of all employees.
- Effective, January 1, 2024, Cesar Chavez Day and Juneteenth National Independence Day were added as paid holidays for full-time and part-time employees.
- Effective January 1, 2024, to avoid a single-day workweek preceding the paid Winter Holiday for full-time and part-time employees, the timing of the Winter Holiday was adjusted to specify that when December 24 falls

on a Tuesday, the Winter Holiday will be observed beginning on December 23.

- Effective January 1, 2024, paid bereavement leave and paid court leave were added for full-time and part-time employees
- Effective January 1, 2024, paid time off accrual and use policies for limited part-time employees were modified to comply with California Senate Bill 616 (Gonzalez, Chapter 309, Statutes of 2023).
- Effective January 1, 2024, a second tier of technology allowances was added for employees who are regularly required to use their personal cellular telephone as part of the City's multi-factor authentication and cyber security protocols (\$25 per month).
- Effective July 1, 2025, building employees will be required to work on Martin Luther King, Jr. Day, Cesar Chavez Day, and Juneteenth National Independence Day. All full-time and part-time employees, except for the City Manager, will receive one hour of administrative leave (if exempt) or 1.5 times pay (if non-exempt) for every hour they are required to work on City-observed holidays.
- Effective July 1, 2025, a new educational assistance program will provide all employees who have been employed by the City for at least six months (including the City Manager, but excluding limited part-time employees who are not building employees), with nontaxable financial assistance for tuition, textbooks, and other educational expenses on a reimbursement basis. Maximum reimbursements will range from \$1,050 to \$5,250 per employee/calendar year, based on length of employment.
- Effective July 1, 2025, employees who are temporarily assigned to a higher level job classification for 14 consecutive calendar days or more will receive acting status pay.
- Effective July 1, 2025, new policies will be added regarding the City Manager's ability to grant unpaid leaves of absence to employees.

The most current employee compensation and benefits resolutions and the City Manager Employment Agreement are available at or from City Hall and on the City's website (www.cityoflagunawoods.org > click on "City Council/ Employee Compensation & Benefits" in the footer on any page).

Except as noted, this budget does not contemplate significant changes to the compensation schedule or benefits for non-contract employees, nor to the terms of the City Manager Employment Agreement. It includes the employee

positions identified in Chapter 2.0 and allows for only minimal movement by employees within established compensation ranges.

California Public Employees' Retirement System

Like many local governments in California, the City contracts with the California Public Employees' Retirement System ("CalPERS") to provide defined pension benefits for employees.

Qualified employees hired prior to January 1, 2013, or otherwise eligible pursuant to the Public Employees' Pension Reform Act of 2013 ("PEPRA"), are considered "classic" pension plan members. Classic members are enrolled in a pension plan with a "2% at age 55" retirement formula. Though not required by law, classic members contribute 7% of their annual covered salary to their pension plan.

Qualified employees hired on or after January 1, 2013, and not otherwise eligible for "classic" pension plan enrollment, are considered "PEPRA" pension plan members. PEPRA members are enrolled in a pension plan with a "2% at age 62" retirement formula. PEPRA members contribute a variable percentage of their annual covered salary to their pension plan in an amount calculated in accordance with state law. The PEPRA employee contribution rate is 8.0% for Fiscal Year 2025-26 and may change for Fiscal Year 2026-27.

The City is required to make employer contributions to its pension plans that are based on a variety of assumptions including, but not limited to, rates of return on pooled investments managed by CalPERS. The difference between the sum of the City's accumulated pension plan assets and the total projected cost of earned pension benefits is referred to as "unfunded accrued liability."

Paying Off Unfunded Accrued Liability

City Administrative Policy 2.9 calls for the consideration of lump sum payments to reduce unfunded accrued liability for pension plans at least as frequently as each biennial budget development process. It also establishes a goal of maintaining an at least 80% funded level for all pension plans.

Since May 2017, the City Council has approved periodic lump sum payments to reduce the unfunded accrued liability of its pension plans. Those contributions additionally help to reduce future employer contributions and mitigate potential future impacts of reductions in or variances from CalPERS' discount rate (expected rate of return on pooled investments).

[History of Lump Sum Payments to CalPERS]

Date of City Council Approval	Total Lump Sum Payments (all pension plans)
September 18, 2024	\$96,448
October 18, 2023	\$306,925
October 21, 2020	\$29,970
October 16, 2019	\$101,092
September 26, 2018	\$137,455
May 17, 2017	\$483,218

Note: No lump sum payments were necessary between the lump sum payments approved on October 21, 2020 and October 18, 2023, due to the City's total liability being more than fully funded as a result of investment performance and prior contributions.

This budget does not include any additional lump sum payments. CalPERS' next valuation reports will be released in August 2025, after which the City Council may consider making such payments.

Actuarial Valuations

CalPERS produces an annual valuation report for the City's pension plans based on information available as of June 30 of the preceding year. The valuation reports include the annual required contributions from both the City and its employees for the next fiscal year, a projection of the annual required contributions for the following fiscal year, funding calculations, and related information.

On September 18, 2024, the City Council approved lump sum payments to pay off the total unfunded accrued liability of its pension plans as of the fiscal year ended June 30, 2023. Those lump sum payments have caused the City's pension plans to be fully funded according to the most current actuarial valuations.

The City's expenditure appropriations for employer contributions to CalPERS are based on the information contained in the most current valuation reports. Current and prior valuation reports are available at or from City Hall and on the City's website (www.cityoflagunawoods.org/pension-liabilities).

Prefunding Employer Contributions

On April 7, 2021, the City Council adopted two resolutions (Resolution Nos. 21-

13 and 23-14) that enabled the City's participation in the California Employers' Pension Prefunding Trust ("CEPPT"). The CEPPT is established in the State of California's Treasury for the purpose of allowing eligible public agencies to prefund required pension plan contributions.

Since January 2024, the City Council has approved periodic contributions to the CEPPT to prefund required pension contributions. Those contributions diversify the City's investment portfolio and are invested in a manner intended to generate earnings to offset future lump sum payments to reduce the unfunded accrued liability of the City's pension plans.

[History of Contributions to the CEPPT]

Date of City Council Approval	Total Contribution
December 18, 2024	\$104,490
January 31, 2024	\$163,555

On January 15, 2025, the City Council amended City Administrative Policy 2.9 to establish an initial goal of maintaining a minimum balance in the CEPPT of \$670,000 (the sum of the five most recent lump sum payments made by the City to pay off the entirety of its then-current unfunded accrued liability for CalPERS pension plans) with suggested annual payments equal to 50% of the audited increase in the General Fund fund balance at the end of each fiscal year, beginning with Fiscal Year 2024-25. It is expected that the City Council will consider amending this budget to provide for such payments after each annual audit is completed for fiscal years 2024-25 and 2025-26.

Payroll Taxes – Employment Training Tax

The City is required to pay the State of California's Employment Training Tax, which provides funds to train employees in targeted industries to improve the competitiveness of California businesses. The City pays a rate established by the State, which for calendar year 2025 is 0.1% on the first \$7,000 of earnings. This budget assumes the rate will remain the same in calendar year 2026.

Payroll Taxes – Social Security and Medicare

The City participates in Social Security and Medicare programs, which provide retirement and health benefits to qualified employees beginning as early as age 62. All employees (full-time, part-time, and limited part-time) pay the full employee contribution and the City pays an equivalent employer contribution, which for calendar year 2025 is 6.2% on the first \$176,100 of earnings for Social Security and 1.45% on all earnings for Medicare. Total costs for Social Security

and Medicare are projected to be \$145,700 for Fiscal Year 2025-26 and \$152,328 for Fiscal Year 2026-27.

Payroll Taxes – State Unemployment Insurance

The City participates in the State of California's Unemployment Insurance program, which provides temporary financial assistance to qualified persons who have separated from employment. The City pays a rate established by the State, which for calendar year 2025 is 1.5% on the first \$7,000 of earnings. This budget assumes the rate will remain the same in calendar year 2026.

Other-Post Employment Benefits (Retiree Medical)

As a member of the CalPERS health insurance program, the City is statutorily required to offset a portion of the cost of CalPERS health insurance premiums for qualified retired employees ("other post-employment benefits" or "OPEB") at a minimum rate that is adjusted annually. Rates are established by state law with the monthly cost for calendar year 2025 totaling \$158 per qualified retired employee. Retired employees pay the remainder of their premium costs.

In Fiscal Year 2015-16, the City established an irrevocable OPEB Trust Fund to prefund OPEB liabilities. The OPEB Trust Fund was established with an initial prefunding level equal to 80% of the then-current unfunded liability (\$60,511). While many employers use a "pay-as-you-go" formula to minimally fund OPEB liabilities, the establishment of an interest-bearing OPEB trust fund allows the City to proactively manage future costs and reduce unfunded liabilities.

An actuarial valuation completed in May 2018 calculated the City's unfunded OPEB liability at \$46,631 as of June 30, 2017. In June 2018, the City made a supplemental contribution to the OPEB Trust Fund in the amount of \$23,812 to maintain a prefunding level equal to 80% of the projected benefits.

An actuarial valuation completed in June 2020 calculated the City's unfunded OPEB liability at \$51,013 as of June 30, 2019. In June 2020, the City made a supplemental contribution to the OPEB Trust Fund in the amount of \$19,529 to maintain a prefunding level equal to 80% of the projected benefits.

An actuarial valuation completed in June 2022 calculated that the City had more than fully funded its OPEB liability and had a net asset of \$243 as of June 30, 2021. The OPEB liability was fully funded through the OPEB Trust Fund.

An actuarial valuation completed in July 2024 calculated the City's unfunded OPEB liability at \$7,450 as of June 30, 2023. The OPEB liability is 94.6% funded through the OPEB Trust Fund according to the most current actuarial valuation.

This budget does not include any additional contributions to the OPEB Trust Fund. The next actuarial study will be completed in Fiscal Year 2025-26, after which the City Council may consider making such contributions.

Law Enforcement Retirement and Other Post-Employment Benefits

Agreements for law enforcement services with the County of Orange include certain employee retirement and OPEB-related expenses. While the City is not responsible for the County of Orange's long-term retirement or OPEB liabilities, changes in the County of Orange's contribution rates and actuarial valuations for the Orange County Employees Retirement System ("OCERS") create a year-to-year budgetary risk exposure for the City. While retirement and OPEB-related expenses have a material and generally upward impact on the City's costs, the City does not have a vote in either the County of Orange's or OCERS' decision-making. The City's ability to project future law enforcement costs is further limited as the County of Orange does not provide long-term projections that separately identify pension costs with amortized unfunded liabilities.

GENERAL FUND EXPENDITURES BY DEPARTMENT

For additional information on the role, responsibilities, and staffing for each City department, please refer to Chapter 2.0.

City Council Department

Notes and Notable Changes from Prior Years

- Monthly compensation reflects current elections by councilmembers. Compensation is fixed at \$300 per month, but may be waived at the discretion of each councilmember.
- No budget is provided for councilmember air travel.
- This budget includes lodging costs for all councilmembers to attend the California Joint Powers Insurance Authority's Annual Risk Management Educational Forum each fiscal year.
- Funds are included for councilmembers to attend the:
 - League of California Cities' Annual Conference and Expo
 - League of California Cities' Orange County Division meetings
 - Orange County Fire Authority's Best & Bravest Dinner
 - Orange County Sheriff's Department's Medal of Valor Luncheon

A contingency is also included with the assumption that there may be

additional City Council travel, conference, and meeting costs.

General Government Department

Notes and Notable Changes from Prior Years

- Insurance costs vary from year to year based on actuarial studies of the California Joint Powers Insurance Authority's claims experience. Funding requirements are allocated to each member of the insurance pool using loss experience and payroll, relative to other members. Insurance costs include policies for crime, liability, pollution legal liability, property, and workers' compensation. In Fiscal Year 2025-26, insurance costs include a relatively large pool-wide increase in the primary liability program due to a combination of factors such as social inflation driving up the cost of settlements and jury awards, and increases in excess and reinsurance premiums. The Fiscal Year 2026-27 budget assumes continued increases.
- Funds are included for the City's annual dues for the:
 - League of California Cities
 - Orange County Council of Governments
 - Orange County Local Agency Formation Commission
 - Southern California Association of Governments
- Funds are included for staff memberships in professional organizations, including the:
 - California Municipal Clerks Association (City Clerk)
 - California Municipal Treasurers Association (City Manager)
 - Orange County City Manager Association (City Manager)
- Memberships and dues budgets for Administrative Services Department and Planning & Environmental Services Department staff have been moved to new accounts in those departments.
- Mileage and parking budgets for Administrative Services Department, Engineering & Infrastructure Services Department, and Planning & Environmental Services Department staff have been moved to new accounts in those departments.
- This budget includes lodging costs for the City Manager to attend the California Joint Powers Insurance Authority's Annual Risk Management Educational Forum in Fiscal Year 2026-27. The City Manager and other staff plan to commute to and from the Annual Risk Management Educational Forum in Fiscal Year 2025-26.

- Funds are included for City Manager's Office and City Clerk's Office staff to attend meetings and conferences associated with memberships in professional organizations, as well as:
 - League of California Cities' webinars
 - League of California Cities' Orange County Division meetings
 - Orange County Fire Authority's Best & Bravest Dinner
 - Orange County Sheriff's Department's Medal of Valor Luncheon

A contingency is also included with the assumption that there may be additional, as yet unknown, staff travel, conference, and meeting costs.

- Travel, conferences, and meetings budgets for Administrative Services Department, Engineering & Infrastructure Services Department, and Planning & Environmental Services Department staff have been moved to new accounts in those departments.
- Funds are included for the General Municipal Election on November 7, 2028 (assumption is City Council election only; no local ballot measures).
- Budgets for janitorial and maintenance services include both City Hall and the Public Library Building (City Hall and the Public Library Building are collectively referred to as the "City Hall Complex"). As required by the City's public library lease agreement with the County of Orange, the County of Orange will reimburse the City for janitorial services and supplies provided for the public library and in connection with the County of Orange's use of the outdoor activity room. Reimbursement revenue is accounted for as General Fund miscellaneous revenue.
- The website services budget has been moved from the Administrative Services Department to the General Government Department.
- This budget anticipates increases in costs associated with applicable agreements scheduled for competitive procurement in fiscal years 2025-27 (please refer to Chapter 7.0).

Administrative Services Department

Notes and Notable Changes from Prior Years

- New accounts have been added to create department-specific budgets for the following, which were previously accounted for in the General Government Department: Membership and dues; mileage and parking; and, travel, conferences, and meetings.
- Funds are included for staff memberships in professional organizations,

including the:

- California Municipal Treasurers Association (Administrative Services Director/City Treasurer)
- California Society of Municipal Finance Officers (Administrative Services Director/City Treasurer and Accountant)
- Government Finance Officers Association (Administrative Services Director/City Treasurer and Accountant)
- The website services budget has been moved to the General Government Department.
- This budget anticipates increases in costs associated with applicable agreements scheduled for competitive procurement in fiscal years 2025-27 (please refer to Chapter 7.0).

Engineering & Infrastructure Services Department

Notes and Notable Changes from Prior Years

- Funds are included to provide for as-needed engineering services that are not transportation-related. Most transportation-related engineering services costs are budgeted in special revenue funds.
- The City is required to expend at least \$104,578 in Fiscal Year 2025-26 and \$104,578 in Fiscal 2026-27 from its General Fund for transportation-related purposes in order to be eligible to receive funds from Orange County's Measure M2 (OC Go) one-half cent transportation-related sales tax. This requirement is referred to as "maintenance of effort" or "MOE."
 - The M2 MOE budget is slightly higher than the MOE requirement amount to allow for fluctuations in costs and to provide a buffer in the event the City and Orange County Transportation Authority (in its role as Measure M2 administrator) differ as to cost eligibility.
 - The MOE requirement amount may increase on July 1, 2029 and every three years thereafter based on the California Department of Transportation's Construction Cost Index for the preceding three calendar years, provided that the Construction Cost Index-based increase cannot exceed the City's General Fund revenue growth rate during the update period.
- This budget anticipates increases in costs associated with applicable agreements scheduled for competitive procurement in fiscal years 2025-27 (please refer to Chapter 7.0).

Planning & Environmental Services Department

Notes and Notable Changes from Prior Years

- This budget includes the “in-sourcing” of building and code enforcement functions that were formerly performed by consultants and the addition of a new Planning & Environmental Services Director position to manage and provide oversight for those and other functions. Those organizational changes account for the significant decreases in the building services and code enforcement services budgets, as well as the significant increases in the compensation and benefits budgets.
- Building plan review and other building-related contract services have been shifted from the building services account to a new building services, contract services account.
- A new building services, supplies/other account has been added.
- A new fleet services account has been added with a budget for costs associated with the four 2025 Chevrolet Equinox EVs that have been purchased for use by building inspectors and other department staff. The fleet services budget includes maintenance, monitoring, and washing costs. Charging costs will be accounted for in the Mobile Source Reduction Fund for the first three years. Charging costs will become General Fund expenses in May 2028 (Fiscal Year 2027-28).
- The City transitioned from a primarily paper-based to electronic building permitting system on November 18, 2019. The electronic system requires ongoing software and software implementation services that are funded in this budget. Those costs are also considered in the annual *Building, Planning, Encroachment, and Grading Permit Fee Study*.
- Funds are included to provide for as-needed planning services that are not related to reimbursable projects, including implementation of the General Plan Housing Element, annual compliance reviews of San Sebastian Apartment’s affordable housing program, and monitoring of the Orange County Transportation Authority’s Interstate 5/El Toro Road Interchange Project and other external development projects with the potential to impact Laguna Woods.
- This budget includes funding for an agreement approved by the City Council on December 21, 2022 for the procurement of mulch from the Golden Rain Foundation of Laguna Woods in connection with California Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016). The cost of the agreement is \$10,890 for Fiscal Year 2025-26 and \$10,890 for Fiscal Year 2026-27, for a total of \$21,780 payable to the Golden Rain Foundation of

Laguna Woods from this budget. The Fiscal Year 2025-26 payment is accounted for in the State of California Grants Fund.

- Water quality (stormwater) costs continue to increase, with most of the increase attributable to activities required to comply with orders related to the State Water Resources Control Board's Statewide Water Quality Control Plans for Trash, as well as pending reissuance of National Pollutant Discharge Elimination System ("NPDES") permits and continued implementation of the South Orange County Watershed Management Area's Water Quality Improvement Plan.
- New accounts have been added to create department-specific budgets for the following, which were previously accounted for in the General Government Department: Membership and dues; mileage and parking; and, travel, conferences, and meetings.
- Funds are included for staff memberships in professional organizations, including the:
 - American Planning Association (Planning & Environmental Services Director and Development Manager)
 - California Association of Code Enforcement Officers (Planning & Environmental Services Director, Development Manager, and Code Enforcement Officer)
 - California Building Officials Association (Building Official)
- This budget anticipates increases in costs associated with applicable agreements scheduled for competitive procurement in fiscal years 2025-27 (please refer to Chapter 7.0).

Public Safety Services Department

Notes and Notable Changes from Prior Years

- The current agreement with the City of Laguna Beach for animal control and shelter services will end on June 30, 2026. Service costs are \$124,392 for Fiscal Year 2025-26 and as yet unknown for Fiscal Year 2026-27 (a contingency is included to offset potential future increases in costs).
- The City's agreement with the County of Orange for law enforcement services in Fiscal Year 2025-26 includes an annual cost of \$3,588,995 (an increase of \$206,818, or approximately 6.11%, from Fiscal Year 2024-25; and 42.76% of the Fiscal Year 2025-26 General Fund operating budget).
 - The agreement includes:
 - "Direct Purchase" Positions:

- 1.34 full-time equivalent (“FTE”) Sergeant (shared with Aliso Viejo and Laguna Hills)
- 0.50 FTE Investigator (shared with Aliso Viejo)
- 6.00 FTE Deputy Sheriff II
- *Regional/Shared Positions:*
 - 13.25% of 14.90 FTE positions assigned to traffic, auto theft, directed enforcement, and courts
- Charges for services/supplies, transportation, indirect costs (e.g., overhead), and other additional costs
- Salaries and benefits are 74.26% (\$2,664,994) of total costs.

[Historical Law Enforcement Contract Costs as a Percentage of General Fund Operating Budgets – Fiscal Years 2023-24 through 2025-26]

2025-26

- Law Enforcement Contract Cost (as of July 1, 2025) - General Fund Portion

2023-24

- Law Enforcement Contract Cost (Final Adjusted) - General Fund Portion
- All Other General Fund Operating Expenditures (Actual)

2024-25

- Law Enforcement Contract Cost (Final Adjusted) - General Fund Portion
- All Other General Fund Operating Expenditures (Projection)

- The law enforcement services budget assumes:
 - A funding offset from the State of California's Supplemental Law Enforcement Services Account ("SLESA") of \$231,600 in each fiscal year. SLESA funds are accounted for in a special revenue fund.
 - A cost savings of one-quarter of 1% of each fiscal year's base law enforcement services agreement cost, due to early payment discounts offered by the County of Orange
- The primary cause of increases in law enforcement costs continues to be labor agreements negotiated by the County of Orange and approved by the Orange County Board of Supervisors. Those labor agreements expire in June 2026. Due to the Orange County Board of Supervisors' past proclivity to approve costly labor agreements without consultation with cities, the law enforcement services budget includes a contingency in each fiscal year to offset potential future increases in costs. No new law enforcement services are assumed or anticipated.

(A) The City does not budget assuming receipt of fiscal year end credits.

(B) The Fiscal Year 2025-26 contract cost is as of July 1, 2025.

(C) The Fiscal Year 2021-22 credit includes \$11,739.07 from the American Rescue Plan Act.

- Funds are included for other law enforcement-related costs paid outside of the law enforcement services agreement, including:
 - 800 MHz Countywide Coordinated Communication System
 - Automated Fingerprint Identification System
 - Automated license plate readers
- Funds are included to continue the emotional and practical support

services provided by Trauma Intervention Programs, Inc.

General Fund Operating Contribution to Senior Mobility Fund

Notes and Notable Changes from Prior Years

- This budget includes transfers from the General Fund to the Senior Mobility Fund in the amount of \$406,052 each fiscal year. Those transfers will support the operation of the Senior Mobility Program.

Information Technology & Cyber Security Account

Notes and Notable Changes from Prior Years

- The Information Technology & Cyber Security Account was added in Fiscal Year 2019-20 to address limited-term and extraordinary information technology and cyber security needs. Information Technology & Cyber Security Account expenditures are considered to be non-operating. \$30,000 is budgeted in each fiscal year.

CAPITAL PROJECTS FUND REVENUE

The Capital Projects Fund is used to account for resources that are reserved for capital improvement purposes. All Capital Projects Fund resources come either from transfers in from the unassigned General Fund balance or from intergovernmental revenue from other government entities cooperating with the City on capital improvement projects.

Capital Projects Fund transfers in from the General Fund for Fiscal Year 2025-26 are estimated to be \$1,860,000, or 129.9% more than year-end projections for Fiscal Year 2024-25. In Fiscal Year 2026-27, Capital Projects Fund transfers in from the General Fund are estimated to be \$350,000, which reflects a decrease of \$1,510,000, or 81.2%, from the Fiscal Year 2025-26 estimate.

Intergovernmental revenue for Fiscal Year 2025-26 is estimated to be \$85,000 (from the City of Laguna Hills for the Pavement Management Plan Project (Eastbound Santa Maria Avenue between Santa Vittoria Drive and Moulton Parkway)), or 23.38% less than year-end projections for Fiscal Year 2024-25. No intergovernmental revenue is anticipated for Fiscal Year 2026-27.

Additional funding for capital improvement purposes is budgeted in special revenue funds and discussed separately in Chapter 6.0.

CAPITAL PROJECTS FUND EXPENDITURES

Capital Projects Fund expenditures are considered to be non-operating and projected to be \$1,860,000 for Fiscal Year 2025-26 and \$350,000 for Fiscal Year 2026-27. All expenditures relate to the Capital Improvement Program projects listed below. For additional information, please refer to Chapter 8.0.

Fiscal Year 2025-26

- City Hall Complex Parking Lot Improvement Project (\$50,000)
- City Hall Refurbishment and Safety Project: Phase 5 (\$1,600,000)
- Pavement Management Plan Project (Eastbound Santa Maria Avenue between Santa Vittoria Drive and Moulton Parkway) (\$85,000) – will be reimbursed by the City of Laguna Hills
- Public Works Warehouse Project (\$50,000)
- Transit Shelter and Street Furniture Project (\$75,000)

TOTAL: \$1,860,000

Fiscal Year 2026-27

- Transit Shelter and Street Furniture Project (\$350,000)

TOTAL: \$350,000

Expected Carryovers

- Unspent appropriations approved prior to July 1, 2025 are expected to be carried over to Fiscal Year 2025-26 for the following projects, pursuant to Section 2.9.04(10) of City Administrative Policy 2.9:
 - Circulation Improvement Project – Fiscal Year 2024-25
 - City Centre Park Enhancement Project
 - City Hall Refurbishment and Safety Project: Phase 4
 - City Hall Refurbishment and Safety Project: Phase 5
 - Paseo De Valencia – Moulton Parkway Confluence Bypass Corridor Project
 - Woods End Wilderness Preserve Trail Drainage and Improvement Project

6.0. CITY BUDGET DETAIL, SPECIAL REVENUE FUNDS

This chapter presents fund-level revenue and expenditure detail for the programs, projects, and services included in this budget.

SPECIAL REVENUE FUNDS SUMMARY

The City uses Special Revenue Funds to account for the proceeds of revenue sources that are legally restricted or committed to expenditures for specified purposes. The City also accounts for the Laguna Woods Civic Support Fund, a nonprofit public benefit corporation, as a Special Revenue Fund for financial reporting purposes, because it meets the criteria of a “component unit”¹ as that term is defined by the Governmental Accounting Standards Board.

The City currently maintains 13 individual Special Revenue Funds.

[Special Revenue Funds Structure – Fiscal Years 2025-27]

Service Authority for Abandoned Vehicles

¹ Government Accounting Standards Board Statement No. 61 (November 2010), Paragraph 20, defines a “component unit” as a legally separate organization for which the City Council is financially accountable or other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City’s financial statements to be misleading.

Special Revenue Funds are self-balancing. In the following charts and tables, expenditures may exceed revenue as a result of limited-term non-operating expenditures, capital improvement project expenditures, or expenditures for projects funded with revenues received in prior fiscal years.

FUEL TAX FUND

Fuel Tax is generated by an excise tax on fuel used to propel motor vehicles or aircraft pursuant to California Constitution Article XIX Section 1; Revenue and Tax Code sections 7301 – 8404 and 8601 – 9355; and, Streets and Highways Code sections 2100 et seq. The City uses Fuel Tax revenue to support the maintenance, operation, and construction of public streets and rights-of-way.

*[Fuel Tax Fund Revenue and Expenditures Comparison
– Fiscal Years 2014-15 through 2026-27]*

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$540,900	\$432,426
2025-26 (Estimate)	\$529,000	-
2025-26 (Budget)	-	\$404,557
2026-27 (Estimate)	\$532,800	-
2026-27 (Budget)	-	\$439,580

Summary of Significant Trends and Observations

- Fuel Tax revenue was projected and estimated after considering the California Local Government Finance Almanac's May 2025 analysis of information from the California Department of Finance.
- The Fuel Tax Fund and the Measure M2 (OC Go) Fund support the maintenance, operation, and construction of public streets and rights-of-way. Beginning in Fiscal Year 2025-26, the City modified the types of expenditures that have historically been budgeted in each fund, and added several new accounts, to streamline accounting activities.
 - Fuel Tax expenditures principally support pavement, sidewalk, and other hardscape maintenance, as well as related civil engineering services and traffic engineering services.
 - Measure M2 (OC Go) expenditures principally support traffic signal maintenance and electric and water utility services.
 - Landscape services are split between both funds.
- Expenditures in fiscal years 2017-18 and 2019-20 were higher than typical due to capital improvement project expenditures and, in the case of Fiscal Year 2019-20, limited-term street maintenance expenditures (e.g., extensive street restriping work).

ROAD MAINTENANCE & REHABILITATION PROGRAM FUND

In April 2017, Governor Brown signed the Road Repair and Accountability Act of 2017 ("Senate Bill 1") into law, which increased the funds available to cities for public road maintenance and rehabilitation. The City accounts for Senate Bill 1 revenue in the Road Maintenance & Rehabilitation Program Fund, which is used to support the maintenance and operation of roads and right-of-way.

Proposition 69 (2018) is a ballot measure that California voters approved in 2018 to restrict the California State Legislature's ability to spend Senate Bill 1 revenue for purposes other than originally intended.

[Road Maintenance & Rehabilitation Fund Revenue and Expenditures Comparison – Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$510,100	\$44,728
2025-26 (Estimate)	\$510,600	-
2025-26 (Budget)	-	\$515,824
2026-27 (Estimate)	\$538,200	-
2026-27 (Budget)	-	\$529,206

Summary of Significant Trends and Observations

- The first Senate Bill 1 revenue measures took effect on November 1, 2017, resulting in the receipt of partial year revenue in Fiscal Year 2017-18.
- Senate Bill 1 revenue was projected and estimated after considering the California Local Government Finance Almanac's May 2025 analysis of information from the California Department of Finance.
- The City's Senate Bill 1 expenditures are focused on annual pavement management plan-related capital improvement projects.
- For additional information on how the City is using Senate Bill 1 funds to improve local roads, please visit the State of California's Rebuilding CA website (<http://rebuildingca.ca.gov>).

MEASURE M2 (OC GO) FUND

Measure M2 is a ballot measure that Orange County voters approved in 2006 to increase the countywide sales tax rate through 2041 by one-half cent for the purpose of funding transportation projects and activities. It was preceded by Measure M, a ballot measure that Orange County voters approved for similar purposes in 1990. The City uses Measure M2 revenue to support the maintenance, operation, and construction of public roads and rights-of-way.

In 2017, OCTA rebranded Measure M2 as “OC Go.” The City now uses the term “Measure M2 (OC Go).”

[Measure M2 (OC Go) Fund Historical Revenue and Expenditures Comparison – Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$322,000	\$232,536
2025-26 (Estimate)	\$332,600	-
2025-26 (Budget)	-	\$267,780
2026-27 (Estimate)	\$341,000	-
2026-27 (Budget)	-	\$284,878

Summary of Significant Trends and Observations

- Measure M2 (OC Go) “Local Fair Share” apportionment revenue is tied to countywide sales tax receipts and typically comprises the largest portion of Measure M2 (OC Go) Fund revenues. As of March 2025, OCTA estimates that the City’s Local Fair Share apportionment revenue will increase relatively slowly over the coming years.

[OCTA’s Measure M2 (OC Go) Local Fair Share Revenue Estimates as of March 2025 – Fiscal Years 2023-24 through 2031-32]

Fiscal Year	Local Fair Share Revenue Estimate	Change from Prior Fiscal Year	Change from Fiscal Year 2023-24
2031-32	\$379,025	3.96% (\$14,430)	20.61%
2030-31	\$364,595	4.07% (\$14,257)	16.01%
2029-30	\$350,338	2.65% (\$9,028)	11.48%
2028-29	\$341,310	1.55% (\$5,217)	8.61%
2027-28	\$336,093	1.55% (\$5,123)	6.95%
2026-27	\$330,970	2.58% (\$8,331)	5.32%
2025-26	\$322,639	5.30% (\$16,239)	2.66%
2024-25	\$306,400 (A)	-2.50% (-\$7,868)	-2.50%
2023-24	\$314,268 (B)	-	-

(A) The Fiscal Year 2024-25 Local Fair Share revenue estimate is year-end projected.

(B) The Fiscal Year 2023-24 Local Fair Share revenue estimate is year-end actual.

- The Fuel Tax Fund and the Measure M2 (OC Go) Fund support the maintenance, operation, and construction of public streets and rights-of-way. Beginning in Fiscal Year 2025-26, the City modified the types of expenditures that have historically been budgeted in each fund, and added several new accounts, to streamline accounting activities.
 - Fuel Tax expenditures principally support pavement, sidewalk, and other hardscape maintenance, as well as related civil engineering services and traffic engineering services.
 - Measure M2 (OC Go) expenditures principally support traffic signal maintenance and electric and water utility services.
 - Landscape services are split between both funds.
- Measure M2 (OC Go) grant revenue was received in fiscal years 2017-18, 2018-19, and 2020-21 to support two traffic signal synchronization projects which are now complete. Expenditures in those fiscal years were higher than typical as a result.

SERVICE AUTHORITY FOR ABANDONED VEHICLES FUND

The City maintains funds in its Service Authority for Abandoned Vehicles Fund to assist with the abatement of abandoned vehicles. Service Authority for Abandoned Vehicles ("SAAV") revenue was generated as a result of the City's former membership in the now defunct Orange County Service Authority for Abandoned Vehicles ("OC SAAV"), which operated between 1991 and 2012, pursuant to California Vehicle Code Section 22710(a). During its operation, the OC SAAV imposed and collected a \$1 per vehicle registration fee (\$2 for commercial vehicles) for use in offsetting member agencies' costs of abating abandoned vehicles.

The City continues to maintain SAAV funds that it has been unable to spend due to a lack of abandoned vehicles to abate (none in at least the past 17 years). The Orange County Transportation Authority ("OCTA"), which acted as the administrator of the Orange County Service Authority for Abandoned Vehicles, has informed the City that its SAAV funds cannot be returned to OCTA, nor transferred to another city that has a use for them, due to limitations in state law. As a result, the City is pursuing state legislation that would provide for alternative use or disposition of its SAAV funds.

No Service Authority for Abandoned Vehicles Fund activity is expected for fiscal years 2025-26 or 2026-27, beyond minimal interest earnings on the accumulated fund balance.

[Service Authority for Abandoned Vehicles Fund Revenue and Expenditures Comparison – Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$2,100	\$0
2025-26 (Estimate)	\$1,000	-
2025-26 (Budget)	-	\$0
2026-27 (Estimate)	\$1,000	-
2026-27 (Budget)	-	\$0

SUPPLEMENTAL LAW ENFORCEMENT SERVICES FUND

Supplemental Law Enforcement Services Account funding was included in California Assembly Bill 118 (Committee on Budget, Chapter 40, Statutes of 2011) as part of a realignment of state law enforcement responsibilities to local authorities (see California Assembly Bill 109 (Committee on Budget, Chapter 15, Statutes of 2011)). The City receives a minimum of \$100,000 in Supplemental Law Enforcement Services revenue each year, which is used to offset a portion of qualifying, frontline law enforcement services costs.

[Supplemental Law Enforcement Services Fund Revenue and Expenditures Comparison – Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$197,100	\$176,100
2025-26 (Estimate)	\$200,400	-
2025-26 (Budget)	-	\$231,600
2026-27 (Estimate)	\$205,400	-
2026-27 (Budget)	-	\$231,600

Summary of Significant Trends and Observations

- Supplemental Law Enforcement Services Fund revenue continues to increase. The growth rate has varied between 0.2% and 13.5%, annually, over the past five fiscal years. Due to the historic variability, this budget estimates growth in fiscal years 2025-26 and 2026-27 at only 2%.

MOBILE SOURCE REDUCTION FUND

The City receives funding from the State of California's Assembly Bill 2766 (1991) Subvention Program, which remits a portion of a motor vehicle registration fee surcharge to counties and cities to support efforts to meet requirements of federal and state clean air acts, and for the implementation of motor vehicle

emission reduction measures in the South Coast Air Quality Management District's Air Quality Management Plan. The City accounts for Assembly Bill 2766 Subvention Program revenue in the Mobile Source Reduction Fund.

Revenue from the Mobile Source Air Pollution Reduction Review Committee's Clean Transportation Funding™ 2017 Local Government Partnership Program ("2017 MSRC Program") was accounted for in the Mobile Source Reduction Fund. 2017 MSRC Program funds were intended to "jumpstart" implementation of the South Coast Air Quality Management District's 2016 Air Quality Management Plan. The City's one-time allocation was \$50,000.

[Mobile Source Reduction Fund Revenue and Expenditures Comparison – Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$36,200	\$154,794
2025-26 (Estimate)	\$28,000	-
2025-26 (Budget)	-	\$10,000
2026-27 (Estimate)	\$28,000	-
2026-27 (Budget)	-	\$10,500

Summary of Significant Trends and Observations

- Assembly Bill 2766 Subvention Program revenue is relatively erratic with

the annual change over the past five fiscal years ranging from -40.8% to 60.0%. Due to the historic variability, this budget estimates revenue in fiscal years 2025-26 and 2026-27 at a level 22.7% below the projection for Fiscal Year 2024-25.

- In Fiscal Year 2024-25, Assembly Bill 2766 Subvention Program revenue was used to purchase four 2025 Chevrolet Equinox electric vehicles for use by building inspectors and other Planning & Environmental Services Department staff. Assembly Bill 2766 Subvention Program revenue will be used to fund charging costs for the first three years. Charging costs will become General Fund expenses in May 2028 (Fiscal Year 2027-28).
- The City expended its \$50,000 allocation of 2017 MSRC Program funds in Fiscal Year 2022-23, with the reimbursing revenue received in Fiscal Year 2023-24. 2017 MSRC Program funds supported the City Hall Electric Vehicle Charging Infrastructure Project, which was also partially funded using Assembly Bill 2766 Subvention Program revenue.

PEG/CABLE TELEVISION FUND

The City collects a Public, Educational, and Governmental ("PEG") fee from the following cable television franchisees

- Cox Communications
- Golden Rain Foundation of Laguna Woods

The City uses PEG fee revenue for purposes consistent with applicable law, which generally relate to the operation and maintenance of its PEG television channel (Channel 3 on the Laguna Woods Village television network).

[PEG/Cable Television Fund Revenue and Expenditures Comparison
– Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$17,900	\$0
2025-26 (Estimate)	\$16,400	-
2025-26 (Budget)	-	\$15,000
2026-27 (Estimate)	\$16,400	-
2026-27 (Budget)	-	\$15,000

Summary of Significant Trends and Observations

- PEG fee revenue is expected to remain fairly constant over the coming fiscal years without any significant variation.
- Expenditures in Fiscal Year 2020-21 were higher than typical due to capital improvement project expenditures.

SENIOR MOBILITY FUND

The City uses the Senior Mobility Fund to account for revenues that are used to support the Senior Mobility Program, including Measure M2 (OC Go) Senior Mobility Program funds, Transportation Development Act funds, participant fees (prior to July 1, 2023), and transfers from the General Fund.

[Senior Mobility Fund Revenue and Expenditures Comparison
– Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$682,000	\$902,659
2025-26 (Estimate)	\$830,952	-
2025-26 (Budget)	-	\$652,598
2026-27 (Estimate)	\$508,552	-
2026-27 (Budget)	-	\$686,906

Summary of Significant Trends and Observations

- In June 2021, the City Council approved an agreement with OCTA that provides for the continued receipt of Measure M2 (OC Go) Senior Mobility Program funds between July 1, 2021 and June 30, 2026, with the potential for extensions through June 30, 2031. This budget assumes that the agreement will be extended through Fiscal Year 2026-27.
- Senior Mobility Program ridership steadily declined between fiscal years 2016-17 and 2022-23. The City launched a new iteration of the Senior Mobility Program on July 1, 2023 (Fiscal Year 2023-24) that resulted in a significant increase in ridership and associated costs.
- The City's Senior Mobility Program is unique within Orange County in that there is no limit on the number of rides a participant can take and travel is available anywhere in Orange County and to or from VA Long Beach.

As a result, it is difficult to predict expenditures as they are dependent on the number of participants who enroll in the Senior Mobility Program and where and how often those participants choose to travel.

- As of March 2025, OCTA estimates that the City's Measure M2 (OC Go) Senior Mobility Program revenue – which is tied to countywide sales tax receipts and percentages of city populations aged 60 and over – will increase slowly over the coming years.

[OCTA's Measure M2 (OC Go) Senior Mobility Program Revenue Estimates as of March 2025 – Fiscal Years 2023-24 through 2029-30]

Fiscal Year	Senior Mobility Program Revenue Estimate	Change from Prior Fiscal Year	Change from Fiscal Year 2023-24
2029-30	\$107,659	2.73% (\$2,859)	-13.74%
2028-29	\$104,800	1.60% (\$1,651)	-16.03%
2027-28	\$103,149	1.60% (\$1,622)	-17.35%
2026-27	\$101,527	2.37% (\$2,638)	-18.65%
2025-26	\$98,889	1.22% (\$1,189)	-20.77%
2024-25	\$97,700 (A)	-21.72% (-\$27,108)	-21.72%
2023-24	\$124,808 (B)	-	-

(A) The Fiscal Year 2024-25 Senior Mobility Program revenue estimate is year-end projected.

(B) The Fiscal Year 2023-24 Senior Mobility Program revenue estimate is year-end actual.

- On November 25, 2024, the OCTA Board of Directors awarded the City a \$325,000 grant through its 2024 Orange County Enhanced Mobility for Seniors and Individuals with Disabilities Program (“EMSD Program”). The EMSD Program funds will support a portion of the Senior Mobility Program in Fiscal Year 2025-26.
- To meet projected demand for the Senior Mobility Program, this budget includes transfers from the General Fund to the Senior Mobility Fund in the amount of \$406,052 each fiscal year. Those transfers are in addition to Measure M2 (OC Go) Senior Mobility funds and EMSD Program funds.

[History of Transfers from the General Fund to the Senior Mobility Fund – Fiscal Years 2023-25 through 2026-27]

Fiscal Year	Total Transfers
2026-27	\$406,052 (budgeted)
2025-26	\$406,052 (budgeted)

2023-24	\$0 (actual)

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) FUND

Community Development Block Grant (“CDBG”) funding is authorized under Title 1 of the federal Housing and Community Development Act of 1974, as amended, and is subject to federal appropriation. CDBG funding is intended to assist with local community development needs.

Units of local government are classified as either “entitlement areas” or “non-entitlement areas” for the purpose of receiving CDBG funding. The City is a non-entitlement area, meaning that it must compete for CDBG funds and does not receive CDBG funds directly from the federal Department of Housing and Urban Development. Non-entitlement areas generally include counties and cities with populations of less than 200,000 and 50,000, respectively.

The City competes for CDBG funds through the Urban County CDBG Program administered by the County of Orange. The cities of Brea, Cypress, Dana Point, Laguna Beach, Laguna Hills, La Palma, Los Alamitos, Seal Beach, Stanton, and Villa Park are also part of the Urban County CDBG Program.

[Community Development Block Grant (CDBG) Fund Revenue and Expenditures Comparison – Fiscal Years 2014-15 through 2026-27]

Fiscal Year	Revenue	Expenditures
2024-25 (Projection)	\$150,000	\$150,000
2025-26 (Estimate)	\$500,000	-
2025-26 (Budget)	-	\$500,000
2026-27 (Estimate)	\$500,000	-
2026-27 (Budget)	-	\$500,000

Summary of Significant Trends and Observations

- Prior to Fiscal Year 2017-18, CDBG funds were primarily used to offer the Residential Energy Efficiency Improvement Program, which installed replacement windows, doors, and other energy efficient improvements in the homes of lower income, senior households, at no charge. The program was suspended in 2017 due to uncertainty surrounding the future availability of CDBG funds, as well as the impacts of increasing compliance requirements and law enforcement costs on City resources. The City’s costs to administer the program had exceeded 35% of the costs of the improvements that were made.
- In Fiscal Year 2017-18, the City began its Americans with Disabilities Act (ADA) Pedestrian Accessibility Improvement Project with annual phases

contingent on the receipt of CDBG funds. The eighth phase of the project was completed in Fiscal Year 2024-25. Beginning with the 10th phase of the project planned for Fiscal Year 2025-26, the title will be shortened to the “Pedestrian Accessibility Improvement Project.”

- Timing differences related to the completion of capital improvement projects and the receipt of reimbursing revenue account for variations in typical revenue and expenditures in fiscal years 2017-18, 2022-23, and 2023-24.
- An increase in the amount of funds able to be applied for without providing matching funds accounts for the increases in revenue and expenditures in fiscal years 2025-26 and 2026-27.
- In Fiscal Year 2020-21, the City received a one-time allocation of \$33,713 in CDBG Coronavirus Aid, Relief, and Economic Security Act (“COVID-19 CDBG-CV”) funding, which was used to provide financial assistance to local businesses and nonprofit organizations through the COVID-19 Face Coverings Reimbursement Program. Revenue and expenditures in Fiscal Year 2020-21 were higher than typical as a result.

FEDERAL GRANTS FUND

The City uses the Federal Grants Fund to account for revenues from grants and other awards and allocations from the United States government that are not otherwise accounted for in a separate fund.

FUNDING SOURCES WITH NEW APPROPRIATIONS IN FISCAL YEARS 2025-27

None

ACTIVE FUNDING SOURCES WITH APPROPRIATIONS PRIOR TO FISCAL YEAR 2025-26

American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds)

H.R. 1319 (“American Rescue Plan Act of 2021”) was signed by President Biden on March 11, 2021. H.R. 1319 included \$350 billion in emergency funding for state, local, territorial, and tribal governments related to the COVID-19 public health emergency. The City’s one-time allocation was \$3,791,656 (budgeted in Fiscal Year). Revenue was received in fiscal years 2021-22 and 2022-23, and is recognized as expenditures are incurred. Expenditures began in Fiscal Year 2021-22 and are expected to continue through Fiscal Year 2025-26.

Coronavirus Aid, Relief, and Economic Security (CARES) Act – County

H.R. 748 ("Coronavirus Aid, Relief, and Economic Security (CARES) Act") was signed by President Trump on March 27, 2020. H.R. 748 provided the County of Orange with an allocation of "Coronavirus Relief Funds" to offset expenditures incurred due to the COVID-19 public health emergency. The County of Orange distributed a portion of the Coronavirus Relief Funds to cities based on population. The City used the Coronavirus Relief Funds it received through the County of Orange for personal protective measures and enhanced janitorial services at City Hall, the COVID-19 Business Closure Assistance Program, the COVID-19 Face Coverings Reimbursement Program, and COVID-19-related law enforcement services. The City's one-time allocation was \$147,094.82 (budgeted and received in Fiscal Year 2019-20). Expenditures were incurred in fiscal years 2019-20 and 2020-21.

Coronavirus Aid, Relief, and Economic Security (CARES) Act – State

H.R. 748 ("Coronavirus Aid, Relief, and Economic Security (CARES) Act") was signed by President Trump on March 27, 2020. H.R. 748 provided the State of California with an allocation of "Coronavirus Relief Funds" to offset expenditures incurred due to the COVID-19 public health emergency. The State of California distributed a portion of the Coronavirus Relief Funds to cities that did not receive allocations directly from the federal government, based on population. The City used the Coronavirus Relief Funds it received through the State of California for personal protective measures and enhanced janitorial services at City Hall, technological improvements related to remote services, the COVID-19 Facility Disinfection Reimbursement Program, the COVID-19 Home Electric Utility Subsidy Program, and other eligible purposes. The City's one-time allocation was \$200,554 (budgeted and received in Fiscal Year 2020-21). Expenditures were incurred in Fiscal Year 2020-21.

Note: The Federal Grants Fund was established in Fiscal Year 2019-20. Prior to Fiscal Year 2019-20, grants and other awards and allocations from the United States government were accounted for in other funds.

Summary of Significant Trends and Observations

- Unspent appropriations approved prior to July 1, 2025 are expected to be carried over to Fiscal Year 2025-26 for the following American Rescue Plan Act of 2021-funded projects, pursuant to Section 2.9.04(10) of Administrative Policy 2.9: Circulation Improvement Project – Fiscal Year 2024-25 and Pavement Management Plan Project (Westbound El Toro Road between Calle Corta and City Limits).

STATE OF CALIFORNIA GRANTS FUND

The City uses the State of California Grants Fund to account for revenues from grants and other awards and allocations from the State of California that are not otherwise accounted for in a separate fund.

FUNDING SOURCES WITH NEW APPROPRIATIONS IN FISCAL YEARS 2025-27

None

ACTIVE FUNDING SOURCES WITH APPROPRIATIONS PRIOR TO FISCAL YEAR 2025-26

Coronavirus Response and Relief Supplemental Appropriations Act of 2021 – Non-STIP Program

H.R. 133 ("Coronavirus Response and Relief Supplemental Appropriations Act of 2021") included federal funding for certain surface transportation purposes ("COVID Relief Funds"). The California Transportation Commission planned to fund a "CRRSAA Program" using the Non-State Transportation Improvement Program ("STIP") regional distribution of the COVID Relief Funds, however unobligated funds were rescinded when H.R. 3746 ("Fiscal Responsibility Act of 2023") became federal law on June 3, 2023. Subsequently, the California Department of Transportation ("Caltrans") elected to backfill the rescinded funding using State Highway Account funds. The City obtained approval from Caltrans to use its apportionment of State Highway Account funds for the Pavement Management Plan Project (Westbound El Toro Road between Calle Corta and City Limits). The City's one-time allocation was \$200,000 (budgeted in Fiscal Year 2024-25). Expenditures were incurred in Fiscal Year 2024-25 and are expected to be reimbursed in Fiscal Year 2025-26.

Permanent Local Housing Allocation (PLHA)

Permanent Local Housing Allocation ("PLHA") funds are made available as a result of California Senate Bill 2 (Atkins, Chapter 364, Statutes of 2017) with the goal of increasing the supply of affordable housing. PLHA funds are raised from the proceeds of a \$75 recording fee on certain real estate transactions (up to a maximum of \$225 per transaction) and can be used for purposes set forth in California Health and Safety Code Section 50470(b)(2)(D).

In Fiscal Year 2021-22, the City became eligible for an ongoing grant of PLHA funds based on the formula prescribed under federal law for the Community Development Block Grant ("CDBG") Program. The City plans to use its PLHA

funds to offer a new Accessibility Improvement Reimbursement Program to provide financial assistance to lower income, senior households that make accessibility improvements inside their homes; however, implementation has been delayed while the City seeks clarification regarding the application of the California Public Contract Code and prevailing wage requirements to the contemplated program. The City budgeted an initial appropriation of \$16,000 in Fiscal Year 2021-22 and anticipates launching the Accessibility Improvement Reimbursement Program in Fiscal Year 2025-26. The City will receive PLHA funds on a reimbursement-basis after expenditures are incurred.

Proposition 68 (Per Capita Program)

Proposition 68 ("California Drought, Water, Parks, Climate, Coastal Protection, and Outdoor Access For All Act of 2018") is a ballot measure that California voters approved in 2018 to authorize the issuance of bonds in the amount of \$4 billion to finance a drought, water, parks, climate, coastal protection, and outdoor access for all program. A portion of bond proceeds is available to cities for local park rehabilitation, creation, and improvement grants on a per capita basis. The City plans to use its Proposition 68 (Per Capita Program) funds to support construction of the Woods End Wilderness Preserve Trail Drainage and Improvement Project. The City's one-time allocation is \$188,048 (budgeted in Fiscal Year 2022-23). Expenditures are expected to be incurred and reimbursed in Fiscal Year 2025-26.

Senate Bill 1383 Local Assistance Grant Program (Fiscal Year 2022-23)

Senate Bill 1383 Local Assistance Grant Program funds were made available through the California Department of Resources Recycling and Recovery ("CalRecycle") to support local jurisdictions in implementing organic waste recycling and edible food recovery requirements established by California Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016). Senate Bill 1383 Local Assistance Grant Program funds were awarded to support activities such as public education, the implementation of commercial edible food recovery programs, procurement of recovered organic waste products, and the installation of signage at Laguna Woods Village waste enclosures to promote recycling compliance. The City's one-time allocation was \$75,000 (budgeted and received in Fiscal Year 2023-24). Expenditures began in Fiscal Year 2023-24 and are expected to continue through Fiscal Year 2025-26.

**CLOSED FUNDING SOURCES WITH APPROPRIATIONS

Local Early Action Planning (LEAP) Grant

Local Early Action Planning ("LEAP") Grant funds were made available as part

of the California Local Government Planning Support Grants Program pursuant to California Health and Safety Code Chapter 3.1. LEAP Grant funds were awarded to support the preparation and adoption of planning documents, implementation of process improvements to accelerate housing production, and activities that facilitate implementation of the sixth cycle of the Regional Housing Needs Assessment (“RHNA”). The City’s one-time allocation was \$65,000 (budgeted in Fiscal Year 2020-21). Expenditures were incurred in fiscal years 2020-21 and 2021-22, and reimbursed in Fiscal Year 2022-23.

Senate Bill 2 Planning Grant

Senate Bill 2 Planning Grant funds were made available as a result of California Senate Bill 2 (Atkins, Chapter 364, Statutes of 2017) with the goal of increasing the supply of affordable housing. Senate Bill 2 Planning Grant funds were awarded to support the preparation, adoption, and implementation of plans and process improvements that streamline housing approvals and accelerate housing production. The City’s one-time allocation was \$160,000 (budgeted in Fiscal Year 2020-21). Expenditures were incurred in fiscal years 2020-21 through 2022-23, and reimbursed in fiscal years 2022-23 and 2023-24.

Senate Bill 1383 Local Assistance Grant Program (Fiscal Year 2021-22)

Senate Bill 1383 Local Assistance Grant Program funds were made available through CalRecycle to support local jurisdictions in implementing organic waste recycling and edible food recovery requirements established by California Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016). Senate Bill 1383 Local Assistance Grant Program funds were awarded to support activities such as public education and the implementation of commercial edible food recovery programs. The City’s one-time allocation was \$23,629 (budgeted in Fiscal Year 2022-23). \$710 was earned in interest, resulting in total expenditures of \$24,339 in fiscal years 2022-23 through 2024-25. Expenditures were reimbursed in fiscal years 2022-23 and 2023-24.

State of California Budget Appropriation: City Hall/Public Library Project

With the assistance of Assemblywoman Cottie Petrie-Norris, the City secured a \$500,000 State of California budget appropriation to support construction of the City Hall/Public Library Project (California Assembly Bill 74 (Ting, Chapter 23, Statutes of 2019)). The City’s one-time allocation was budgeted in Fiscal Year 2020-21 and received in fiscal years 2020-21 and 2021-22. Expenditures were incurred in Fiscal Year 2021-22.

Note: The State of California Grants Fund was established in Fiscal Year 2019-20. Prior to Fiscal Year 2019-20, grants and other awards and allocations from the State of California were accounted for in other funds.

Summary of Significant Trends and Observations

- Unspent appropriations approved prior to July 1, 2025 are expected to be carried over to Fiscal Year 2025-26 for the following project, pursuant to Section 2.9.04(10) of Administrative Policy 2.9: Woods End Wilderness Preserve Trail Drainage and Improvement Project.

MISCELLANEOUS SPECIAL REVENUE FUND

The City uses the Miscellaneous Special Revenue Fund to account for revenues

collected as a result of agreements, grant awards, and other allocations not accounted for in other Special Revenue Fund categories.

Note: The Miscellaneous Special Revenue Fund was established in Fiscal Year 2022-23.

Summary of Significant Trends and Observations

- Revenue received as a result of the City’s participation in the National Opioid Settlement will be recognized in the Miscellaneous Special Revenue Fund following future, as-of-yet-undetermined expenditures. For additional information on the National Opioid Settlement, please visit www.nationalopioidsettlement.com.

LAGUNA WOODS CIVIC SUPPORT FUND

The Laguna Woods Civic Support Fund is a nonprofit public benefit corporation that can raise and distribute funds to support programs, projects, and services of the City, and function as a “friends of the library” group in support of the Laguna Woods branch of OC Public Libraries.

The City Council serves as the Board of Directors for the Laguna Woods Civic Support Fund. Administrative support is provided by City personnel.

The Laguna Woods Civic Support Fund is accounted for as a Special Revenue Fund for financial reporting purposes because it meets the criteria of a “component unit” as that term is defined by the Governmental Accounting Standards Board (refer to footnote 1 on page 6.0-1).

Summary of Significant Trends and Observations

- The Laguna Woods Civic Support Fund is expected to remain largely inactive during fiscal years 2025-26 and 2026-27. Planned expenditures include annual corporate filings and other minimum activities necessary to maintain the corporation.

CITY WORK PLAN

CHAPTER
7.0

BUDGET & WORK PLAN

Fiscal Years 2025-27

This page is intentionally blank.

7.0. CITY WORK PLAN

This chapter describes programs, projects, and services included in this budget and work plan, and their alignment with the City Council's priority focus areas.

CONTINUED PROGRAMS, PROJECTS, AND SERVICES

This budget and work plan generally includes the continuation of programs, projects, and services that were ongoing or underway as of the close of Fiscal Year 2024-25 including, but not limited to, the following:

Public Safety

- **Law enforcement services.** This budget and work plan continues the City's contract relationship with the County of Orange (Orange County Sheriff's Department) for law enforcement services, including proactive patrol, 911 emergency response, investigation, and support services (e.g., crime scene analysis, custody/jail services, coroner operations, and missing persons). Under the direction of a Chief of Police Services assigned by the Orange County Sheriff's Department, law enforcement personnel will continue to work with private security and property management to maintain a high level of public safety.

For more information: www.ocsheriff.gov

- **Fire and emergency medical services.** Due to the City's membership in the Orange County Fire Authority, fire and emergency medical services will continue to be provided by the Orange County Fire Authority. This budget and work plan does not include revenue and expenses for fire and emergency medical services due to the City being a "structural fire fund city" (for more information, please refer to page 1.0-4).

For more information: www.ocfa.org

- **Animal control and shelter services.** This budget and work plan continues the City's contract relationship with the City of Laguna Beach for animal control and shelter services. Laguna Woods residents and their pets will continue to enjoy the high quality of services provided by

the City of Laguna Beach's Animal Services Division, including access to a humane animal shelter located in nearby Laguna Canyon.

For more information: www.lagunabeachcity.net/government/departments/police/animal-services

Waste & Recycling

- **Solid waste handling services.** This budget and work plan continues the City's contract relationship with CR&R Incorporated for solid waste handling services, including residential and commercial collection.

The City grants a franchise agreement for solid waste handling services as part of its efforts to comply with the California Integrated Waste Management Act of 1989 (California Assembly Bill 939; Sher, Chapter 1095, Statutes of 1989), which declares that the responsibility for solid waste management is shared between the State of California and local governments. The California Integrated Waste Management Act of 1989 requires local governments to make adequate provision for solid waste handling both within their jurisdiction and in response to regional needs. In doing so, local governments are also required to comply with laws including:

- Federal Resource Conservation and Recovery Act
 - California Assembly Bill 341 (Chesbro, Chapter 476, Statutes of 2011) – commercial recycling
 - California Assembly Bill 1826 (Chesbro, Chapter 727, Statutes of 2014) – commercial organic recycling
 - California Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016) – residential organic recycling
- **Special waste disposal services.** This budget and work plan continues the following special waste disposal services:
 - **City Hall Waste Drop-Off Program:** Allows Laguna Woods residents to safely and easily dispose of home-generated sharps waste, non-vehicle batteries, and certain other items by dropping them off at City Hall, at no charge.
 - **Edible Food Recovery Program:** Provides education, resources, monitoring, and enforcement related to state requirements for

certain commercial edible food generators to arrange to recover the maximum amount of edible food that would otherwise be disposed. This program is required by California Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016).

- **Household Document Shredding Drop-Off Service:** Allows Laguna Woods residents to drop off personal documents at City Hall for shredding, at no charge.
- **Household Hazardous Waste Door-to-Door Collection Program:** Allows Laguna Woods residents to safely and easily dispose of paint, aerosols, chemicals, light bulbs, motor oil, vehicle batteries, and other household hazardous waste, at no charge
- **Mulch procurement.** The budget and work plan continues the annual purchase of 1,100 tons of mulch from the Golden Rain Foundation of Laguna Woods ("GRF") as part of the City's efforts to comply with California Senate Bill 1383 (Lara, Chapter 395, Statutes of 2016). The mulch is immediately donated back to GRF for certain specified use.

Development and Zoning Control

State law requires all cities to adopt a comprehensive, long-term general plan to guide physical development. The City implements its General Plan, in part, through its Municipal Code, which contains ordinances with specific requirements related to development and zoning (how land can be used).

Building Permitting and Inspection

State law requires all cities (and counties in areas where there is no city) to enforce the California Building Standards Code. The California Building Standards Code contains statewide standards for the design, construction, alteration, and maintenance of buildings, structures, and certain equipment. New editions of the California Building Standards Code are adopted by the California Building Standards Commission every three years with additional errata and supplements adopted in intervening years. Due to the frequency with which the California Building Standards Code changes, projects constructed today are likely to be required to comply with standards different than projects that were constructed previously.

While homeowners associations may choose to require their own permit-type approvals, review plans, and perform inspections, those requirements are in addition to, and are not a substitute for, the City's obligations under state

law. Though requirements may appear similar, homeowners associations typically focus on ensuring compliance with their own rules, rather than with the California Building Standards Code. As is the case throughout California, buildings, structures, and certain equipment within a homeowners association are still required to comply with the California Building Standards Code.

Water Quality (Stormwater)

The City works to address water pollution affecting the municipal separate storm sewer system and waters of the United States, including by complying with National Pollutant Discharge Elimination System (“NPDES”) permits issued by regional water quality control boards under authority of the 1972 Federal Water Pollution Control Act (also referred to as the Clean Water Act).

Senior Mobility Program

The City offers a Senior Mobility Program that subsidizes the cost of taxi travel for Laguna Woods residents who are at least 60 years of age. Made possible, in part, with the generous support of the Orange County Transportation Authority and Orange County’s Measure M2 (OC Go) half-cent sales tax, the Senior Mobility Program promotes lifelong mobility through the provision of affordable, older adult-oriented transportation services.

Notary and Foreign Pension Acknowledgements

Notary and foreign pension acknowledgement services are available at City Hall. Laguna Woods residents receive most services free of charge.

Public Streets and Property

The City is responsible for operating and maintaining:

- City Hall
- Public Library Building
- The portions of El Toro Road, Moulton Parkway, Ridge Route Drive, and Santa Maria Avenue that are located within Laguna Woods
- “A Place for Paws” Dog Park
- City Centre Park
- Woods End Wilderness Preserve

- An undeveloped 0.32 acre parcel located west of the intersection of Santa Vittoria Drive and San Remo Drive
- 224 residential streetlights located within Laguna Woods Village

For more information, please refer to pages 1.0-5 and 1.0-6.

SIGNIFICANT CHANGES IN SERVICE LEVELS

The following significant changes in service levels will be made beginning in Fiscal Year 2025-26:

- **Senior Mobility Program.** Trips to and from Laguna Woods and the Laguna Hills Transportation Center and the Santa Ana Regional Transportation Center will be 100% subsidized (\$0 co-pay).

Additional changes in service levels are described in the Significant Work Plan Items tables beginning on page 7.0-7, as well as in the City Capital Projects chapter beginning on page 8.0-1.

SIGNIFICANT WORK PLAN ITEMS

For ease of reference and to assist with implementation, programs, projects, and services that represent significant new and/or limited-term undertakings by the City are presented in tables beginning on page 7.0-7.

The Significant Work Plan Items tables are presented alphabetically by lead department.

The following information is included in the Significant Work Plan Items tables:

- ID – A numerical designation for reference purposes only
- Description – A brief summary of the significant work plan item
- Priority Alignment – A visual representation of the City Council's priority focus areas that are addressed by the significant work plan item; while many priority focus areas may be directly or indirectly addressed by a single significant work plan item, only the primary priority focus areas are shown in the table
- Lead Department – Designation of the City personnel who are primarily responsible for implementing the significant work plan item

- Scheduling Consideration – Notes regarding any timing requirements or other factors that affect when a significant work plan item must be undertaken or completed

This work plan does not limit the City Manager's ability to undertake or cause to be undertaken such work as may be necessary or advantageous for the City, or as may change from time to time.

This work plan does not limit the City Manager's ability to schedule, manage, or assign work as may be necessary or advantageous for the City, or as may change from time to time.

The City Manager is authorized to pursue funding to implement this work plan and other work as may be necessary or advantageous for the City, or as may change from time to time.

The City Council retains the ability to modify this work plan at its discretion.

This work plan replaces all previous work plans approved for the City.

FUTURE OUTLOOK FOR SIGNIFICANT WORK PLAN ITEMS

Permitting Process for Hydrogen-Fueling Stations – California Senate Bill 1418 (Archuleta, Chapter 607, Statutes of 2024) requires all cities and counties with populations less than 250,000 to create an expedited, streamlined permitting process for hydrogen-fueling stations no later than September 30, 2028. Staff recommends preparing and adopting the required ordinance and checklist as part of the Fiscal Years 2027-29 Budget & Work Plan.

Speed Limits for Public Streets – Speed limits for public streets (El Toro Road, Moulton Parkway, Ridge Route Drive, and Santa Maria Avenue) were most recently adopted on November 20, 2024. Staff recommends preparing and presenting the next engineering and traffic survey to review and potentially recommend amendments of speed limits no later than December 31, 2031 (the Fiscal Years 2031-33 Budget & Work Plan).

BUDGET & WORK PLAN
Fiscal Years 2025-27

This page is intentionally blank.

8.0. CITY CAPITAL PROJECTS

This chapter describes major capital improvement projects that are included in this budget, as well as projects that are currently unfunded, but may be considered in the future.

CAPITAL IMPROVEMENT PROGRAM

The City Council adopts an 11-year Capital Improvement Program (“CIP”) on an annual basis in order to assist with the long-term development of funding for major capital improvement projects. The City is required to adopt an at least seven-year CIP in order to receive funding from Orange County’s Measure M2 (OC Go) half-cent sales tax, which voters approved in 2006 to fund transportation projects and activities. While the first two years of the CIP are included in this budget and work plan, the City Council retains the ability to modify the CIP at its discretion and no funding commitment is created by the inclusion of unfunded projects or projects planned for future years.

The City considers a “major capital improvement project” to be any project that meets the definition of a “public project” in California Public Contract Code Section 22002, including “construction, reconstruction, erection, alteration, renovation, improvement, demolition, and repair work” of facilities owned, leased, or operated by the City, as well as any non-minor “painting or repainting.” Maintenance is not considered a public project. A “major capital improvement project” also includes pavement management work included in the City’s 10-year Pavement Management Plan, work that is required to be included in the CIP for Measure M2 (OC Go) eligibility, and any other project so-designated by the City Council.

Major capital improvement projects are categorized as either funded, partially funded, or unfunded. Partial funding of projects is not unusual, as full funding may be developed over the course of several fiscal years, as grants and other federal, state, and county funds are obtained in order to reduce impacts to the General Fund. In other cases, funding from the General Fund may be set aside for projects over multiple fiscal years in the interest of fiscal prudence. The preparation of design documents and construction drawings may also precede the allocation of construction funding.

The term of this CIP is fiscal years 2025-26 through 2035-36.

CAPITAL PROJECTS APPROPRIATIONS SUMMARY – BUDGETED

The appropriations summarized below are included in the Fiscal Years 2025-27 Budget & Work Plan. For additional information on specific projects, please refer to the worksheets beginning on page 8.0-9.

Fiscal Year 2025-26

- *General Fund/Capital Projects Fund*
 - City Hall Complex Parking Lot Improvement Project (\$50,000)
 - City Hall Refurbishment and Safety Project: Phase 5 (\$1,600,000)
 - Pavement Management Plan Project (Eastbound Santa Maria Avenue between Santa Vittoria Drive and Moulton Parkway) (\$85,000) – will be reimbursed by the City of Laguna Hills
 - Public Works Warehouse Project (\$50,000)
 - Transit Shelter and Street Furniture Project (\$75,000)

FUND TOTAL: \$1,860,000

- *Road Maintenance & Rehabilitation Program Fund*
 - Circulation Improvement Project – Fiscal Year 2025-26 (\$169,042)
 - Pavement Management Plan Project (Eastbound Santa Maria Avenue between Santa Vittoria Drive and Moulton Parkway) (\$346,782)

FUND TOTAL: \$515,824

- *Community Development Block Grant (CDBG) Fund*
 - Americans with Disabilities Act (ADA) Pedestrian Accessibility Improvement Project: Phase 9 (\$500,000)

FUND TOTAL: \$500,000

GRAND TOTAL – FISCAL YEAR 2025-26: \$2,875,824

64.68% General Fund, 35.32% Special Revenue Funds

Unspent appropriations approved prior to July 1, 2025 are expected to be carried over to Fiscal Year 2025-26 for the following projects, pursuant to Section 2.9.04(10) of Administrative Policy 2.9:

- *General Fund/Capital Projects Fund*
 - Circulation Improvement Project – Fiscal Year 2024-25

- City Centre Park Enhancement Project
- City Hall Refurbishment and Safety Project: Phase 4
- City Hall Refurbishment and Safety Project: Phase 5
- Paseo De Valencia – Moulton Parkway Confluence Bypass Corridor Project
- Woods End Wilderness Preserve Trail Drainage and Improvement Project
- *Federal Grants Fund*
 - Circulation Improvement Project – Fiscal Year 2024-25
 - Pavement Management Plan Project (Westbound El Toro Road between Calle Corta and City Limits)
- *Road Maintenance & Rehabilitation Program Fund*
 - Pavement Management Plan Project (Westbound El Toro Road between Calle Corta and City Limits)
- *State of California Grants Fund*
 - Woods End Wilderness Preserve Trail Drainage and Improvement Project

Fiscal Year 2026-27

- *General Fund/Capital Projects Fund*
 - Transit Shelter and Street Furniture Project (\$350,000)

FUND TOTAL: \$350,000
 - *Road Maintenance & Rehabilitation Program Fund*
 - Circulation Improvement Project – Fiscal Year 2026-27 (\$135,209)
 - Pavement Management Plan Project (Northbound Moulton Parkway between City Limits and Calle Cortez) (\$393,997)

FUND TOTAL: \$529,206
 - *Community Development Block Grant (CDBG) Fund*
 - Pedestrian Accessibility Improvement Project: Phase 10 (\$500,000)

FUND TOTAL: \$500,000
- GRAND TOTAL – FISCAL YEAR 2026-27: \$1,379,206
- 25.38% General Fund, 74.62% Special Revenue Funds

Unspent appropriations approved prior to July 1, 2026 are expected to be carried over to Fiscal Year 2026-27 for projects that are not yet complete, pursuant to Section 2.9.04(10) of Administrative Policy 2.9.

CAPITAL PROJECTS APPROPRIATIONS SUMMARY – PLANNED

The appropriations summarized below are planned for inclusion in future budgets and work plans. The City Council retains the ability to modify the CIP at its discretion and no funding commitment is created by planning for these projects. FUTURE OUTLOOK FOR CAPITAL IMPROVEMENT PROJECTS

Active Transportation Plan

Developing an Active Transportation Plan is included as a significant work plan item in this budget and work plan. Once adopted, it is anticipated that additional projects will be identified for inclusion in this CIP.

Closed-Circuit Television (CCTV) Cameras at Signalized Intersections

Members of the City Council have expressed interest in installing CCTV cameras at signalized intersections to allow the City's traffic engineers to monitor and observe traffic flow in real time. The CCTV cameras would not serve an enforcement purpose (i.e., they would not be red light cameras or speed cameras). Staff agrees that the installation of CCTV cameras would improve the City's traffic operations capabilities and anticipates identifying opportunities for installation as part of future CIPs. *(Note: Staff consulted with the California State Controller's Office and was informed that the installation of CCTV cameras cannot be funded using Fuel Tax monies. As such, it is anticipated that General Fund appropriations would be required.)*

Local Hazard Mitigation Plan

Updating the City's Local Hazard Mitigation Plan is included as a significant work plan item in this budget and work plan. As a result of that update and the implementation of General Plan Housing Element Program H-3.2.3, it is anticipated that additional projects will be identified for inclusion in this CIP.

Pavement Management Plan

The City's 10-year Pavement Management Plan will undergo its next biennial update in Fiscal Year 2025-26 for a term spanning fiscal years 2026-27 through 2035-36. As a result of that update, it is anticipated that additional pavement

management plan projects will be identified for inclusion in this CIP.

Statewide Water Quality Control Plans for Trash

The City is in the process of refining its strategy for complying with the State Water Resources Control Board's Statewide Water Quality Control Plans for Trash. As a result of that refinement, it is anticipated that additional projects will be identified for inclusion in this CIP.

Woods End Wilderness Preserve Detention Basin

During the design of the Woods End Wilderness Preserve Trail Drainage and Improvement Project, returning the detention basin located in Woods End Wilderness Preserve to a more natural condition was identified as a potential project to be added to this CIP in the future. To assist with the scoping of such a project, an engineering study to evaluate the hydrologic function and need of the detention basin should be completed.

Unfunded and/or Unscheduled Projects

The following projects are presently unfunded and unscheduled, but may be undertaken in the event funds are appropriated, grant funding is obtained, or funding otherwise becomes available:

- Bus Stop Relocation Project – Eastbound El Toro Road past Moulton Parkway
- City Hall Complex Emergency Backup Generator Project
- City Hall Refurbishment and Safety Project – Future Phases
- El Toro Road Green Street and Flood Relief Project
- Ridge Route Drive Utility Undergrounding Project
- Streetscape Enhancement Project – Moulton Parkway
- Streetscape Enhancement Project – Santa Maria Avenue

For additional information on presently unfunded and unscheduled projects, please refer to the worksheets beginning on page 8.0-47.

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

Circulation Improvement Project – Fiscal Year 2024-25

Funding Status: Funded (2024-25)

Priority

Alignment:

Healthy and safe

High in quality of life

Project Description

This project involves the addition of a safety light over a pedestrian crosswalk, the installation of new accessible pedestrian signals, the replacement of illuminated street name signs, and other traffic-related improvements.

Planned Safety Light Additions

- (1) Moulton Parkway/Via Campo Verde

Planned Accessible Pedestrian Signal Installations

- El Toro Road/Avenida Sevilla

Other Planned Improvements

- Pedestrian crosswalk button relocation – southeast corner of El Toro Road/Avenida Sevilla (east-west crosswalk)
- Traffic signal modification – southbound Moulton Parkway-facing side of Moulton Parkway/Via Iglesia
- New flashing yellow beacon and sign – southbound Moulton Parkway approaching Moulton Parkway/Via Iglesia
- Traffic signal backplate and visor replacements – El Toro Road/Avenida Sevilla, Moulton Parkway/Via Campo Verde, and Moulton Parkway/Via Iglesia

Purpose

This project is intended to improve the ease and safety of pedestrian and vehicular travel by increasing intersection and crosswalk visibility, as well as enhancing crosswalk operation.

Replacing traffic signal backplates and visors is also intended to serve a maintenance function. The new traffic signal backplates will include a retroreflective border strip around the outside edge of the front surface.

Though not explicitly called for in the General Plan Housing Element, this project supports Goal H-3 (*Administer housing and community development programs and activities in a manner to affirmatively further fair housing for all persons*) and Policy Objective H-3.1 (*Enhance access to housing*).

[Housing Element H-3.1.1 Analysis –
Circulation Improvement Project – Fiscal Year 2024-25]

Cost

The one-time cost of designing and constructing this project is estimated at \$193,181.15 (as of January 2025; subject to the completion of construction).

Funding

\$161,577.15 in American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds) funds and \$31,604 in General Fund monies will be used to fund this project.

- Fiscal Year 2024-24: Federal Grants Fund (\$161,577.15)

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

City Hall Complex Parking Lot Improvement Project

Funding Status: Partially Funded (2023-24, 2025-26)

Priority

Alignment:

Healthy and safe

Project Description

This project involves repaving the asphalt parking lot and driveways at the City Hall Complex (including adjusting grades and restriping); replacing cracked and lifted concrete curbs and gutters; improving overhead lighting; installing an additional dual-port, Level 2 electric vehicle charging station; laying conduit to accommodate potential future surveillance cameras and a step-up transformer to provide sufficient power for Level 3 electric vehicle charging stations; planting additional trees; and, refreshing landscaping.

Purpose

This project is intended to address maintenance needs and ensure that City Hall remains accessible, functional, safe, and secure. The work will safeguard and enhance the City's only public building and seat of government.

Cost

The one-time cost of designing this project is estimated at \$91,804. The one-time cost of constructing this project is not yet known. A construction budget will be considered after design documents are completed.

Funding

\$41,804 in American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds) funds and \$50,000 in General Fund monies will be used to fund this project.

- Fiscal Year 2023-24: Federal Grants Fund (\$41,804)
 - Fiscal Year 2025-26: General Fund/Capital Projects Fund (\$50,000)
- TOTAL: \$91,804

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

City Centre Park Enhancement Project

Funding Status: Partially Funded (2024-25)

Priority

Alignment:

Healthy and safe

Environmentally conscious

Project Description

This project involves redeveloping City Centre Park within a smaller footprint that allows for the co-location of a potential future fire station and adding shade from tree canopies, landscaping including manicured planter beds and educational signage for a botanic garden-type look, seating areas, and public art. Notable aspects of this project include the following:

- This project includes the City's first public art installation. The City will collaborate with one or more local artists to create an installation that highlights the area's Native American and agricultural history.
- This project includes the addition of habitat to support the breeding and migration of Monarch butterflies (generally, a variety of milkweed and nectar plants with staggered flowering or blooming times) and related educational signage.

Purpose

California Senate Bill 475 (Min, Chapter 287, Statutes of 2023) authorizes the City to use a portion of City Centre Park as a fire station and for public safety purposes, subject to the reinvestment of \$212,000 in capital improvements in the remaining City Centre Park. This project is intended to construct the capital improvements required by California Senate Bill 475 and enhance the recreational utility of City Centre Park.

Cost

The one-time cost of designing this project is estimated at \$125,000. The one-time cost of constructing this project is not yet known. A construction budget will be considered after design documents are completed.

Funding

General Fund monies will be used to fund this project (\$125,000).

It is anticipated that the Orange County Fire Authority will reimburse the City for costs associated with this project, subject to negotiation of the same in a lease agreement for use of a portion of City Centre Park as a fire station.

Project Title:

City Hall Refurbishment and Safety Project: Phase 4

Funding Status: Funded (2023-24, 2024-25)

Priority

Alignment:

Healthy and safe

Professionally and efficiently served

Project Description

This project involves refurbishments and safety improvements at City Hall.

Phase 4: Includes the replacement of windows, doors, balcony railing, and carpeting; construction of new ceilings, walls, windows, and doors; lighting improvement; heating, ventilation, and air conditioning improvement; and, other work related to accessibility, functionality, safety, and security.

Phase 4 (Elevator): Includes the modernization of the elevator machine room equipment, hall and car signals fixtures, hall and car door equipment, cab interior, and related control systems such as electrical and fire life safety.

Purpose

This project is intended to address maintenance needs and ensure that City Hall remains accessible, functional, safe, and secure. The work will safeguard and enhance the City's only public building and seat of government.

Cost

Phase 4: The one-time cost of designing and constructing this project is estimated at \$600,000 (as of October 2024; subject to the completion of construction).

Phase 4 (Elevator): The one-time cost of designing and constructing this project is estimated at \$322,482 (as of February 2025; subject to the completion of construction).

Funding

General Fund monies will be used to fund this project (\$922,482).

- Fiscal Year 2023-24: General Fund/Capital Projects Fund (\$250,000)

- Fiscal Year 2024-25: General Fund/Capital Projects Fund (\$350,000)
 - Fiscal Year 2024-25: General Fund/Capital Projects Fund (\$322,482)

Project Title:

City Hall Refurbishment and Safety Project: Phase 5

Funding Status: Partially Funded (2023-24, 2025-26)

Priority

Alignment:

Healthy and safe

Professionally and efficiently served

Project Description

This project involves refurbishments and safety improvements at City Hall. The scope of work includes the following:

- Remodel of the first-floor lobby, counter, and office areas
- Improvement of heating, ventilation, and air conditioning systems
- Other work related to accessibility, functionality, safety, and security

Purpose

This project is intended to address maintenance needs and ensure that City Hall remains accessible, functional, safe, and secure. The work will safeguard and enhance the City's only public building and seat of government.

Cost

The one-time cost of designing this project is estimated at \$85,000. The one-time cost of constructing this project (including temporary relocation of City Hall functions during construction) is not yet known; however, \$1,600,000 has been appropriated as a budgetary placeholder. A final construction budget will be considered after design documents are completed.

Funding

General Fund monies will be used to fund this project (\$1,685,000).

- Fiscal Year 2023-24: General Fund/Capital Projects Fund (\$85,000)
 - Fiscal Year 2025-26: General Fund/Capital Projects Fund (\$1,600,000)

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

Paseo de Valencia - Moulton Parkway Confluence Bypass Corridor Project

Funding Status: Funded (2024-25)

Priority

Alignment:

Healthy and safe

High in quality of life

Project Description

This project is a joint project with the City of Laguna Hills. While the City of Laguna Hills serves as the lead agency, the City's participation requires that the project be added to the Capital Improvement Program and the required 20% cost-share be appropriated.

Improvements within Laguna Woods include the following:

- *Fiber communication upgrades* – installation of fiber optic communications cables and peripheral communications equipment along the project corridor spanning the five signalized intersections listed below and at City Hall. This is anticipated to require a combination of boring and trenching within public street and sidewalk areas.
 - El Toro Road/Avenida Sevilla
 - El Toro Road/Church Intersection
 - El Toro Road/Moulton Parkway
 - Moulton Parkway/Laguna Woods Village Gates 12 & 16
 - Moulton Parkway/Santa Maria Avenue
- *Traffic signal equipment upgrades* – signal controller/cabinet modifications at the five signalized intersections listed above.

Purpose

Benefits of this project include:

- *Enhanced traffic management* – Fiber optic cables have a higher bandwidth than copper wires, which means they can carry more data at the same time. This is important for traffic signal communications, as

it allows for the transmission of high-resolution video images and real-time traffic data for proactive traffic management.

- *Improved traffic flow* – Fiber optic communication is more reliable than copper cable communication, and modern controllers have more features and faster processing speed than the controllers currently used by the City. This will allow for more immediate real-time data transfer between traffic signals and the City's traffic management system, enabling dynamic traffic signal timing adjustments and leading to smoother traffic flow and reduced congestion.
- *Improved safety* – Fiber optic communications and modern controllers can help improve safety by supporting advanced traffic management features that might be deployed in the future, such as adaptive/responsive traffic signal timing and vehicle-to-infrastructure ("V2I") communications. Advanced traffic management can help to reduce the risk of accidents.
- *Scalability* – Fiber optic networks and modern controllers are highly scalable, accommodating future growth and changes in traffic patterns.
- *Support for emerging technologies* – The improvements will pave the way for the integration of emerging technologies like connected and automated vehicles, which require robust traffic signal infrastructure.
- *Cost savings* – The improvements will result in cost savings as some of the traffic signal equipment improvements are necessary in the short term even if grant funding had not been obtained (in that case, the City would be responsible for all costs, as opposed to 20% of costs). Long-term operational savings are also anticipated due to reduced maintenance needs and improved traffic management.

Cost

The one-time cost of designing and constructing the Laguna Woods portion of this project is estimated at \$549,727 (as of October 2023; subject to the completion of design documents, construction drawings, and competitive bidding). The City will be responsible for 20% of costs (\$109,946).

Funding

General Fund monies will be used to fund the City's portion of project costs

(\$109,946). Grant funding from a 2024 Orange County Transportation Authority Regional Traffic Signal Synchronization Program (Project P) award will fund the balance of this project. The City of Laguna Hills, as the lead agency for this project, will account for and appropriate the grant award.

- Fiscal Year 2024-25: General Fund/Capital Projects Fund (\$109,946) – *satisfies the 20% match required by the 2024 Orange County Transportation Authority Regional Traffic Signal Synchronization Program (Project P) award*
TOTAL: \$109,946

Project Title:

Pavement Management Plan Project (Westbound El Toro Road between Calle Corta and City Limits)

Funding Status: Funded (2024-25)

Priority

Alignment:

Healthy and safe

High in quality of life

Estimated Useful Life: 15 years from completion date

Project Description

This project involves the rehabilitation of deteriorated pavement along the specified street section(s), including asphalt concrete pavement cold milling and repaving. The work may also include the adjustment of utility covers and valves to grade; re-establishment of survey monuments, painted striping, and pavement markings; relocation of vehicle stop lines back from crosswalks; reconstruction of curbs, gutters, and sidewalks; installation of green-colored pavement in bikeways; and, replacement of traffic signal backplates, visors, and illuminated street name signs.

Planned Illuminated Street Name Sign Replacements

- El Toro Road/Aliso Creek Road
- El Toro Road/Calle Corta

Purpose

This project is part of the City's 10-year Pavement Management Plan to extend the useful life and improve the quality of pavement on street sections rated at a Pavement Condition Index ("PCI") below 80. Ongoing pavement management helps to minimize the prolonged and more impactful work that typically accompanies projects involving significantly degraded pavement. As of October 2023, the specified street section had a PCI of 76.

Relocating vehicle stop lines back from pedestrian crosswalks is intended to promote expanded clearance zones for pedestrians.

Reconstructing curbs, gutters, sidewalks and other concrete road elements is intended to serve a maintenance function.

Installing green-colored pavement in bicycle lanes is intended to further consistency with Chapter 9C of the 2014 California Manual of Uniform Traffic Control Devices, which calls for the consideration of the use of green-colored pavement in bikeways where appropriate.

Replacing traffic signal backplates and visors is intended to serve a maintenance function. The new traffic signal backplates will include a retroreflective border strip around the outside edge of the front surface.

Replacing illuminated street names signs is intended to serve a maintenance function and improve wayfinding.

Cost

The one-time cost of designing and constructing this project is estimated at \$264,000 (as of March 2024; subject to the completion of design documents, construction drawings, and competitive bidding).

Funding

\$64,000 in Road Maintenance & Rehabilitation Program Fund monies, \$160,942.65 in American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds) funds, and \$200,000 in Coronavirus Response and Relief Supplemental Appropriations Act of 2021 – Non-STIP Program funds (“CRRSAA”) will be used to fund this project (\$264,000).

Project Description

This project involves the construction and refurbishment of drainage and entry facilities at Woods End Wilderness Preserve, as well as work related to accessibility, safety, and security.

Purpose

This project is intended to improve drainage and manage stormwater runoff from the Woods End Wilderness Preserve trail. The work will also enhance the safety, visibility, and condition of City-maintained park areas.

Cost

The one-time cost of constructing this project is estimated at \$272,560 (as of June 2022; subject to the completion of design documents, construction drawings, and competitive bidding).

Funding

\$47,012 in General Fund monies, \$188,048 in Proposition 68 (Per Capita) funds, and \$37,500 in American Rescue Plan Act (Coronavirus Local Fiscal Recovery Funds) funds will be used to fund this project.

Project Description

About the Pedestrian Accessibility Improvement Project

This project involves the improvement of pedestrian paths-of-travel, including elimination of gaps, lifts, and other uneven sidewalk surfaces; reconstruction of curb ramps; reconstruction of driveway crossings; and/or, replacement of detectable warnings. The work may also include the modification of right-of-way to increase navigable area and clearances.

Improvements are prioritized using factors including the following, which are identified in General Plan Housing Element Program H-3.1.1:

- The California Office of Environmental Health Hazard Assessment's California Communities Environmental Health Screening Tool ("CalEnviroScreen") scores for individual census tracts, with an emphasis on undertaking improvements in and around Census Tract 626.47 due to its comparatively higher CalEnviroScreen score, as feasible and economical; and
- Education domain scores from the California Tax Credit Allocation Committee ("TCAC")/HCD Opportunity Map, with an emphasis on undertaking improvements in and around Census Tract 626.22 due to its comparatively lower scores, as feasible and economical.

About Phase 9 – Primary Project

Phase 9 involves the reconstruction of the following driveway crossings:

- El Toro Road adjacent to the Lutheran Church of the Cross
- Santa Maria Avenue adjacent to Polly's Pies Restaurant & Bakery

About Phase 9 – Waitlist/Expanded Scope Project

If additional funding is available, Phase 9 will be expanded to include the installation of accessible pedestrian signals at the following intersections:

- El Toro Road/Calle Sonora
- El Toro Road/Home Depot & Town Centre
- El Toro Road/Moulton Parkway
- Moulton Parkway/Laguna Woods Village Gates 12 & 16
- Moulton Parkway/Via Campo Verde

Purpose

This project is intended to improve the ease and safety of pedestrian travel, while also promoting compliance with the federal Americans with Disabilities Act of 1990, Architectural Barriers Act of 1968, and Rehabilitation Act of 1973.

The improvements are also called for in the General Plan Housing Element as part of Goal H-3 (*Administer housing and community development programs and activities in a manner to affirmatively further fair housing for all persons*) and Policy Objective H-3.1 (*Enhance access to housing*).

Cost

Phase 9 – Primary Project

The one-time cost of designing and constructing this project is estimated at \$250,000 (as of December 2024; subject to the completion of design documents, construction drawings, and competitive bidding).

Phase 9 – Waitlist/Expanded Scope Project

The one-time cost of designing and constructing this project is estimated at \$250,000 (as of December 2024; subject to the completion of design documents, construction drawings, and competitive bidding).

Funding

The City anticipates using Community Development Block Grant (“CDBG”) monies to fund this project (\$250,000-\$500,000). The maximum CDBG award has been appropriated (\$500,000); however, if the City does not receive an award or is awarded an amount less than the maximum, the City Manager will reduce appropriations accordingly, pursuant to the authority set forth in Section 2.9.05 of Administrative Policy 2.9. No direct costs will be incurred until the effective date of a funding award.

Public Works Warehouse Project

Funding Status: Partially Funded (2025-26)

Priority Alignment:

Professionally and efficiently served

Project Description

This project involves the construction of a public works warehouse to store equipment, supplies, and materials, and serve as a staging area for the City’s construction projects. Facility needs are estimated to be 1,500-2,500 square feet, a portion of which could be outdoors.

Purpose

This project is intended to allow the City to take possession of, and better manage, its equipment, supplies, and materials, which are currently stored in a private facility in the city of Laguna Niguel. This project will also provide a construction staging location other than the City Hall Complex’s parking lot, which will reduce wear-and-tear on asphalt surfaces.

Cost

The one-time cost of designing and constructing this project is not yet known. \$50,000 has been appropriated to provide for site evaluation, conceptual design, and related due diligence. A design and construction budget will be considered after those efforts are completed and a site is selected.

Funding

General Fund monies will be used to fund this project (\$50,000).

Project Description

This project involves the replacement of all transit shelters and most street furniture on El Toro Road and Moulton Parkway with new transit shelters and street furniture.

Purpose

The transit shelters and most street furniture on El Toro Road and Moulton Parkway are currently supplied under a franchise agreement that ends on December 31, 2027. This project is intended to construct transit shelters and street furniture that better align with community aesthetics and needs, on or in advance of the anticipated expiration of that franchise agreement.

Cost

The one-time cost of designing this project is estimated at \$75,000. The one-time cost of constructing this project is not yet known; however, \$350,000 has been appropriated as a budgetary placeholder. A final construction budget will be considered after design documents are completed.

Project Description

About the Pedestrian Accessibility Improvement Project

This project involves the improvement of pedestrian paths-of-travel, including elimination of gaps, lifts, and other uneven sidewalk surfaces; reconstruction of curb ramps; reconstruction of driveway crossings; and/or, replacement of detectable warnings. The work may also include the modification of right-of-way to increase navigable area and clearances.

Improvements are prioritized using factors including the following, which are identified in General Plan Housing Element Program H-3.1.1:

- The California Office of Environmental Health Hazard Assessment's California Communities Environmental Health Screening Tool ("CalEnviroScreen") scores for individual census tracts, with an emphasis on undertaking improvements in and around Census Tract 626.47 due to its comparatively higher CalEnviroScreen score, as feasible and economical; and
- Education domain scores from the California Tax Credit Allocation Committee ("TCAC")/HCD Opportunity Map, with an emphasis on undertaking improvements in and around Census Tract 626.22 due to its comparatively lower scores, as feasible and economical.

About Phase 10 – Primary Project

Purpose

This project is intended to improve the ease and safety of pedestrian travel, while also promoting compliance with the federal Americans with Disabilities Act of 1990, Architectural Barriers Act of 1968, and Rehabilitation Act of 1973.

The improvements are also called for in the General Plan Housing Element as part of Goal H-3 (*Administer housing and community development programs and activities in a manner to affirmatively further fair housing for all persons*) and Policy Objective H-3.1 (*Enhance access to housing*).

Cost

Phase 10 – Primary Project

The one-time cost of designing and constructing this project is estimated at \$250,000 (as of April 2025; subject to the completion of design documents, construction drawings, and competitive bidding).

Phase 10 – Waitlist/Expanded Scope Project (either (A) or (B))

The one-time cost of designing and constructing this project is estimated at \$250,000 (as of April 2025; subject to the completion of design documents, construction drawings, and competitive bidding).

Funding

The City anticipates using Community Development Block Grant (“CDBG”) monies to fund this project (\$250,000-\$500,000). The maximum CDBG award has been appropriated (\$500,000); however, if the City does not receive an award or is awarded an amount less than the maximum, the City Manager will reduce appropriations accordingly, pursuant to the authority set forth in Section 2.9.05 of Administrative Policy 2.9. No direct costs will be incurred until the effective date of a funding award.

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

Bus Stop Relocation Project – Eastbound El Toro Road past Moulton Parkway

Funding Status: Unfunded

Priority Alignment:

Healthy and safe

High in quality of life

Projected Funding Plan: Unscheduled

Project Description

This project involves the relocation of the bus stop located on eastbound El Toro Road past the Mobil Station to a new location approximately 400 feet to the east, past the El Toro Road/Willow Tree Center (City Hall) driveway. A bus turnout and new shelter facilities will be constructed in the new location.

Purpose

This project is intended to improve the safety of vehicular travel by relocating the existing bus stop away from the three right-in/right-out driveways located in the approximately 225 feet of eastbound El Toro Road following the El Toro Road/Moulton Parkway intersection. Whereas the existing bus stop is located in a vehicular travel lane of El Toro Road, the relocated bus stop will include a bus turnout to allow buses to pull out of traffic for loading and unloading.

Cost & Funding

The one-time cost of designing and constructing this project is estimated at \$470,634 (as of April 2025; subject to the completion of design documents, construction drawings, and competitive bidding). Funding has not yet been identified; the City will seek grant opportunities.

Circulation Improvement Project – Fiscal Year 2027-28

Funding Status: Unfunded

Priority

Alignment:

Healthy and safe

High in quality of life

Projected Funding Plan: Fiscal Year 2027-28

Project Description

This project involves the addition of safety lights over pedestrian crosswalks and the replacement of illuminated street name signs.

Planned Safety Light Additions

- (2) El Toro Road/Calle Corta
- (1) El Toro Road/Canyon Wren Lane

Planned Traffic Signal Backplate and Visor Replacements

- El Toro Road/Calle Corta

Planned Illuminated Street Name Sign Replacements

- El Toro Road/Canyon Wren Lane

Purpose

This project is intended to improve the ease and safety of pedestrian and vehicular travel by increasing intersection and crosswalk visibility.

Replacing traffic signal backplates, visors, and illuminated street names signs is also intended to serve a maintenance function. The new traffic signal backplates will include a retroreflective border strip around the outside edge of the front surface. The new illuminated street name signs will include the City's logo consistent with previous City Council direction.

Though not explicitly called for in the General Plan Housing Element, this project supports Goal H-3 (*Administer housing and community development programs and activities in a manner to affirmatively further fair housing for all persons*) and Policy Objective H-3.1 (*Enhance access to housing*).

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

City Hall Complex Emergency Backup Generator Project

Funding Status: Unfunded

Priority Alignment:

Healthy and safe

Professionally and efficiently served

Projected Funding Plan: Unscheduled

Project Description

This project involves the addition of an emergency backup generator and automatic transfer switch to serve portions of the City Hall Complex (two buildings – City Hall and the Public Library). The generator will be capable of providing sufficient power to allow core functions and cooling center operations to continue for at least 24 hours of continuous use.

Purpose

This project is intended to ensure that the City Hall Complex remains accessible, functional, safe, and secure during power outages and Public Safety Power Shutdown (“PSPS”) events. The City Hall Complex contains the only public buildings in Laguna Woods that would be available for residents and other persons to obtain resources or respite during power outages and PSPS events. City Hall serves as the seat of government and offices for all City staff, as well as the City’s emergency operations center and cooling center. City Hall also regularly hosts a vote center during public elections.

- *82.2% of Laguna Woods residents are 65 or older, with an average age of 74.9 years (2020 U.S. Census) – Older adults, including persons who rely on electric life-sustaining equipment, are identified by the California Public Utilities Commission as particularly vulnerable to the effects of de-energization during PSPS events. Older adults are also considered to be access and functionally impaired, per California Government Code Section 8593.3(f)(1).*
- *Climate Change – Cooling centers are considered “local community resilience stations” established to mitigate the public health impacts of extreme heat and other emergency situations exacerbated by climate*

change (e.g., power outages/PSPS events) on local populations, per California Government Code Section 8593.3(f)(3)).

Cost & Funding

The one-time cost of designing and constructing this project is estimated at \$425,000 (as of April 2025; subject to the completion of design documents, construction drawings, and competitive bidding). Funding has not yet been identified; the City will seek grant opportunities.

Project Title:

**City Hall Refurbishment and Safety Project
FUTURE PHASES**

Funding Status: Unfunded

Priority

Alignment:

Healthy and safe

Professionally and efficiently served

Projected Funding Plan: Unscheduled

Project Description

This project involves refurbishments and safety improvements at City Hall.

The scope of work for future phases is expected to include the following:

- Remodel of the second-floor lobby and office areas
- Replacement of the red tile roof
- Other work related to accessibility, functionality, safety, and security

Purpose

This project is intended to address maintenance needs and ensure that City Hall remains accessible, functional, safe, and secure. The work will safeguard and enhance the City’s only public building and seat of government.

Cost & Funding

The one-time cost of designing the remodel of the second-floor lobby and office areas and replacement of the red tile roof is estimated at \$150,000. The one-time cost of constructing this project is not yet known. A construction budget will be considered after design documents are completed. The City anticipates that General Fund monies will be used to fund this project.

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

El Toro Road Green Street and Flood Relief Project

Funding Status: Unfunded

Priority Alignment:

High in quality of life

Projected Funding Plan: Unscheduled

Project Description

This project involves making “green street” improvements and upsizing the existing storm drain and catch basins on eastbound El Toro Road between Laguna Woods City Hall and the Valencia Center (approximately 0.5 linear miles). As part of this project, the eastbound sidewalk will be reconstructed to include natural stormwater management approaches that slow, filter, and cleanse stormwater runoff from impervious areas.

Purpose

This project is based on the findings of a hydrologic/hydraulic study that was commissioned by the City in 2019 to analyze recurring instances of localized flooding that affect both vehicle travel lanes and the joint-use pedestrian/bicycle/golf cart sidewalk. The work is intended to mitigate localized flooding resultant of a 10-year storm event.

- *El Toro Road carries significant traffic* – El Toro Road is an arterial highway identified on the 2024 Orange County Master Plan of Arterial Highways as “major” with a capacity of up to 45,000 average daily trips.
- *Climate Change* – State agencies and academic institutions (including the University of California) have long held that, despite drought conditions, precipitation and flood risk is likely to increase as a result of climate change. The 2021 California Climate Adaptation Strategy projects that Orange County will see “increased frequency and severity of rain events” and increased oscillation “between dry and wet weather extremes.”

Cost & Funding

The one-time cost of designing and constructing this project is estimated at \$1,950,000 (as of February 2025; subject to the completion of design documents, construction drawings, and competitive bidding). Funding has not yet been identified; the City will seek grant opportunities.

Project Title:

Pavement Management Plan Project FUTURE PHASES

Funding Status: Planned

Priority

Alignment:

Healthy and safe

High in quality of life

Projected Funding Plan: See table below

Estimated Useful Life: 15 years from each project's completion date

Project Description

This project involves the rehabilitation of deteriorated pavement along the specified street section(s), including asphalt concrete pavement cold milling and repaving. The work may also include the adjustment of utility covers and valves to grade; re-establishment of survey monuments, painted striping, and pavement markings; relocation of vehicle stop lines back from crosswalks; reconstruction of curbs, gutters, and sidewalks; installation of green-colored pavement in bikeways; and, replacement of traffic signal backplates, visors, and illuminated street name signs.

Purpose

This project is part of the City's 10-year Pavement Management Plan to extend the useful life and improve the quality of pavement on street sections rated at a Pavement Condition Index ("PCI") below 80. Ongoing pavement management helps to minimize the prolonged and more impactful work that typically accompanies projects involving significantly degraded pavement.

Relocating vehicle stop lines back from pedestrian crosswalks is intended to promote expanded clearance zones for pedestrians.

Reconstructing curbs, gutters, sidewalks and other concrete road elements is intended to serve a maintenance function.

Installing green-colored pavement in bicycle lanes is intended to further consistency with Chapter 9C of the 2014 California Manual of Uniform Traffic Control Devices, which calls for the consideration of the use of green-colored pavement in bikeways where appropriate.

Replacing traffic signal backplates and visors is intended to serve a maintenance function. The new traffic signal backplates will include a retroreflective border strip around the outside edge of the front surface.

Replacing illuminated street names signs is intended to serve a maintenance function and improve wayfinding.

Cost & Funding

Over the course of fiscal years 2025-26 through 2033-34, the one-time cost of constructing these projects is estimated to be at least \$2,294,408 (as of April 2025; subject to the completion of design documents, construction drawings, and competitive bidding). It is anticipated that Road Maintenance & Rehabilitation Program Fund monies will be used to fund these projects.

Project Title:

**Pedestrian Accessibility Improvement Project
FUTURE PHASES 11 THROUGH 19**

Funding Status: Planned

Priority Alignment:

Healthy and safe

High in quality of life

Projected Funding Plan: See table below

Project Description

About the Pedestrian Accessibility Improvement Project

This project involves the improvement of pedestrian paths-of-travel, including elimination of gaps, lifts, and other uneven sidewalk surfaces; reconstruction of curb ramps; reconstruction of driveway crossings; and/or, replacement of detectable warnings. The work may also include the modification of right-of-way to increase navigable area and clearances.

Improvements are prioritized using factors including the following, which are identified in General Plan Housing Element Program H-3.1.1:

- The California Office of Environmental Health Hazard Assessment's California Communities Environmental Health Screening Tool ("CalEnviroScreen") scores for individual census tracts, with an emphasis on undertaking improvements in and around Census Tract 626.47 due to its comparatively higher CalEnviroScreen score, as feasible and economical; and
- Education domain scores from the California Tax Credit Allocation Committee ("TCAC")/HCD Opportunity Map, with an emphasis on undertaking improvements in and around Census Tract 626.22 due to its comparatively lower scores, as feasible and economical.

In addition to any unconstructed improvements identified for phases 9 or 10 of the Pedestrian Accessibility Improvement Project, the following improvements will be prioritized in future phases:

Intersection Curb Ramp Improvements

- El Toro Road/Laguna Woods Village Equestrian Center
- El Toro Road/Moulton Parkway (will require replacement of the colored concrete within the pedestrian crosswalks)

Sidewalk Improvements

- Eastbound El Toro Road between the signalized Home Depot Center driveway and the Laguna Woods Village Equestrian Center driveway
- Westbound Santa Maria Avenue between Moulton Parkway and San Remo

Driveway Crossing Reconstruction

- El Toro Road/Willow Tree Center (ALDI Sign)
- El Toro Road/Willow Tree Center (Olive Garden)
- Moulton Parkway/Willow Tree Center (South of Mobil Station)
- Moulton Parkway/Willow Tree Center (The Coffee Bean & Tea Leaf)

Accessible Pedestrian Signal Installations

- El Toro Road/Aliso Creek Road
- El Toro Road/Lutheran Church & Catholic Church

Project Title:

Ridge Route Drive Utility Undergrounding Project

Funding Status: Unfunded

Priority
Alignment:

Healthy and safe

Projected Funding Plan: Unscheduled

Project Description

This project involves undergrounding approximately 2,100 linear feet of power lines located within the City’s street right-of-way on eastbound Ridge Route Drive between Peralta Drive and Avenida De La Carlota. *(Note: Staff has initiated communication with Southern California Edison to explore the feasibility of this project and begin to quantify associated costs.)*

Purpose

This project is intended to eliminate the fire risk created by the presence of power lines in an urban setting adjacent to a primary arterial highway (Ridge Route Drive).

Cost & Funding

The one-time cost of designing and constructing this project is not yet known. Funding has not yet been identified; it is anticipated that General Fund appropriations will be required.

CAPITAL IMPROVEMENT PROGRAM PROJECT WORKSHEET

Project Title:

Streetscape Enhancement Project – Moulton Parkway

Funding Status: Unfunded

Priority

Alignment:

High in quality of life

Environmentally conscious

Projected Funding Plan: Unscheduled

Project Description

This project involves refreshing four street medians on Moulton Parkway between Via Campo Verde and the southern City limit (approximately 0.6 linear miles) with additional trees and drought-tolerant landscaping.

Planned Enhancements

- Planting of Carrotwood trees in the three medians between Via Campo Verde and Via Iglesia
- Planting of Carrotwood trees and relandscaping of the median south of Calle Aragon to the City limit for greater visual consistency with the four medians between Via Campo Verde and Via Iglesia

Purpose

This project is intended to increase shade, improve air quality, reduce the urban heat island effect, and enhance streetscape aesthetics.

The planting of trees is specifically intended to beautify public property and achieve benefits set forth in the California Urban Forestry Act of 1978, as amended, including, but not limited to, expanding urban forest canopies, greening, increasing carbon sequestration, reducing impacts of the urban heat island effect, improving management of stormwater and dry weather runoff, improving local water capture and the efficient use of water for urban forest maintenance, and climate adaptation.

Cost & Funding

The one-time cost of designing and constructing this project is estimated at \$225,000 (as of April 2025; subject to the completion of design documents, construction drawings, and competitive bidding). Funding has not yet been identified; the City will seek grant opportunities.

Project Description

This project involves retrofitting four street medians on Santa Maria Avenue between its eastern terminus and Moulton Parkway (approximately 0.6 linear miles) with additional trees and drought-tolerant landscaping.

Purpose

This project is intended to increase shade, improve air quality, reduce the urban heat island effect, and enhance streetscape aesthetics.

The planting of trees is specifically intended to beautify public property and achieve benefits set forth in the California Urban Forestry Act of 1978, as amended, including, but not limited to, expanding urban forest canopies, greening, increasing carbon sequestration, reducing impacts of the urban heat island effect, improving management of stormwater and dry weather runoff, improving local water capture and the efficient use of water for urban forest maintenance, and climate adaptation.

Cost & Funding

The one-time cost of designing and constructing this project is estimated at \$375,000 (as of April 2025; subject to the completion of design documents, construction drawings, and competitive bidding). Funding has not yet been identified; the City will seek grant opportunities.

Administrative Policy 2.9 (Budgeting, Reserves, and Reporting)

This page is intentionally blank.

**CITY OF LAGUNA WOODS
ADMINISTRATIVE POLICY 2.9**

BUDGETING, RESERVES, AND REPORTING

2.9.01. Statement of Purpose.

This Administrative Policy is intended to provide a framework for the development of the City of Laguna Woods' budget, with an emphasis on balance, transparency, fiscal responsibility, and long-term planning, as well as related financial reporting.

2.9.02. Budget Periods.

The City operates on a fiscal year beginning on July 1 and ending on the following June 30. The City Manager shall present a proposed biennial fiscal years budget to the City Council no later than June 30 of each odd-numbered year.

2.9.03. Budget Adoption.

The City Council shall adopt a budget for the upcoming two fiscal years no later than June 30 of each odd-numbered year. Such adoption shall occur at a public meeting duly noticed pursuant to all applicable provisions of California Government Code (Ralph M. Brown Act). Members of the public shall have an opportunity to comment on the proposed budget prior to adoption.

2.9.04. Budget Standards.

1. The budget and the underlying accounting shall be prepared in accordance with applicable law and Generally Accepted Accounting Principles (GAAP) for municipal governments on a modified accrual basis.
2. The budget shall be adopted at the fund level. Sufficient detail shall be provided in accompanying narrative to describe significant programs, projects, and services, as well as employee staffing levels.
3. The budget shall be developed using conservative projections of revenue and expenditure levels. Projections shall consider economic forecasts and data from multiple sources, including independent analysis of the two largest sources of ongoing General Fund revenue – property tax and sales tax.

4. The budget development process is intended to weigh competing requests for City resources within anticipated fiscal constraints. Notwithstanding emergency needs and circumstances that may dictate otherwise, requests for new, ongoing programs made outside of the budget development process are discouraged.
5. Current fiscal year revenues should fund current fiscal year expenditures. Use of the unassigned General Fund balance should be limited to one-time projects, capital improvement projects, the payment of long-term liabilities for periods beyond the current fiscal year, and emergency expenditures.
6. Unless specifically restricted by law, GAAP, a funding source, or an agreement, revenues shall be deposited in the General Fund and allocated in accordance with this Administrative Policy. Restricted revenues shall be deposited and allocated as required, including in a manner that ensures that revenues are spent and/or obligated for eligible purposes within required timeframes.
7. Grant funds are often distributed on a reimbursement basis, meaning that the City is required to make expenditures in advance of receiving the offsetting revenue. The unassigned General Fund balance may be used to make temporary “loans” to grant-funded programs, projects, and services until reimbursements are received. Such temporary “loans” are not reflected in the budget.
8. In order to assist with the long-term development of funding for major capital improvement projects on public property, an 11-year Capital Improvement Program (CIP) for “major capital improvements projects” shall be adopted as a part of each budget. To comply with Orange County Transportation Authority requirements for maintaining eligibility to receive Measure M2 (OC Go) funds, a CIP shall also be adopted at each fiscal year intervening biennial budget adoptions. The adoption of intervening CIPs may also necessitate amendment of adopted budgets. A “major capital improvement project” is any project that meets the definition of a “public project” in California Public Contracts Code Section 22002, including “construction, reconstruction, erection, alteration, renovation, improvement, demolition, and repair work” of facilities owned, leased, or operated by the City, as well as any non-minor “painting or repainting.” Maintenance is not considered a public project. A “major capital improvement project” also includes pavement management work included in the City’s 10-year Pavement Management Plan, work that is required to be included in the CIP for Measure M2 (OC Go) eligibility, and any other project so-designated by the City Council.

9. While the first two years of the 11-year CIP are included in the budget, the City Council shall retain the ability to modify the CIP at its discretion and no funding commitment is created by the inclusion of unfunded projects or projects phased for future fiscal years.
10. With the exception of CIP and non-operating project budgets, which shall be automatically carried over until the project is completed, carryovers of budget appropriations between fiscal years require approval of the City Council. All carryovers of budget appropriations between fiscal years shall be finalized and all necessary accounting entries made within 60 days of the submission of each Annual Comprehensive Financial Report to the City Council. Once a CIP or non-operating project is completed, the balance remaining within the budget shall be automatically returned to the fund from which it originated.

2.9.05. Budget Adjustments.

During fiscal years, circumstances may require adjustment of the appropriations established in the adopted budget. The City Manager is authorized to make budget adjustments within adopted fund-level appropriations, and may also reduce adopted fund-level appropriations, based on economic conditions or the needs of the City. Increases in adopted-fund level appropriations require City Council approval.

2.9.06. Reserves and Fund Balance.

Reserves are a key component of fiscal responsibility and financial resilience. They provide the City with options for responding to unanticipated events and risk.

Reserves are set aside as a part of fund balance. The term “fund balance” is used to describe the net position of the General Fund and other governmental funds. There are five categories of fund balance recognized by the Governmental Accounting Standards Board: *nonspendable*, *restricted*, *committed*, *assigned*, and *unassigned*. The committed, assigned, and unassigned categories are collectively known as “unrestricted fund balance.” Unrestricted fund balance may be considered the financial resources that are available, or are capable of being made available, for periodic, unanticipated, and emergency needs, without limitation.

The City shall evaluate the adequacy of the overall target for committed and assigned reserves and individual targets by reserve category contained in this Administrative Policy at least as frequently as each biennial budget development process. In doing so, the City shall consider current and future risk and funding obligations that may

impact reserve levels, as well as best practices established by the Government Finance Officers Association and other authoritative entities.

The time and method for replenishment of reserves shall be defined following use thereof, based on the category of reserve, reason required, amount used, and other relevant factors. The City shall strive to replenish reserve balances within three years of use. Funds for replenishment may be drawn from one-time revenues, excess revenues, year-end surpluses, reductions in appropriations, or other means deemed appropriate at the time reserve funds are used. A long-term perspective shall be considered when evaluating methods for replenishment.

Overall Target for Committed and Assigned Reserves

Based on risk assessment and long-term projection of potential reserve needs, the overall target for committed and assigned reserves shall be established in an amount equal to at least 50% of the adopted General Fund revenue budget at the beginning of each fiscal year (July 1), less any one-time revenues and non-operating revenues. Although annual revenues may fluctuate, they have historically been more stable than annual appropriations, allowing for greater consistency in committed and assigned reserve calculations year-over-year. The fund balance equal to the overall target for committed and assigned reserves shall be allocated first to other committed and assigned reserves and then to the General Fund Contingency Fund.

Committed and Assigned Reserves

Paid Leave Contingency Reserve

The City shall maintain a Paid Leave Contingency Reserve with an annual target equal to projected accrued paid leave balances at the end of each fiscal year (June 30), in accordance with the City's paid leave policies and obligations. An estimate of the annual target shall be adopted as a part of the City's budget and finalized by City Council action after fiscal-year-end calculations are available.

The City Manager is authorized to make expenditures from the Paid Leave Contingency Reserve in amounts necessary to comply with the City's paid leave policies and obligations (e.g., the payment of accrued paid leave upon an employee's separation from the City). The Administrative Services Director/City Treasurer shall notify the City Council of all expenditures made from the Paid Leave Contingency Reserve as a part of the quarterly budget reporting described in Section 2.9.09.

Self-Insurance Contingency Reserve

The City shall maintain a Self-Insurance Contingency Reserve for legal judgements liability and workers' compensation claim settlements not covered by insurance policies. In developing the annual target for this reserve, the City shall consider its five-year claims settlement history, the status of any pending claims and litigation, and any reasonably anticipated future claims activity and litigation.

The City Manager is authorized to make expenditures from the Self-Insurance Contingency Reserve in the amount of any claim settlements approved by the City Council. Payments for legal judgements and all other expenditures from the Self-Insurance Contingency Reserve require approval of the City Council.

General Contingency Reserve

The City shall maintain a General Contingency Reserve for economic uncertainty, operating contingencies, and emergencies caused by calamitous events. This reserve shall be established, annually, in an amount not less than the current overall target for total reserves less the amounts set aside for other reserves. Expenditures from the General Contingency Reserve require City Council approval.

Unassigned General Fund Balance

In addition to committed and assigned reserves, unassigned General Fund balance is available for any governmental purpose and can be appropriated upon direction from the City Council. Use of the unassigned General Fund balance should be limited to one-time projects, capital improvement projects, the payment of long-term liabilities for periods beyond the current fiscal year, and emergency expenditures.

2.9.07. Unfunded Accrued Liability for Pension Plans.

The City shall maintain an irrevocable Internal Revenue Code Section 115 trust fund to prefund employer contributions to California Public Employees' Retirement System (CalPERS) pension plans.

The City shall consider making lump sum payments to reduce unfunded accrued liability (UAL) for CalPERS pension plans at least as frequently as each biennial budget development process. The City shall strive to maintain an at least 80% funded level for all CalPERS pension plans.

2.9.08. Trust Funds.

Other Post-Employment Benefits Prefunding Trust Fund

The City shall maintain an irrevocable Internal Revenue Code Section 115 trust fund to prefund other post-employment benefit (OPEB) liability incurred as a result of state-mandated retiree medical obligations. The City shall strive to maintain an at least 80% prefunding level calculated at least as frequently as CalPERS requires employers to prepare actuarial valuations of OPEB liability for participation in the California Employers' Retiree Benefit Trust Fund.

Contributions to the trust fund require approval of the City Council. Expenditures from the trust fund shall be made in a manner approved by the City Council.

Pension Prefunding Trust Fund

The City shall maintain an irrevocable Internal Revenue Code Section 115 trust fund to prefund pension liability incurred as a result of participation in CalPERS. The City shall strive to maintain a minimum balance of \$670,000 in the trust fund (the sum of the five most recent lump sum payments made by the City to pay off the entirety of its then-current UAL, as of January 1, 2025, rounded to the nearest ten thousand). After reaching a minimum balance of \$670,000, the City Council shall consider establishing new goals for the trust fund.

To reach a minimum balance of \$670,000, the City shall consider making at least annual contributions to the trust fund equal to 50% of the audited increase in the General Fund fund balance at the end of each fiscal year, beginning with Fiscal Year 2024-25. For fiscal years when there is no increase in the audited General Fund fund balance, the City shall consider contributing an alternative amount.

Contributions to the trust fund require approval of the City Council. Expenditures from the trust fund shall be made in a manner approved by the City Council.

2.9.09. Reporting.

1. The Administrative Services Director/City Treasurer shall prepare and submit an Annual Comprehensive Financial Report (ACFR) with each of the sections prescribed by GASB, including an independent audit performed by a qualified firm, to the City Council within eight months of the end of each fiscal year. The City shall strive for submission of the ACFR to the City Council within six

months of the end of each fiscal year and an unqualified audit opinion.

2. The Administrative Services Director/City Treasurer shall prepare and submit a quarterly budget report to the City Council within 60 days of the end of each quarter. The report shall include actual year-to-date revenues and expenditures by fund; information regarding any change in revenue projections or anticipated expenditures that is likely to impact the ability to carry out budgeted activities; and, notification of all expenditures made from the Paid Leave Contingency Fund and Self-Insurance Contingency Fund during the subject quarter.
3. The Administrative Services Director/City Treasurer shall prepare and submit a monthly investment report to the City Council within 30 days of the end of each month. The report shall include the information specified in Section 2.2.17 of Administrative Policy 2.2.
4. The City Council may request additional or supplemental budget, investment, or financial reports at any time by providing direction to the City Manager.

2.9.10. Relationship to Federal and State Laws.

Where federal or state laws are more restrictive than or contradict this Administrative Policy, such laws shall take precedence. Where this Administrative Policy is more restrictive than federal or state laws, this Administrative Policy shall take precedence. The Administrative Services Director/City Treasurer shall advise the City Council of any contradictions of federal or state law for consideration during each biennial budget development process.

APPENDIX E

Appendix E defines terms and acronyms used in this budget and work plan. Individuals with questions regarding these or other terms or acronyms are encouraged to contact the City's Administrative Services Department.

GLOSSARY OF TERMS AND ACRONYMS

AMERICANS WITH DISABILITIES ACT (ADA): The Americans with Disabilities Act is a federal law that prohibits discrimination and ensures equal opportunity for individuals with disabilities in employment, government services, public accommodations, commercial facilities, and transportation.

ANNUAL COMPREHENSIVE FINANCIAL REPORT (ACFR): A set of annual financial statements comprising the financial report of a state, municipal, or other governmental entity that complies with the accounting requirements promulgated by the Governmental Accounting Standards Board. The Annual Comprehensive Financial Report includes introductory, financial, and statistical information about the governmental entity.

APPROPRIATION: A legal authorization granted by the City Council to make expenditures or incur obligations for specified purposes.

ASSESSED VALUATION: The monetary value assigned to personal property by the Orange County Assessor's Office for use in levying property taxes.

BEVERAGE CONTAINER RECYCLING PROGRAM: A grant program administered by the State of California to promote beverage container recycling, pursuant to the Beverage Container Recycling and Litter Reduction Act of 1987.

BUDGET: A financial plan that identifies revenues; specific types and levels of services to be provided; and, associated expenditures.

CAPITAL IMPROVEMENT PROGRAM (CIP): A planning tool to assist the City with the long-term development of funding for major capital improvement projects on public property. The Capital Improvement Program is adopted for a seven-year period in accordance with Measure M2 (OC Go) requirements.

CAPITAL PROJECTS FUND: A fund used to account for transfers from the General Fund that are reserved for capital improvement purposes. The Capital Projects Fund is combined with the General Fund for the purpose of reporting in the Annual Comprehensive Financial Report.

COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG): A grant program that is subject to federal appropriation and intended to assist counties and cities with local community development needs.

COMPONENT UNIT: Government Accounting Standards Board Statement No. 61 (November 2010), Paragraph 20, defines a "component unit" as a legally separate organization for which the City Council is financially accountable or other organizations for which the nature and significance of their relationship with the City are such that exclusion would cause the City's financial statements to be misleading.

DEPARTMENT: An organizational unit of the City that has direct management responsibility for a group of related programs and services.

EXPENDITURE: A decrease in net financial resources representing the actual payment for goods and services or the accrual thereof.

FEES: Charges levied by the City for providing programs or services.

FISCAL YEAR (FY): The annual period designated by the City for the beginning and ending of financial transactions. The City's fiscal year begins on July 1 of each year and ends on June 30 of each subsequent year.

FUEL TAX: A tax generated by a per gallon excise tax on fuel used to propel motor vehicles or aircraft pursuant to California Constitution Article XIX Section 1; Revenue and Tax Code sections 7301-8404 and 8601-9355; and, Streets and Highways Code sections 2100 et seq. The City uses Fuel Tax revenue to support the maintenance, operation, and construction of roads and right-of-way.

FULL-TIME EQUIVALENTS (FTE): The amount of time for which a position has been budgeted, stated in terms of the fraction of time that a regular, full-time employee normally works in a year. For example, a full-time employee (1 FTE) normally works 2,080 hours in a year, while a 0.45 FTE employee normally works 936 hours in a year (2,080 hours x 0.45 = 936).

FUND: A self-balancing set of accounts to record revenues and expenditures associated with a specific purpose or funding source.

FUND BALANCE: The difference between assets and liabilities for a particular fund. Fund balance represents the amount available for future expenditures.

GENERAL FUND: The City's primary operating fund. The General Fund is used to account for the proceeds of specific revenue sources that are not legally restricted to expenditures for specified purposes.

GENERAL PLAN: A comprehensive, long-term planning document that the City is required to develop and maintain for the physical development of land within its boundaries and any relational land outside of its boundaries. The City's current General Plan is available at www.cityoflagunawoods.org.

GRANT: Contributions, gifts of cash, or other assets from a government entity or other organization to be expended for a specific purpose.

INFRASTRUCTURE: The underlying physical foundation or basic framework of the City, including buildings, parks, roadways, parkways, medians, sidewalks, traffic signals, and other related facilities and fixtures.

INTER-FUND TRANSFERS: The flow of assets from one fund to another without an equivalent flow of assets in return or a requirement for repayment. Inter-fund transfers are often used to finance capital projects or support the operations of special funds.

LAGUNA WOODS CIVIC SUPPORT FUND: A nonprofit public benefit corporation established by the City with a specific and primary purpose of raising and distributing funds to support programs, projects, and services of the City, as well as functioning as a "friends of the library" group in support of the Laguna Woods branch of the County of Orange's public library system.

MEASURE M2 (OC Go): A ballot measure that Orange County voters approved in 2006 to increase the countywide sales tax rate through 2041 by one-half cent for the purpose of funding transportation projects and activities. It was preceded by Measure M, a ballot measure that Orange County voters approved for similar purposes in 1990, and is now referred to as "OC Go."

MOBILE SOURCE REDUCTION: Funding generated by the State of California's Assembly Bill 2766 Subvention Program to support measures and projects that reduce mobile vehicle emissions.

MODIFIED ACCRUAL BASIS: The basis of accounting in which revenues are recognized if the underlying transaction has occurred as of the last day of the

fiscal year and the amount is measurable and available to finance expenditures of the current period (i.e., the actual collection will occur either during the current period, or after the end of the current period, to be used to pay current year-end liabilities). Expenditures are recognized when the obligations are created, except for amounts payable from future fiscal year appropriations. [State of California, Department of Finance, *Finance Glossary of Accounting and Budgeting Terms* (2017)]

OPERATING BUDGET: A budget established for the “day-to-day” delivery of City programs and services. The Operating Budget is exclusive of limited-term expenditures, including capital improvement projects.

PRIORITY FOCUS AREAS: Priorities established by the City Council to articulate the goals and intended outcomes of the City’s budget and work plan. The Priority Focus Areas for Fiscal Years 2021-23 are: *A City that is... healthy and safe, high in quality of life, environmentally conscious, economically prosperous, fiscally responsible, and professionally and efficiently served.*

PROPERTY TAX: An ad valorem tax imposed on personal property, pursuant to California Constitution Article XIII and XIII A; Revenue and Tax Code sections 95 and 97. Property tax is collected by the County of Orange and distributed to the City throughout the fiscal year.

PROPERTY TAX IN LIEU OF VEHICLE LICENSE FEES (VLF): Revenues resultant of a tax swap approved by the California State Legislature in 2004 that eliminated State General Fund payments to cities as compensation for revenue lost from vehicle license fee rate cuts and added property tax transfers in lieu.

PROPERTY TRANSFER TAX: A tax on the recordation of documents transferring ownership of land or real property. Property transfer tax is established by cities and counties and is collected by the County of Orange at a rate of \$1.10 per \$1,000 of the assessed value of the real estate being transferred. The City and the County each receive 50% of the property transfer taxes collected.

PUBLIC, EDUCATIONAL, AND GOVERNMENTAL (PEG) FEES: Fees collected by the City from franchised video service providers operating within the City to support PEG-related purposes consistent with state and federal law.

RESERVE: A separate account maintained to proactively set aside money for unforeseen and/or unusual expenditures.

REVENUE: Income received by the City.

ROAD MAINTENANCE & REHABILITATION PROGRAM: In April 2017, Governor Brown signed the Road Repair and Accountability Act of 2017 (Senate Bill 1) into law, which increased the funds available to cities for public road maintenance and rehabilitation. The City accounts for Senate Bill 1 revenue in the Road Maintenance & Rehabilitation Program Fund.

SALES TAX: A tax imposed on the total retail price of any tangible personal property and the use or storage of such property when sales tax is not paid pursuant to California Constitution Article XIII sections 25.5(a)(2) and 29; Revenue and Tax Code sections 7200 et seq. The City currently receives 1% of the 7.75% sales tax charged within Laguna Woods. The City also receives a share of the 0.5% sales tax levied by Measure M2 (OC Go) throughout Orange County, which is reported as Measure M2 (OC Go) revenue in this budget and the City's annual financial statements.

SENIOR MOBILITY: The City's Senior Mobility Program subsidizes the cost of taxi travel for Laguna Woods residents who are at least 60 years of age. The City uses the Senior Mobility Fund to account for revenues that are used to support the Senior Mobility Program, including Measure M2 (OC Go) Senior Mobility funds, Transportation Development Act funds, fees paid by participants, and any transfers from the General Fund to offset unanticipated expenditures (e.g., costs associated with higher than projected demand).

SERVICE AUTHORITY FOR ABANDONED VEHICLES: Orange County's Service Authority for Abandoned Vehicles was formed in 1991 to assist with the abatement of abandoned vehicles. Fees were collected by the State of California from annual vehicle registrations and allocated to cities through local service authorities. The collection of fees ended in 2012.

SPECIAL REVENUE FUNDS: Funds used to account for the proceeds of revenue sources that are legally restricted to expenditures for specified purposes.

SUPPLEMENTAL LAW ENFORCEMENT SERVICES: A source of local revenue that was included in the State of California's Local Law Enforcement Services Act of 2011, which realigned a variety of formerly state law enforcement programs by shifting responsibilities to local authorities. The City receives a minimum of \$100,000 in Supplemental Law Enforcement Services revenue each year to offset a portion of qualifying law enforcement costs.

TRANSIENT OCCUPANCY TAX (TOT): A tax levied at a rate of 10% of the rent charged for most hotel stays and short-term rentals, pursuant to California Revenue and Tax Code sections 7280 and 7281. Transient occupancy tax is

collected by hotel and short-term rental operators, and then paid to the City.

USED OIL/OIL PAYMENT PROGRAM: A grant program administered by the State of California, as required by the California Public Resources Code, to promote used oil recycling.

YEAR-END: The end of the City's fiscal year (June 30).

SECTION 5. From the effective date of said budget, the total amount as stated therein for the operating budget shall be, and is, appropriated subject to expenditure pursuant to all applicable ordinances of the City of Laguna Woods and statutes of the State of California. The operating budget may be reallocated by the City Manager providing there is no change in the total appropriations within any fund as authorized by the City Council.

SECTION 6. The City Manager is authorized to make budget adjustments within adopted fund-level appropriations, and may also reduce adopted fund-level appropriations, based on economic conditions or the needs of the City. Increases in adopted-fund level appropriations require City Council approval.

SECTION 7. The City Manager may decrease revenue estimates to reflect economic change during the fiscal year and may reduce expenditure appropriations as a method of fiscal control.

SECTION 8. At the close of Fiscal Year 2024-25, all appropriations shall lapse, except that unexpended appropriations shall be encumbered as necessary to underwrite the expense of outstanding purchase commitments. Unexpended appropriations for capital improvements projects and non-operating projects shall be automatically carried over to Fiscal Year 2025-26, unless the project is completed.

SECTION 9. At the close of Fiscal Year 2025-26, all appropriations shall lapse, except that unexpended appropriations shall be encumbered as necessary to underwrite the expense of outstanding purchase commitments. Unexpended appropriations for capital improvements projects and non-operating projects shall be automatically carried over to Fiscal Year 2026-27, unless the project is completed.

SECTION 10. The Mayor shall sign this resolution and the City Clerk shall attest and certify to the passage and adoption thereof.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, ADOPTING A NEW 11-YEAR CAPITAL IMPROVEMENT PROGRAM FOR FISCAL YEARS 2025-26 THROUGH 2035-36, IN CONFORMANCE WITH APPLICABLE CITY POLICIES AND DISCRETION

WHEREAS, City Administrative Policy 2.9 establishes the following policy related to the adoption of capital improvement programs:

“In order to assist with the long-term development of funding for major capital improvement projects on public property, an 11-year Capital Improvement Program (CIP) for “major capital improvements projects” shall be adopted as a part of each budget. To comply with Orange County Transportation Authority requirements for maintaining eligibility to receive Measure M2 (OC Go) funds, a CIP shall also be adopted at each fiscal year intervening biennial budget adoptions. The adoption of intervening CIPs may also necessitate amendment of adopted budgets. A “major capital improvement project” is any project that meets the definition of a “public project” in California Public Contracts Code Section 22002, including “construction, reconstruction, erection, alteration, renovation, improvement, demolition, and repair work” of facilities owned, leased, or operated by the City, as well as any non-minor “painting or repainting.” Maintenance is not considered a public project. A “major capital improvement project” also includes pavement management work included in the City’s 10-year Pavement Management Plan, work that is required to be included in the CIP for Measure M2 (OC Go) eligibility, and any other project so-designated by the City Council.”

; and

WHEREAS, publicly noticed City Council meetings were held on March 19, 2025, April 16, 2025, May 21, 2025, May 28, 2025, June 18, 2025, and June 25, 2025, to discuss and provide direction to staff on the development of the Fiscal Years 2025-36 Capital Improvement Program (“CIP”) and allow opportunities for public input; and

WHEREAS, the City Manager presented the proposed Fiscal Years 2025-36 CIP to the City Council on June 25, 2025; and

WHEREAS, the Fiscal Year 2025-26 expenditures identified in the Fiscal Years 2025-36 CIP are consistent with the City’s adopted Fiscal Year 2025-27 Budget; and

WHEREAS, the Fiscal Year 2026-27 expenditures identified in the Fiscal Years 2025-36 CIP are consistent with the City’s adopted Fiscal Year 2025-27 Budget.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, DOES HEREBY RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. The City’s 11-Year Capital Improvement Program for Fiscal Years 2025-26 through 2035-36 is adopted in conformance with applicable City policies and discretion, as attached hereto as Exhibit A and incorporated herein by reference. Exhibit A replaces and supersedes all previous capital improvement programs adopted by the City Council for all or a portion of fiscal years 2025-26 through 2035-36.

SECTION 2. The Mayor shall sign this resolution and the City Clerk shall attest and certify to the passage and adoption thereof.

PASSED, APPROVED AND ADOPTED on this XX day of XX 2025.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, ADOPTING A STATEMENT OF THE TRANSPORTATION-RELATED PROJECTS AND MEASURE M2 (OC GO) BUDGETS INCLUDED IN THE CAPITAL IMPROVEMENT PROGRAM FOR FISCAL YEARS 2025-26 THROUGH 2031-32, IN CONFORMANCE WITH MEASURE M2 (OC GO) REQUIREMENTS

WHEREAS, the City of Laguna Woods (“City”) seeks to maintain its eligibility to receive apportionments of Measure M2 (OC Go) sales tax revenues that can be used to fund transportation-related projects and programs; and

WHEREAS, a prerequisite of such eligibility for the City is the annual filing of a Measure M2 (OC Go) eligibility package for review and approval by the Orange County Transportation Authority (“OCTA”); and

WHEREAS, a required component of the Measure M2 (OC Go) eligibility package is an adopted seven-year Capital Improvement Program that includes, at a minimum, all programs and projects which are needed to meet and maintain adopted levels of service and performance standards, in addition to all projects and programs proposed to receive Measure M2 (OC Go) funding; and

WHEREAS, the Capital Improvement Program, for the purpose of Measure M2 (OC Go) eligibility, is recognized as a program and project finance and planning tool to assist the City in the long-term development and funding of transportation-related programs and projects, and not a budget commitment beyond the fiscal year(s) for which budgets have been adopted by the City Council; and

WHEREAS, the City updates the Capital Improvement Program annually to include adjustments to funding and project schedules; and

WHEREAS, the City has identified the development and adoption of an 11-year Capital Improvement Program that includes both transportation and non-transportation-related programs and projects as a prudent action to assist with long-term financial planning; and

WHEREAS, OCTA requires that the City Council adopt a statement of the transportation-related projects and Measure M2 (OC Go) budgets included in the next seven years of the City’s 11-year Capital Improvement Program in the format

generated by the OCTA’s OCFundtracker database.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, DOES HEREBY RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. The OCFundtracker database-generated statement of the transportation-related projects and Measure M2 (OC Go) budgets included in the City’s Capital Improvement Program for fiscal years 2025-26 through 2031-32 is adopted in conformance with Measure M2 (OC Go) requirements, as attached hereto as Exhibit A and incorporated herein by reference. Exhibit A replaces and supersedes all previous OCFundtracker database-generated statements of the transportation-related projects and Measure M2 (OC Go) budgets included in the City’s Capital Improvement Program for fiscal years 2025-26 through 2031-32 adopted by the City Council for all or a portion of fiscal years 2025-26 through 2031-32.

SECTION 2. This resolution shall be used for no other purpose than to satisfy requirements for the City to maintain Measure M2 (OC Go) eligibility.

SECTION 3. The Mayor shall sign this resolution and the City Clerk shall attest and certify to the passage and adoption thereof.

PASSED, APPROVED AND ADOPTED on this XX day of XX 2025.

SHARI L. HORNE, Mayor

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, ADOPTING THE ANNUAL APPROPRIATIONS LIMIT (GANN LIMIT) FOR FISCAL YEAR 2025-26 COMMENCING JULY 1, 2025 AND ENDING JUNE 30, 2026, IN ACCORDANCE WITH ARTICLE XIII B OF THE CALIFORNIA STATE CONSTITUTION

WHEREAS, Article XIII B of the California State Constitution restricts the appropriations growth rate for cities and other local jurisdictions; and

WHEREAS, annual appropriations limits established pursuant to Article XIII B of the California State Constitution (sometimes referred to as “Gann Limits”) are required to be modified on an annual basis for changes in population and inflation according to calculation methods established by California’s Proposition 111 (1990); and

WHEREAS, in November 2002, Laguna Woods voters established a base annual appropriations limit for the City of \$4,165,544; and

WHEREAS, the City has complied with the provisions of Article XIII B of the California State Constitution in determining an appropriations limit for Fiscal Year 2025-26; and

WHEREAS, the City has complied with California Government Code Section 7910 by making documentation regarding its determination available for public review at least 15 days prior to adoption.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, DOES HEREBY RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. That the adjustment factors for the annual appropriations limit for Fiscal Year 2025-26 calculation shall be the annual percentage change in Orange County population and the annual percentage change in California per capita personal income, with sources as identified on Exhibit A attached hereto and incorporated herein by reference.

SECTION 2. That the annual appropriations limit for Fiscal Year 2025-26 shall be \$14,575,985, as calculated in Exhibit A attached hereto and incorporated

herein by reference.

SECTION 3. The Mayor shall sign this resolution and the City Clerk shall attest and certify to the passage and adoption thereof.

City of Laguna Woods

Agenda Report

TO: Honorable Mayor and City Councilmembers

FROM: Christopher Macon, City Manager

FOR: June 25, 2025 Adjourned Regular Meeting

SUBJECT: Road Repair and Accountability Act of 2017 Project List

Recommendation

Adopt a resolution titled:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, ADOPTING A LIST OF FISCAL YEAR 2025-26 PROJECTS PROPOSED TO RECEIVE FUNDING FROM THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017'S LOCAL STREETS AND ROADS FUNDING PROGRAM (ROAD MAINTENANCE AND REHABILITATION ACCOUNT), AS REQUIRED BY CALIFORNIA STREETS AND HIGHWAYS CODE SECTION 2034(A)(1), AND MAKING RELATED AFFIRMATIONS AND AUTHORIZATIONS

Summary

Consistent with the Fiscal Years 2025-36 Capital Improvement Program, the proposed resolution (Attachment A) identifies the "Circulation Improvement Project – Fiscal Year 2025-26" and the "Pavement Management Plan Project (Eastbound Santa Maria Avenue between Santa Vittoria Drive and Moulton Parkway)" as the Fiscal Year 2025-26 projects proposed to receive funding from the Road Repair and Accountability Act of 2017's Local Streets and Roads Funding Program (Road Maintenance and Rehabilitation Account). California Streets and Highways Code Section 2034(A)(1) requires the City Council to identify the projects to receive such funding on an annual basis.

If the recommended action is taken at today's meeting, staff would submit the adopted resolution and other required information to the California Transportation Commission prior to the July 1, 2025 deadline.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, ADOPTING A LIST OF FISCAL YEAR 2025-26 PROJECTS PROPOSED TO RECEIVE FUNDING FROM THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017’S LOCAL STREETS AND ROADS FUNDING PROGRAM (ROAD MAINTENANCE AND REHABILITATION ACCOUNT), AS REQUIRED BY CALIFORNIA STREETS AND HIGHWAYS CODE SECTION 2034(A)(1), AND MAKING RELATED AFFIRMATIONS AND AUTHORIZATIONS

WHEREAS, California Streets and Highways Code Section 2034(a)(1) requires cities to adopt by resolution a list of projects proposed to receive funding from the Road Repair and Accountability Act of 2017’s Local Streets and Roads Funding Program (Road Maintenance and Rehabilitation Account) (“Project List”) prior to receiving an apportionment of such funds for each fiscal year; and

WHEREAS, California Streets and Highways Code Section 2034(a)(1) requires each Project List to include a description and the location of each proposed project, a proposed schedule for the project’s completion, and the estimated useful life of the improvement; and

WHEREAS, California Streets and Highways Code Section 2034(a)(1) specifies that Project Lists shall not limit a city’s flexibility to fund projects in accordance with local needs and priorities, so long as the projects are consistent with California Streets and Highways Code Section 2030(b); and

WHEREAS, the Fiscal Years 2025-36 Capital Improvement Program identifies the “Circulation Improvement Project – Fiscal Year 2025-26” and the “Pavement Management Plan Project (Eastbound Santa Maria Avenue between Santa Vittoria Drive and Moulton Parkway)” as the Fiscal Year 2025-26 projects proposed to receive funding from the Road Repair and Accountability Act of 2017’s Local Streets and Roads Funding Program (Road Maintenance and Rehabilitation Account).

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA DOES HEREBY RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. The Project List attached hereto as Exhibit A is hereby adopted

for Fiscal Year 2025-26.

SECTION 2. The City Council affirms the City’s commitment that the apportionments received from the Road Repair and Accountability Act of 2017’s Local Streets and Roads Funding Program (Road Maintenance and Rehabilitation Account) will be used and reported on as required by statute and the California Transportation Commission’s adopted program guidelines.

SECTION 3. The City Manager is hereby authorized to submit the adopted Project List and any additional information necessary to receive funding from the Road Repair and Accountability Act of 2017’s Local Streets and Roads Funding Program (Road Maintenance and Rehabilitation Account) to the State of California, California Transportation Commission, and such other parties as may be necessary.

SECTION 4. The Mayor shall sign this resolution and the City Clerk shall attest and certify to the passage and adoption thereof.

PASSED, APPROVED AND ADOPTED on this XX day of XX 2025.

City of Laguna Woods

Agenda Report

TO: Honorable Mayor and City Councilmembers

FROM: Christopher Macon, City Manager

FOR: June 25, 2025 Adjourned Regular Meeting

SUBJECT: Employee Positions, Compensation, and Benefits

Recommendation

1. Approve a job classification for the following City employee position:
Senior Planner.

AND

2. Repeal job classifications for the following City employee positions, effective July 1, 2025: Conservation Administrator and Development Manager.

AND

3. Adopt a resolution titled:

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, REPEALING RESOLUTION NO. 25-15, AND ESTABLISHING A COMPENSATION SCHEDULE AND BENEFITS FOR CITY EMPLOYEES, INCLUDING THE CITY MANAGER AND OTHER LOCAL AGENCY EXECUTIVES AS DEFINED IN CALIFORNIA GOVERNMENT CODE SECTION 3511.1

Background

The City Manager is responsible for hiring and supervising all City employees,

subject to the City Council’s approval of job classifications, authorization of positions, and establishment of a compensation schedule and benefits.

The City Council most recently updated its resolution establishing a compensation schedule and benefits for employees on May 21, 2025.

Discussion

Today’s meeting is an opportunity for City Council action, as well as public input, on the following proposals:

Job Classifications –

- *Approval of a job classification for one new employee position.* On June 18, 2025, staff shared plans to reclassify the full-time Development Manager position to a full-time Senior Planner position. The proposed reclassification would better reflect actual duties following the “in-sourcing” of building and code enforcement functions effective July 1, 2025. The proposed job classification describes the Senior Planner position.
- *Repeal of two job classifications.* Two existing job classifications would be repealed (Conservation Administrator and Development Manager) due to the restructuring included in the Fiscal Years 2025-27 Budget & Work Plan.

Compensation –

- *Modification of one existing compensation range.* The proposed resolution maintains the same compensation range for the Development Manager position, but changes the title to “Senior Planner.”

Fiscal Impact

The recommended actions would have no fiscal impact.

Any combination of education and experience that provides the knowledge, skills, and abilities necessary for this position is qualifying. A typical way of obtaining the required qualifications is to possess a bachelor's degree from an accredited college or university with major course work in public administration, public policy, planning, architecture, or subjects applicable to the assignment, and five years of increasingly responsible full-time work experience involving relevant operations and activities. Possession of a master's degree; prior experience administering programs, projects, or services for a municipal or other government agency; prior experience in a supervisory position; and, American Institute of Certified Planners ("AICP") certification are highly desirable.

Licenses/Certifications:

Must possess and maintain a valid Class C California Driver's License and must qualify for and maintain insurability under the City's vehicle insurance policies, as may change from time to time. This position involves the regular performance of duties and travel that require operation of a personal vehicle.

PHYSICAL DEMANDS AND ENVIRONMENTAL SETTING:

While performing the duties of this class, employees are frequently required to sit, stand, walk, talk, and hear; use hands to handle, manipulate, feel, move and operate equipment, tools, and controls; and, use hands and arms to reach. Specific vision abilities required include close, distance, peripheral, and color vision, depth perception, and the ability to adjust focus. Specific hearing abilities required include hearing in the normal audio range with or without correction. While most activities are performed sitting in a sedentary manner at a desk, employees are frequently required to perform field inspections and perform other activities that require exertion of physical effort, involving a combination of standing, walking, climbing, balancing, stooping, kneeling, and crouching, as well as carrying, lifting, pushing, and pulling objects up to 30 pounds.

While most of the duties of this class are performed in an office setting with low to moderate noise and regular interruption, employees are also frequently required to travel and work in other settings (e.g., meetings, events, field inspections, and accompanying subordinate employees as they conduct code enforcement activities), which may involve outside weather with exposure to rain, humidity, heat, cold, and sunlight. Employees may

experience high levels of noise and vibration, as well as exposure to odors, fumes, dust, smoke, hazardous substances, and other irritants that can cause discomfort and injury. Employees may also come into contact with hazardous traffic conditions.

Work schedules and hours vary for this class based on the City’s needs and include some early mornings, evenings, weekends, and holidays.

Tools and Equipment:

Must possess the knowledge and ability to effectively use computers, copiers, scanners, facsimile machines, cash registers, credit card terminals, calculators, microfiche readers, telephones, digital cameras, rulers, architectural scales, keys, electronic access control devices, and other measuring devices to collect data and information. “Ability to effectively use computers” includes, but is not limited to, the knowledge and ability to input, query, and maintain information in software such as Microsoft Windows, Outlook, Excel, PowerPoint, Edge, and SharePoint, and Google Earth, as well as the City’s cashiering, code enforcement, geographic information system (“GIS”), multifactor authentication, permitting, inspection, records, and teleconferencing software, as may change from time to time. “Computers” includes, without limitation, tablet devices.

OTHER NOTICES:

The duties listed above are intended only as illustrations of the various types of work that may be performed. The omission of specific statements of duties does not exclude them from this position if the work is a similar, related, or logical assignment.

The selection process for this position will include fingerprinting; a State Department of Justice criminal background check; reference checks; confirmation of education claims, licenses, and certifications; and, a physical medical examination.

This position is exempt under the Fair Labor Standards Act.

Pursuant to California Government Code Section 36506, neither this job classification nor any other communication, rule, or regulation shall be construed to provide employees with any tenure or property interest in employment with the City. All City employees serve “at will” and are subject to termination without cause at any time – no exceptions.

All City employees are designated Disaster Service Workers by both State law and City ordinance. Duties when serving as a Disaster Service Worker may be in locations, during hours, and performing work significantly different from the employee’s normal duties.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, REPEALING RESOLUTION NO. 25-15 AND ESTABLISHING A COMPENSATION SCHEDULE AND BENEFITS FOR CITY EMPLOYEES, INCLUDING THE CITY MANAGER AND OTHER LOCAL AGENCY EXECUTIVES AS DEFINED IN CALIFORNIA GOVERNMENT CODE SECTION 3511.1

THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, DOES HEREBY RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. Resolution No. 25-15 is hereby repealed. The effective date of this resolution is July 1, 2025.

SECTION 2. Compensation Schedule. The compensation schedule for City employees is established as set forth in Exhibit A, attached hereto and incorporated by this reference.

The City Manager is authorized to hire, promote, and compensate employees within established compensation ranges, to offer benefits, to fill any full-time position as a part-time or limited part-time position, and to hire employees for time-limited periods, consistent with City Council-adopted budgets and this resolution.

SECTION 3. Full-Time Employee Benefits. All employees who work 40 or more hours per week on a regularly assigned basis shall be considered “full-time employees” for the purpose of this resolution. Full-time employees shall receive the following benefits:

- A. Paid Holidays: The City shall observe the following holidays with full-time employees receiving eight hours of compensation for each weekday on which a holiday is observed: Martin Luther King Jr. Day, Presidents’ Day, Cesar Chavez Day, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Veterans Day, Thanksgiving, Friday after Thanksgiving, and Winter Holiday (December 24 through January 1; when December 24 falls on a Tuesday, Winter Holiday shall be observed beginning on December 23; when January 1 falls on a Sunday or Thursday, Winter Holiday shall be observed through January 2). Except for Winter Holiday, which is observed on specified dates, when a holiday falls on a Saturday, it

shall be observed the on prior Friday; when a holiday falls on a Sunday, it shall be observed on the following Monday.

Full-time employees with the designation “Building Employee” in Exhibit A shall be required to work on the days Martin Luther King, Jr. Day, Cesar Chavez Day, and Juneteenth National Independence Day are observed but shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii) receive 1.5 times pay for every such hour required to work, if non-exempt. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued administrative leave time.

Except for the City Manager, full-time employees who are required by their supervisor to work on any City-observed holiday, with such requirement made in writing, shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii) receive 1.5 times pay for every such hour required to work, if non-exempt. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued administrative leave time.

- B. Floating Holidays: The City shall provide each full-time employee with two floating holidays per calendar year, equivalent to 16 hours of pay credited the first pay period of each calendar year. Floating holidays are not accrued on a pro-rata basis throughout the calendar year. Full-time employees must be in paid status on regularly scheduled workdays before and after using floating holiday time. Floating holiday time shall be used in increments of eight hours.

Full-time employees may maintain a balance of no more than 16 hours of unused floating holiday time (Floating Holiday Accrual Limit) and shall not accrue additional floating holiday time when the Floating Holiday Accrual Limit has been reached. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued floating holiday time.

- C. Retirement: All City employees, including full-time employees, are required to participate in the Social Security system. In addition, the City shall contract with the California Public Employees’ Retirement System (CalPERS) for retirement benefits for all eligible full-time employees, unless excluded in the City’s agreement with CalPERS. Full-time employees considered “classic” by CalPERS shall pay the 7% employee contribution pursuant to the terms of Resolution No. 12-18. Full-time employees considered “new members” by

CalPERS shall pay the employee contribution rate established by CalPERS, as may change from time to time. The CalPERS plans have the following additional Class 1 Benefit Provisions: One Year Final Compensation (FAC 1) (classic employees only) and Increased Industrial Disability Retirement (IDR) Allowance to 75% of Compensation (75% IDR) (all employees).

- D. Retiree Medical: As required by, and in an amount established by California Government Code Section 22892, the City shall contribute toward CalPERS retiree health insurance for retiring full-time employees who meet the applicable statutory and CalPERS contract requirements to obtain CalPERS retiree medical benefits. Part-time service for employees who transition from part-time to full-time employment with the City may be used to meet applicable statutory and CalPERS contract requirements, with each 174 hours counting as one month.
- E. Monthly Benefit Allowance: The City shall provide each full-time employee with a monthly benefit allowance of \$1,500.00 per month. A portion of the allowance shall be allocated to pay for health insurance, as provided in this resolution. The remaining balance of the monthly benefit allowance may be allocated by the employee to elect benefits available through the City's Internal Revenue Code Section 125 Flexible Benefits Plan, in accordance with applicable plan documents. Any amount of the monthly benefit allowance that remains after the allocations described above shall be forfeited. Full-time employees shall be required to make elections for the annual calendar year use of the entirety of monthly benefit allowances during an enrollment/election period established by the City Manager, as may change from time to time. Modifications of annual calendar year elections following any enrollment/election period shall be limited to qualifying events as set forth in applicable plan documents.
- F. Health Insurance: All employees shall be covered by basic health insurance that qualifies as Minimum Essential Coverage under California law. The City shall contract for health insurance through CalPERS; enrollment in a CalPERS health plan shall be mandatory for all full-time employees unless proof of coverage under a qualifying, alternate non-individual market basic health insurance plan is provided. The cost of enrollment in a CalPERS health plan shall be deducted first from each full-time employee's monthly benefit allowance and then from salary (if necessary).
- G. Flexible Benefits Plan: The City shall contract for the provision of an Internal

Revenue Code Section 125 Flexible Benefits Plan; enrollment in the plan shall be voluntary for all full-time employees. Full-time employees may contribute to the plan by electing to allocate a portion of their monthly benefit allowance and/or through a salary reduction at their sole expense.

- H. Deferred Compensation Plan: The City shall contract for the provision of an Internal Revenue Code Section 457 Deferred Compensation Plan; enrollment in the plan shall be voluntary for all full-time employees. Full-time employees may contribute to the plan through a pre-tax and/or Roth salary reduction at their sole expense.
- I. Paid Time Off: Full-time employees shall accrue 160 hours per calendar year of annual paid time off (leave), which may be used for doctors' appointments, personal and family sick time, bereavement leave, jury duty leave, vacation, and personal business. Hours earned are accrued on a pro-rata basis by pay period.

Full-time employees may maintain a balance of no more than 480 hours of paid time off (Leave Accrual Limit) and shall cease to accrue additional paid time off when the Leave Accrual Limit has been reached. When a full-time employee's balance of paid time off falls below the Leave Accrual Limit, accrual shall resume beginning with the first pay period following the pay period in which the balance of paid time off fell below the Leave Accrual Limit. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued paid time off.

- J. Paid Bereavement Leave: Full-time employees shall be eligible for a total of up to 40 hours per 12-month period of paid bereavement leave in the event of any death in the immediate family or reproductive loss event. For the purpose of this provision, "immediate family" includes spouse, registered domestic partner, mother, stepmother, father, stepfather, brother, stepbrother, sister, stepsister, child, stepchild, grandparent, stepgrandparent, grandchild, and stepgrandchild of the full-time employee or the full-time employee's spouse or registered domestic partner. For the purpose of this provision, "reproductive loss event" shall have the meaning set forth in California Government Code 12945.6.
- K. Paid Court Leave: While California Government Code Section 1230 does not require the City to grant full-time employees paid leaves of absence to appear as a witness in court other than as a litigant, to serve on a jury, or to respond

to an official order from another governmental jurisdiction for reasons not brought about through the connivance or misconduct of the full-time employee, full-time employees shall be eligible for a total of up to 80 hours per 12-month period of paid court leave for those purposes when proof of such obligation is provided and proof of any amounts received for jury and/or witness fees is provided (if applicable). During paid court leave, full-time employees shall (i) be paid the amount of the difference between his/her/their regular earnings and any amounts received for jury and/or witness fees, and (ii) be responsive to the City’s telephone and other communications when not precluded by the purposes for which paid court leave is granted.

- L. Educational Assistance: Eligible full-time employees may participate in the Educational Assistance Program set forth in Exhibit B, attached hereto and incorporated by this reference.

SECTION 4. Part-Time Employee Benefits. All employees who are not full-time employees, but who work 20 or more hours per week on a regularly assigned basis, shall be considered “part-time employees” for the purpose of this resolution. Part-time employees shall receive the following benefits:

- A. Paid and Unpaid Holidays: The City shall observe the following holidays with part-time employees receiving eight hours of compensation for each weekday on which a holiday is observed: New Year’s Day, Martin Luther King Jr. Day, Presidents’ Day, Cesar Chavez Day, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Veterans Day, Thanksgiving, and Friday after Thanksgiving. The City shall also observe the following unpaid holidays: Winter Holiday (December 24 through January 1; when December 24 falls on a Tuesday, Winter Holiday shall be observed beginning on December 23; when January 1 falls on a Sunday or Thursday, Winter Holiday shall be observed through January 2). Except for Winter Holiday, which is observed on specified dates, when a holiday falls on a Saturday, it shall be observed on the prior Friday; when a holiday falls on a Sunday, it shall be observed on the following Monday.

Part-time employees with the designation “Building Employee” in Exhibit A shall be required to work on the days Martin Luther King, Jr. Day, Cesar Chavez Day, and Juneteenth National Independence Day are observed but shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii) receive 1.5 times pay for every such hour required to work, if non-exempt.

Upon separation from the City, part-time employees shall be compensated for the balance of their accrued administrative leave time.

Except for the City Manager, part-time employees who are required by their supervisor to work on any City-observed holiday, with such requirement made in writing, shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii) receive 1.5 times pay for every such hour required to work, if non-exempt. Upon separation from the City, part-time employees shall be compensated for the balance of their accrued administrative leave time.

- B. Floating Holidays: The City shall provide each part-time employee with two floating holidays per calendar year, equivalent to 16 hours of pay credited the first pay period of each calendar year. Floating holidays are not accrued on a pro-rata basis throughout the calendar year. Part-time employees must be in paid status on regularly scheduled workdays before and after using floating holiday time. Floating holiday time shall be used in increments of eight hours and only between December 24 and 31.

Part-time employees may maintain a balance of no more than 16 hours of unused floating holiday time (Floating Holiday Accrual Limit) and shall not accrue additional floating holiday time when the Floating Holiday Accrual Limit has been reached. Upon separation from the City, part-time employees shall be compensated for the balance of their accrued floating holiday time. The use of floating holiday time need not correspond to a part-time employee's hours regularly worked.

- C. Retirement: All City employees, including part-time employees, are required to participate in the Social Security system. Part-time employees who work 1,000 hours or more in a fiscal year, shall be eligible for membership in CalPERS for retirement benefits, unless excluded in the City's agreement with CalPERS. Eligible part-time employees considered "classic" by CalPERS shall pay the 7% employee contribution pursuant to the terms of Resolution No. 12-18. Eligible part-time employees considered "new members" by CalPERS shall pay the employee contribution rate established by CalPERS, as may change from time to time. The CalPERS plans have the following additional Class 1 Benefit Provisions: One Year Final Compensation (FAC 1) (classic employees only) and Increased Industrial Disability Retirement (IDR) Allowance to 75% of Compensation (75% IDR) (all employees).

- D. Retiree Medical: As required by, and in an amount established by California Government Code Section 22892, the City shall contribute toward CalPERS retiree health insurance for retiring full-time employees who meet the applicable statutory and CalPERS contract requirements to obtain CalPERS retiree medical benefits. Part-time service for employees who transition from part-time to full-time employment with the City may be used to meet applicable statutory and CalPERS contract requirements, with each 174 hours counting as one month.
- E. Monthly Benefit Allowance: The City shall provide part-time employees with a monthly benefit allowance of \$1,200.00 per month. A portion of the allowance shall be allocated to pay for health insurance, as provided in this resolution. The remaining balance of the monthly benefit allowance may be allocated by the employee to elect benefits available through the City's Internal Revenue Code Section 125 Flexible Benefits Plan, in accordance with applicable plan documents. Any amount of the monthly benefit allowance that remains after the allocations described above shall be forfeited. Part-time employees shall be required to make elections for the annual calendar year use of the entirety of monthly benefit allowances during an enrollment/election period established by the City Manager, as may change from time to time. Modifications of annual calendar year elections following any enrollment/election period shall be limited to qualifying events as set forth in applicable plan documents.
- F. Health Insurance: All employees shall be covered by basic health insurance that qualifies as Minimum Essential Coverage under California law. The City shall contract for health insurance through CalPERS; enrollment in a CalPERS health plan shall be mandatory for all part-time employees unless proof of coverage under a qualifying, alternate non-individual market basic health insurance plan is provided. The cost of enrollment in a CalPERS health plan shall be deducted first from each part-time employee's monthly benefit allowance and then from salary (if necessary).
- G. Flexible Benefits Plan: The City shall contract for the provision of an Internal Revenue Code Section 125 Flexible Benefits Plan; enrollment in the plan shall be voluntary for all part-time employees. Part-time employees may contribute to the plan through a salary reduction at their sole expense and/or by electing to allocate a portion of their monthly benefit allowance, if provided.
- H. Deferred Compensation Plan: The City shall contract for the provision of an

Internal Revenue Code Section 457 Deferred Compensation Plan; enrollment in the plan shall be voluntary for all part-time employees. Part-time employees may contribute to the plan through a pre-tax and/or Roth salary reduction at their sole expense.

- I. Paid Time Off: Part-time employees shall accrue 160 hours per calendar year of annual paid time off (leave), which shall be pro-rated based on the number of hours regularly worked less than 40 hours per week. Paid time off may be used for doctors' appointments, personal and family sick time, bereavement leave, jury duty leave, vacation, and personal business. Paid time off may also be used up to the number of hours regularly worked during unpaid holidays that fall on weekdays (less any floating holiday time used). Hours earned are accrued on a pro-rata basis by pay period.

Part-time employees may maintain a balance of no more than 300 hours of paid time off (Leave Accrual Limit) and shall cease to accrue additional paid time off when the Leave Accrual Limit has been reached. When a part-time employee's balance of paid time off falls below the Leave Accrual Limit, accrual shall resume beginning with the first pay period following the pay period in which the balance of paid time off fell below the Leave Accrual Limit. Upon separation from the City, part-time employees shall be compensated for the balance of their accrued paid time off.

- J. Paid Bereavement Leave: Part-time employees shall be eligible for a total of up to 40 hours per 12-month period of paid bereavement leave in the event of any death in the immediate family or reproductive loss event. For the purpose of this provision, "immediate family" includes spouse, registered domestic partner, mother, stepmother, father, stepfather, brother, stepbrother, sister, stepsister, child, stepchild, grandparent, stepgrandparent, grandchild, and stepgrandchild of the part-time employee or the part-time employee's spouse or registered domestic partner. For the purpose of this provision, "reproductive loss event" shall have the meaning set forth in California Government Code 12945.6.

- K. Paid Court Leave: While California Government Code Section 1230 does not require the City to grant part-time employees paid leaves of absence to appear as a witness in court other than as a litigant, to serve on a jury, or to respond to an official order from another governmental jurisdiction for reasons not brought about through the connivance or misconduct of the part-time employee, part-time employees shall be eligible for a total of up to 64 hours

per 12-month period of paid court leave for those purposes when proof of such obligation is provided and proof of any amounts received for jury and/or witness fees is provided (if applicable). During paid court leave, part-time employees shall (i) be paid the amount of the difference between his/her/their regular earnings and any amounts received for jury and/or witness fees, and (ii) be responsive to the City’s telephone and other communications when not precluded by the purposes for which paid court leave is granted.

- L. Educational Assistance: Eligible part-time employees may participate in the Educational Assistance Program set forth in Exhibit B, attached hereto and incorporated by this reference.

SECTION 5. Limited Part-Time Employee Benefits. All employees who work less than 20 hours per week on a regularly assigned basis shall be considered “limited part-time employees” for the purpose of this resolution. Limited part-time employees shall receive the following benefits:

- A. Retirement: All City employees, including limited part-time employees, are required to participate in the Social Security system.
- B. Deferred Compensation Plan: The City shall contract for the provision of an Internal Revenue Code Section 457 Deferred Compensation Plan; enrollment in the plan shall be voluntary for all limited part-time employees. Limited part-time employees may contribute to the plan through a pre-tax and/or Roth salary reduction at their sole expense.
- C. Paid Time Off: On the 90th calendar day of employment, and every January 1 thereafter, limited part-time employees shall accrue 40 hours of annual paid time off (leave), which may be used for personal illness, to care for a sick family member, for preventive care or diagnosis, care or treatment of an existing health condition, or for specified purposes if the limited part-time employee is a victim of domestic violence, sexual assault, or stalking. Paid time off must be used in a minimum increment of two hours per calendar day. There is no accrual or carryover of paid time off between or across calendar years. Upon termination from the City, limited part-time employees shall not be compensated for the balance of their paid time off. If a limited part-time employee separates from and is rehired by the City within one year, previously accrued and unused paid time off shall be reinstated.
- D. Educational Assistance: Eligible limited-time employees with the designation

“Building Employee” in Exhibit A may participate in the Educational Assistance Program set forth in Exhibit B, attached hereto and incorporated by this reference.

SECTION 6. Employee Assistance Program. The City shall contract for an employee assistance program to provide voluntary, confidential assistance to employees in working through various life challenges that may adversely affect job performance, health, and personal well-being in order to optimize the City’s success. All full-time, part-time, and limited part-time employees shall be enrolled in the employee assistance program with the cost of enrollment paid by the City.

SECTION 7. Technology Allowances. The City Manager is authorized to offer technology allowances of either (i) \$25.00 per employee per month to employees who are regularly required to use their personal cellular telephone as part of the City’s multi-factor authentication and cyber security protocols, with the exception of the City Manager, or (ii) \$79.50 per employee per month to employees who are regularly required to use their personal cellular telephones, personal computers, and/or other personal technology to conduct City business, with the exception of the City Manager. Such technology allowances shall be added to employee compensation and shall be paid in the first pay period of each month, subject to any applicable wage withholding or similar taxes. Employees must be in paid status on regularly scheduled workdays during the first pay period of each month in order to receive payment.

SECTION 8. Notary Public Stipends. The City Manager is authorized to offer notary public stipends of \$100.00 per employee per month to employees who regularly provide notary public and foreign pension acknowledgement services in the course of City business, with the exception of the City Manager. Such notary public stipends shall be added to employee compensation and shall be paid in the first pay period of each month, subject to any applicable wage withholding or similar taxes. Employees must be in paid status on regularly scheduled workdays during the first pay period of each month, and in possession of an active and valid notary public commission from the State of California as of the payroll processing date for the first pay period of each month, in order to receive payment. The City Manager is also authorized to incur and pay, on behalf of the City, costs related to the education and commission of employees who regularly provide notary public services in the course of City business, with the exception of the City Manager.

SECTION 9. Acting Appointments. Employees temporarily assigned to a higher level job classification (based on the comparative starting compensations set

forth in Exhibit A) for 14 consecutive calendar days or more shall receive acting status pay equivalent to the starting compensation for the job classification to which they are temporarily assigned, unless their increase in compensation would be less than 10% in which case they shall receive acting status pay equivalent to a 10% increase in compensation. Benefits shall remain unchanged during temporary assignments.

SECTION 10. Unpaid Leave. The City Manager may grant employees other than the City Manager leaves of absence without pay, upon written request of the employee setting forth the reason for the request. The City Manager shall evaluate requests on the basis of need, duration, and work requirements. No employee shall expect that requests will be granted. The City Manager shall respond to the employee's request in writing. The City Manager has discretion, in accordance with applicable law and regulation, to grant less than the full amount of leave requested. Any unpaid leave of absence lasting more than seven consecutive calendar days shall preclude the employee from accruing paid time off and floating holidays, and from receiving holiday pay, after the seventh consecutive calendar day until their return to paid status. Upon expiration of an approved unpaid leave of absence and at the City Manager's sole discretion, unless otherwise required by law or regulation, the employee shall be reinstated in the position held at the time leave was granted, assuming the position still exists. An employee who fails to report to duty promptly at expiration of an approved unpaid leave of absence shall be subject to disciplinary action up to and including termination and/or subject to separation due to job abandonment.

SECTION 11. City Manager's Compensation and Benefits. The City Manager shall receive such other compensation and benefits as set forth in the employment agreement separately approved by the City Council on May 17, 2023 and as may be subsequently amended.

SECTION 12. The Mayor shall sign this resolution and the City Clerk shall attest and certify to the passage and adoption thereof.

PASSED, APPROVED AND ADOPTED on this XX day of XX 2025.

EXHIBIT B
EDUCATIONAL ASSISTANCE PROGRAM

This City of Laguna Woods Educational Assistance Program (Plan) is intended to be a qualified educational assistance program that provides nontaxable Educational Assistance to Eligible Employees of the City of Laguna Woods (Employer) under Internal Revenue Code (Code) Section 127.

I. ELIGIBILITY

A. The Eligible Employees covered under this Plan include the following:

- i. Employees currently employed by the Employer;
- ii. Employees currently employed by the Employer who are on leave, as for example, in the Armed Forces of the United States; and

B. This Plan includes the following additional conditions for eligibility:

- i. Full-time employees are eligible to participate in this Plan beginning on the 366th day of their employment with the Employer;
- ii. Part-time employees are eligible to participate in this Plan beginning on the 366th day of their employment with the Employer;
- iii. Limited part-time employees with the designation “Building Employee” are eligible to participate in this Plan beginning on the 366th day of their employment with the Employer; and
- iv. Other limited part-time employees are not eligible to participate in this Plan.

II. EDUCATIONAL ASSISTANCE

A. The benefits provided under this Plan consist solely of the types of Educational Assistance specified in Section II.C and are limited to up to \$5,250.00 per Eligible Employee per calendar year, based on the Eligible Employee’s length of employment as per the schedule specified in Section II.B below. If an Eligible Employee receives Educational Assistance under this Plan that exceeds \$5,250.00 in a calendar year, the excess amount may be

subject to federal income tax and applicable federal employment taxes. Notwithstanding the benefits provided under this Plan, the Employer may directly pay for education and/or training for its employees outside of the Plan.

- i. “Educational Assistance” includes the payment by the Employer of expenses incurred by or on behalf of an Eligible Employee for Education of the Eligible Employee or the provision by the Employer of Education to an Eligible Employee. Expenses for Educational Assistance must be approved by the Employer per Section II.D and be job-related. Eligible Employees must provide all documentation under Section III.A in order to receive reimbursement after a course is completed. Eligible expenses for approved courses includes tuition, fees, and similar payments. “Educational Assistance” does not include (a) payment for, or the provision of, tools or supplies (other than required textbooks) that the Eligible Employee may retain after completing a course of instruction; (b) meals, lodging, or transportation; (c) any payment for, or the provision of any benefits with respect to, any course or other Education involving sports, games, or hobbies, unless such Education involves the business of the Employer or is required as part of a degree program; or (d) fees for late registration or for withdrawing from or dropping a course. The types of Educational Assistance covered by this Plan are specified in Section II.C.

B. Eligible Employees will be eligible for Educational Assistance up to the following annual maximums, based on their length of continuous employment with the Employer:

- i. 366 calendar days to less than 2 years of employment: Eligible for reimbursement of up to \$1,050.00 per calendar year (20% of the annual \$5,250.00 limit).
- ii. 2 years but less than 6 years of employment: Eligible for reimbursement of up to \$2,625.00 per calendar year (50% of the annual \$5,250.00 limit).
- iii. 6 years or more of employment: Eligible for reimbursement of up to \$5,250.00 per calendar year (100% of the annual limit).

C. This Plan provides the following types of Educational Assistance:

- i. For courses approved by the Employer pursuant to Section II.C below, reimbursement for tuition, fees, and similar payments, to an Eligible Employee; and
- ii. The provision, by the Employer, of courses of instruction for an Eligible Employee.

D. Applying for Course Approval:

- i. To receive course approval, an employee must submit a written request in the format required by the Employer. If the Employer approves the course, the Employer will provide a written statement noting the course approval, the expenses that are reimbursable, and the maximum amount of reimbursement that will be provided for the course. Until an employee has received a written course approval, the employee should consider a course unapproved, regardless of any discussions that the employee may have had with any representative of the Employer regarding the course.
 - ii. An employee may submit a course approval request before a course begins or while the course is ongoing. If an employee elects to sign up for a course before obtaining course approval, however, there is no assurance that the course will be approved for reimbursement. If the employee's decision to take a course is dependent on a particular amount of reimbursement being available under this Plan, the employee should make sure to obtain course approval before registering. To ensure that course approval is determined in time, course approval requests for advanced approval should be submitted at least 15 business days before the registration deadline for the course.
 - iii. No course will be considered for approval if a course approval request is submitted after the course ends.
 - iv. In addition to course approval, Eligible Employees must provide all of the information under Section III.A in order to receive reimbursement.
- E. The annual limit specified in Section II.B applies to amounts paid and expenses incurred by the Eligible Employee during a calendar year. For courses that span multiple calendar years, the reimbursable expenses will be allocated proportionally between the years based on course length, credits, or

other reasonable method determined by the Employer to determine when expenses are treated as incurred for purposes of applying each year's annual reimbursement limit. If an Eligible Employee seeks reimbursement for expenses incurred, the expenses must not have been incurred prior to employment. "Unused" amounts of the annual limit cannot be carried forward to subsequent years.

III. CLAIM REIMBURSEMENT

- A. To obtain reimbursement for a course, which will be paid after the course is completed provided all requirements of the Plan are met, the following must be submitted to the Employer within 30 calendar days after course completion:
- i. a signed and fully completed benefits request in the form required by the Employer;
 - ii. a copy of the course approval request already submitted and approved by the Employer;
 - iii. for courses that are graded, documentation showing completion of the course with a grade equivalent of "C" or better (or a pass for a course that is graded on a pass/fail basis); and
 - iv. documentation substantiating any course-related expenses for tuition, fees, or similar expenses required for the course that were incurred or paid by the employee and for which reimbursement is sought.
- B. Courses that are dropped, withdrawn from, or completed with a grade equivalent to "C-" or less will not be eligible for reimbursement, and employees will be responsible for any associated penalties or fees.
- C. Employees who voluntarily leave employment with the Employer or are terminated for cause (as defined by the Employer's policies) within 12 months of receiving Educational Assistance under the Plan shall be required to repay the amount received within 60 calendar days of separation. Exceptions may be made for involuntary separations not for cause or separations due to extenuating circumstances, at the discretion of the Employer.

IV. EXCLUSIVE BENEFIT

This Plan provides Educational Assistance for the exclusive benefit of Eligible Employees. Spouses and dependents of an Eligible Employee may not participate in this Plan, unless the spouse or dependent is also an Eligible Employee.

V. SUBSTANTIATION

An Eligible Employee receiving payments under this Plan must provide substantiation to the Employer of expenses incurred.

VI. NON-DISCRIMINATION

- A. This Plan shall not discriminate in favor highly compensated employees (as defined in section 414(q) of the Code) of the Employer.
- B. This Plan shall not be considered discriminatory under Treasury Regulation § 1.127-2(e) merely because: (a) Different types of Educational Assistance available under the Plan are utilized to a greater degree by Eligible Employees with respect to whom discrimination is prohibited than by other Eligible Employees, or (b) Conditions are required or considered in determining the availability of benefits with respect to a course of study for which benefits are otherwise available, including, but not limited to, successful completion of the course or attaining a particular course grade.

VII. NOTICE

The Employer shall provide each Eligible Employee with reasonable notice of the availability and terms of this Plan. This Plan shall be made available for review by Eligible Employees on the Employer's Human Resources website. An Eligible Employee shall receive a paper copy of this Plan upon written request.

VIII. FUNDING

The Employer will pay Educational Assistance benefits from its general assets. Employees are not required or permitted to contribute to the Plan.

IX. MISCELLANEOUS

The Employer may amend or terminate this Plan at any time, provided that any amendment or termination shall not affect the right of Eligible Employees to claim Education Assistance for courses in which they enrolled and which were approved

by the Employer for reimbursement prior to such amendment or termination.

The City Manager or their designee shall have the authority to interpret and administer this Plan, except as may pertain to their own use of this Plan in which case the City Manager (in case of a designee thereof) or the Mayor (in case of the City Manager) shall have the authority to interpret and administer this Plan. In the event of ambiguity, inconsistency, or uncertainty in the application of any provision, the City Manager or their designee (or City Council in case of the City Manager) is authorized to make final determinations, which shall be binding and not subject to further review.

This Plan shall be construed and enforced according to the laws of the State of California, to the extent not preempted by federal law.

X. EFFECTIVE DATE

This Plan is effective as of July 1, 2025.

RESOLUTION NO. 25-XX

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, REPEALING RESOLUTION NO. ~~24-3125-15~~ AND ESTABLISHING A COMPENSATION SCHEDULE AND BENEFITS FOR CITY EMPLOYEES, INCLUDING THE CITY MANAGER AND OTHER LOCAL AGENCY EXECUTIVES AS DEFINED IN CALIFORNIA GOVERNMENT CODE SECTION 3511.1

THE CITY COUNCIL OF THE CITY OF LAGUNA WOODS, CALIFORNIA, DOES HEREBY RESOLVE, DECLARE, DETERMINE AND ORDER AS FOLLOWS:

SECTION 1. ~~Effective July 1, 2025,~~ Resolution No. ~~24-3125-15~~ is hereby repealed ~~and replaced with this resolution.~~ The effective date of this resolution is July 1, 2025.

SECTION 2. Compensation Schedule. The compensation schedule for City employees is established as set forth in Exhibit A, attached hereto and incorporated by this reference.

The City Manager is authorized to hire, promote, and compensate employees within established compensation ranges, to offer benefits, to fill any full-time position as a part-time or limited part-time position, and to hire employees for time-limited periods, consistent with City Council-adopted budgets and this resolution.

SECTION 3. Full-Time Employee Benefits. All employees who work 40 or more hours per week on a regularly assigned basis shall be considered “full-time employees” for the purpose of this resolution. Full-time employees shall receive the following benefits:

- A. Paid Holidays: The City shall observe the following holidays with full-time employees receiving eight hours of compensation for each weekday on which a holiday is observed: Martin Luther King Jr. Day, Presidents’ Day, Cesar Chavez Day, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Veterans Day, Thanksgiving, Friday after Thanksgiving, and Winter Holiday (December 24 through January 1; when December 24 falls on a Tuesday, Winter Holiday shall be observed beginning on December 23; when January 1 falls on a Sunday or Thursday, Winter Holiday shall be observed through January 2). Except for Winter Holiday,

which is observed on specified dates, when a holiday falls on a Saturday, it shall be observed the on prior Friday; when a holiday falls on a Sunday, it shall be observed on the following Monday.

Full-time employees with the designation “Building Employee” in Exhibit A shall be required to work on the days Martin Luther King, Jr. Day, Cesar Chavez Day, and Juneteenth National Independence Day are observed but shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii) receive 1.5 times pay for every such hour required to work, if non-exempt. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued administrative leave time.

Except for the City Manager, full-time employees who are required by their supervisor to work on any City-observed holiday, with such requirement made in writing, shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii) receive 1.5 times pay for every such hour required to work, if non-exempt. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued administrative leave time.

- B. Floating Holidays: The City shall provide each full-time employee with two floating holidays per calendar year, equivalent to 16 hours of pay credited the first pay period of each calendar year. Floating holidays are not accrued on a pro-rata basis throughout the calendar year. Full-time employees must be in paid status on regularly scheduled workdays before and after using floating holiday time. Floating holiday time shall be used in increments of eight hours.

Full-time employees may maintain a balance of no more than 16 hours of unused floating holiday time (Floating Holiday Accrual Limit) and shall not accrue additional floating holiday time when the Floating Holiday Accrual Limit has been reached. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued floating holiday time.

- C. Retirement: All City employees, including full-time employees, are required to participate in the Social Security system. In addition, the City shall contract with the California Public Employees’ Retirement System (CalPERS) for retirement benefits for all eligible full-time employees, unless excluded in the City’s agreement with CalPERS. Full-time employees considered “classic” by CalPERS shall pay the 7% employee contribution pursuant to the terms of

Resolution No. 12-18. Full-time employees considered “new members” by CalPERS shall pay the employee contribution rate established by CalPERS, as may change from time to time. The CalPERS plans have the following additional Class 1 Benefit Provisions: One Year Final Compensation (FAC 1) (classic employees only) and Increased Industrial Disability Retirement (IDR) Allowance to 75% of Compensation (75% IDR) (all employees).

- D. Retiree Medical: As required by, and in an amount established by California Government Code Section 22892, the City shall contribute toward CalPERS retiree health insurance for retiring full-time employees who meet the applicable statutory and CalPERS contract requirements to obtain CalPERS retiree medical benefits. Part-time service for employees who transition from part-time to full-time employment with the City may be used to meet applicable statutory and CalPERS contract requirements, with each 174 hours counting as one month.
- E. Monthly Benefit Allowance: The City shall provide each full-time employee with a monthly benefit allowance of \$1,500.00 per month. A portion of the allowance shall be allocated to pay for health insurance, as provided in this resolution. The remaining balance of the monthly benefit allowance may be allocated by the employee to elect benefits available through the City’s Internal Revenue Code Section 125 Flexible Benefits Plan, in accordance with applicable plan documents. Any amount of the monthly benefit allowance that remains after the allocations described above shall be forfeited. Full-time employees shall be required to make elections for the annual calendar year use of the entirety of monthly benefit allowances during an enrollment/election period established by the City Manager, as may change from time to time. Modifications of annual calendar year elections following any enrollment/election period shall be limited to qualifying events as set forth in applicable plan documents.
- F. Health Insurance: All employees shall be covered by basic health insurance that qualifies as Minimum Essential Coverage under California law. The City shall contract for health insurance through CalPERS; enrollment in a CalPERS health plan shall be mandatory for all full-time employees unless proof of coverage under a qualifying, alternate non-individual market basic health insurance plan is provided. The cost of enrollment in a CalPERS health plan shall be deducted first from each full-time employee’s monthly benefit allowance and then from salary (if necessary).

- G. Flexible Benefits Plan: The City shall contract for the provision of an Internal Revenue Code Section 125 Flexible Benefits Plan; enrollment in the plan shall be voluntary for all full-time employees. Full-time employees may contribute to the plan by electing to allocate a portion of their monthly benefit allowance and/or through a salary reduction at their sole expense.
- H. Deferred Compensation Plan: The City shall contract for the provision of an Internal Revenue Code Section 457 Deferred Compensation Plan; enrollment in the plan shall be voluntary for all full-time employees. Full-time employees may contribute to the plan through a pre-tax and/or Roth salary reduction at their sole expense.
- I. Paid Time Off: Full-time employees shall accrue 160 hours per calendar year of annual paid time off (leave), which may be used for doctors' appointments, personal and family sick time, bereavement leave, jury duty leave, vacation, and personal business. Hours earned are accrued on a pro-rata basis by pay period.

Full-time employees may maintain a balance of no more than 480 hours of paid time off (Leave Accrual Limit) and shall cease to accrue additional paid time off when the Leave Accrual Limit has been reached. When a full-time employee's balance of paid time off falls below the Leave Accrual Limit, accrual shall resume beginning with the first pay period following the pay period in which the balance of paid time off fell below the Leave Accrual Limit. Upon separation from the City, full-time employees shall be compensated for the balance of their accrued paid time off.

- J. Paid Bereavement Leave: Full-time employees shall be eligible for a total of up to 40 hours per 12-month period of paid bereavement leave in the event of any death in the immediate family or reproductive loss event. For the purpose of this provision, "immediate family" includes spouse, registered domestic partner, mother, stepmother, father, stepfather, brother, stepbrother, sister, stepsister, child, stepchild, grandparent, stepgrandparent, grandchild, and stepgrandchild of the full-time employee or the full-time employee's spouse or registered domestic partner. For the purpose of this provision, "reproductive loss event" shall have the meaning set forth in California Government Code 12945.6.
- K. Paid Court Leave: While California Government Code Section 1230 does not require the City to grant full-time employees paid leaves of absence to appear

as a witness in court other than as a litigant, to serve on a jury, or to respond to an official order from another governmental jurisdiction for reasons not brought about through the connivance or misconduct of the full-time employee, full-time employees shall be eligible for a total of up to 80 hours per 12-month period of paid court leave for those purposes when proof of such obligation is provided and proof of any amounts received for jury and/or witness fees is provided (if applicable). During paid court leave, full-time employees shall (i) be paid the amount of the difference between his/her/their regular earnings and any amounts received for jury and/or witness fees, and (ii) be responsive to the City’s telephone and other communications when not precluded by the purposes for which paid court leave is granted.

- L. Educational Assistance: Eligible full-time employees may participate in the Educational Assistance Program set forth in Exhibit B, attached hereto and incorporated by this reference.

SECTION 4. Part-Time Employee Benefits. All employees who are not full-time employees, but who work 20 or more hours per week on a regularly assigned basis, shall be considered “part-time employees” for the purpose of this resolution. Part-time employees shall receive the following benefits:

- A. Paid and Unpaid Holidays: The City shall observe the following holidays with part-time employees receiving eight hours of compensation for each weekday on which a holiday is observed: New Year’s Day, Martin Luther King Jr. Day, Presidents’ Day, Cesar Chavez Day, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Veterans Day, Thanksgiving, and Friday after Thanksgiving. The City shall also observe the following unpaid holidays: Winter Holiday (December 24 through January 1; when December 24 falls on a Tuesday, Winter Holiday shall be observed beginning on December 23; when January 1 falls on a Sunday or Thursday, Winter Holiday shall be observed through January 2). Except for Winter Holiday, which is observed on specified dates, when a holiday falls on a Saturday, it shall be observed on the prior Friday; when a holiday falls on a Sunday, it shall be observed on the following Monday.

Part-time employees with the designation “Building Employee” in Exhibit A shall be required to work on the days Martin Luther King, Jr. Day, Cesar Chavez Day, and Juneteenth National Independence Day are observed but shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii)

receive 1.5 times pay for every such hour required to work, if non-exempt. Upon separation from the City, part-time employees shall be compensated for the balance of their accrued administrative leave time.

Except for the City Manager, part-time employees who are required by their supervisor to work on any City-observed holiday, with such requirement made in writing, shall (i) receive one hour of administrative leave for every hour worked, which shall be used within 30 calendar days of the date earned, if exempt, or (ii) receive 1.5 times pay for every such hour required to work, if non-exempt. Upon separation from the City, part-time employees shall be compensated for the balance of their accrued administrative leave time.

- B. Floating Holidays: The City shall provide each part-time employee with two floating holidays per calendar year, equivalent to 16 hours of pay credited the first pay period of each calendar year. Floating holidays are not accrued on a pro-rata basis throughout the calendar year. Part-time employees must be in paid status on regularly scheduled workdays before and after using floating holiday time. Floating holiday time shall be used in increments of eight hours and only between December 24 and 31.

Part-time employees may maintain a balance of no more than 16 hours of unused floating holiday time (Floating Holiday Accrual Limit) and shall not accrue additional floating holiday time when the Floating Holiday Accrual Limit has been reached. Upon separation from the City, part-time employees shall be compensated for the balance of their accrued floating holiday time. The use of floating holiday time need not correspond to a part-time employee's hours regularly worked.

- C. Retirement: All City employees, including part-time employees, are required to participate in the Social Security system. Part-time employees who work 1,000 hours or more in a fiscal year, shall be eligible for membership in CalPERS for retirement benefits, unless excluded in the City's agreement with CalPERS. Eligible part-time employees considered "classic" by CalPERS shall pay the 7% employee contribution pursuant to the terms of Resolution No. 12-18. Eligible part-time employees considered "new members" by CalPERS shall pay the employee contribution rate established by CalPERS, as may change from time to time. The CalPERS plans have the following additional Class 1 Benefit Provisions: One Year Final Compensation (FAC 1) (classic employees only) and Increased Industrial Disability Retirement (IDR) Allowance to 75% of Compensation (75% IDR) (all employees).

- D. Retiree Medical: As required by, and in an amount established by California Government Code Section 22892, the City shall contribute toward CalPERS retiree health insurance for retiring full-time employees who meet the applicable statutory and CalPERS contract requirements to obtain CalPERS retiree medical benefits. Part-time service for employees who transition from part-time to full-time employment with the City may be used to meet applicable statutory and CalPERS contract requirements, with each 174 hours counting as one month.
- E. Monthly Benefit Allowance: The City shall provide part-time employees with a monthly benefit allowance of \$1,200.00 per month. A portion of the allowance shall be allocated to pay for health insurance, as provided in this resolution. The remaining balance of the monthly benefit allowance may be allocated by the employee to elect benefits available through the City's Internal Revenue Code Section 125 Flexible Benefits Plan, in accordance with applicable plan documents. Any amount of the monthly benefit allowance that remains after the allocations described above shall be forfeited. Part-time employees shall be required to make elections for the annual calendar year use of the entirety of monthly benefit allowances during an enrollment/election period established by the City Manager, as may change from time to time. Modifications of annual calendar year elections following any enrollment/election period shall be limited to qualifying events as set forth in applicable plan documents.
- F. Health Insurance: All employees shall be covered by basic health insurance that qualifies as Minimum Essential Coverage under California law. The City shall contract for health insurance through CalPERS; enrollment in a CalPERS health plan shall be mandatory for all part-time employees unless proof of coverage under a qualifying, alternate non-individual market basic health insurance plan is provided. The cost of enrollment in a CalPERS health plan shall be deducted first from each part-time employee's monthly benefit allowance and then from salary (if necessary).
- G. Flexible Benefits Plan: The City shall contract for the provision of an Internal Revenue Code Section 125 Flexible Benefits Plan; enrollment in the plan shall be voluntary for all part-time employees. Part-time employees may contribute to the plan through a salary reduction at their sole expense and/or by electing to allocate a portion of their monthly benefit allowance, if provided.

- H. Deferred Compensation Plan: The City shall contract for the provision of an Internal Revenue Code Section 457 Deferred Compensation Plan; enrollment in the plan shall be voluntary for all part-time employees. Part-time employees may contribute to the plan through a pre-tax and/or Roth salary reduction at their sole expense.
- I. Paid Time Off: Part-time employees shall accrue 160 hours per calendar year of annual paid time off (leave), which shall be pro-rated based on the number of hours regularly worked less than 40 hours per week. Paid time off may be used for doctors' appointments, personal and family sick time, bereavement leave, jury duty leave, vacation, and personal business. Paid time off may also be used up to the number of hours regularly worked during unpaid holidays that fall on weekdays (less any floating holiday time used). Hours earned are accrued on a pro-rata basis by pay period.

Part-time employees may maintain a balance of no more than 300 hours of paid time off (Leave Accrual Limit) and shall cease to accrue additional paid time off when the Leave Accrual Limit has been reached. When a part-time employee's balance of paid time off falls below the Leave Accrual Limit, accrual shall resume beginning with the first pay period following the pay period in which the balance of paid time off fell below the Leave Accrual Limit. Upon separation from the City, part-time employees shall be compensated for the balance of their accrued paid time off.

- J. Paid Bereavement Leave: Part-time employees shall be eligible for a total of up to 40 hours per 12-month period of paid bereavement leave in the event of any death in the immediate family or reproductive loss event. For the purpose of this provision, "immediate family" includes spouse, registered domestic partner, mother, stepmother, father, stepfather, brother, stepbrother, sister, stepsister, child, stepchild, grandparent, stepgrandparent, grandchild, and stepgrandchild of the part-time employee or the part-time employee's spouse or registered domestic partner. For the purpose of this provision, "reproductive loss event" shall have the meaning set forth in California Government Code 12945.6.
- K. Paid Court Leave: While California Government Code Section 1230 does not require the City to grant part-time employees paid leaves of absence to appear as a witness in court other than as a litigant, to serve on a jury, or to respond to an official order from another governmental jurisdiction for reasons not brought about through the connivance or misconduct of the part-time

employee, part-time employees shall be eligible for a total of up to 64 hours per 12-month period of paid court leave for those purposes when proof of such obligation is provided and proof of any amounts received for jury and/or witness fees is provided (if applicable). During paid court leave, part-time employees shall (i) be paid the amount of the difference between his/her/their regular earnings and any amounts received for jury and/or witness fees, and (ii) be responsive to the City’s telephone and other communications when not precluded by the purposes for which paid court leave is granted.

- L. Educational Assistance: Eligible part-time employees may participate in the Educational Assistance Program set forth in Exhibit B, attached hereto and incorporated by this reference.

SECTION 5. Limited Part-Time Employee Benefits. All employees who work less than 20 hours per week on a regularly assigned basis shall be considered “limited part-time employees” for the purpose of this resolution. Limited part-time employees shall receive the following benefits:

- A. Retirement: All City employees, including limited part-time employees, are required to participate in the Social Security system.
- B. Deferred Compensation Plan: The City shall contract for the provision of an Internal Revenue Code Section 457 Deferred Compensation Plan; enrollment in the plan shall be voluntary for all limited part-time employees. Limited part-time employees may contribute to the plan through a pre-tax and/or Roth salary reduction at their sole expense.
- C. Paid Time Off: On the 90th calendar day of employment, and every January 1 thereafter, limited part-time employees shall accrue 40 hours of annual paid time off (leave), which may be used for personal illness, to care for a sick family member, for preventive care or diagnosis, care or treatment of an existing health condition, or for specified purposes if the limited part-time employee is a victim of domestic violence, sexual assault, or stalking. Paid time off must be used in a minimum increment of two hours per calendar day. There is no accrual or carryover of paid time off between or across calendar years. Upon termination from the City, limited part-time employees shall not be compensated for the balance of their paid time off. If a limited part-time employee separates from and is rehired by the City within one year, previously accrued and unused paid time off shall be reinstated.

D. Educational Assistance: Eligible limited-time employees with the designation “Building Employee” in Exhibit A may participate in the Educational Assistance Program set forth in Exhibit B, attached hereto and incorporated by this reference.

SECTION 6. Employee Assistance Program. The City shall contract for an employee assistance program to provide voluntary, confidential assistance to employees in working through various life challenges that may adversely affect job performance, health, and personal well-being in order to optimize the City’s success. All full-time, part-time, and limited part-time employees shall be enrolled in the employee assistance program with the cost of enrollment paid by the City.

SECTION 7. Technology Allowances. The City Manager is authorized to offer technology allowances of either (i) \$25.00 per employee per month to employees who are regularly required to use their personal cellular telephone as part of the City’s multi-factor authentication and cyber security protocols, with the exception of the City Manager, or (ii) \$79.50 per employee per month to employees who are regularly required to use their personal cellular telephones, personal computers, and/or other personal technology to conduct City business, with the exception of the City Manager. Such technology allowances shall be added to employee compensation and shall be paid in the first pay period of each month, subject to any applicable wage withholding or similar taxes. Employees must be in paid status on regularly scheduled workdays during the first pay period of each month in order to receive payment.

SECTION 8. Notary Public Stipends. The City Manager is authorized to offer notary public stipends of \$100.00 per employee per month to employees who regularly provide notary public and foreign pension acknowledgement services in the course of City business, with the exception of the City Manager. Such notary public stipends shall be added to employee compensation and shall be paid in the first pay period of each month, subject to any applicable wage withholding or similar taxes. Employees must be in paid status on regularly scheduled workdays during the first pay period of each month, and in possession of an active and valid notary public commission from the State of California as of the payroll processing date for the first pay period of each month, in order to receive payment. The City Manager is also authorized to incur and pay, on behalf of the City, costs related to the education and commission of employees who regularly provide notary public services in the course of City business, with the exception of the City Manager.

SECTION 9. Acting Appointments. Employees temporarily assigned to a

higher level job classification (based on the comparative starting compensations set forth in Exhibit A) for 14 consecutive calendar days or more shall receive acting status pay equivalent to the starting compensation for the job classification to which they are temporarily assigned, unless their increase in compensation would be less than 10% in which case they shall receive acting status pay equivalent to a 10% increase in compensation. Benefits shall remain unchanged during temporary assignments.

SECTION 10. Unpaid Leave. The City Manager may grant employees other than the City Manager leaves of absence without pay, upon written request of the employee setting forth the reason for the request. The City Manager shall evaluate requests on the basis of need, duration, and work requirements. No employee shall expect that requests will be granted. The City Manager shall respond to the employee's request in writing. The City Manager has discretion, in accordance with applicable law and regulation, to grant less than the full amount of leave requested. Any unpaid leave of absence lasting more than seven consecutive calendar days shall preclude the employee from accruing paid time off and floating holidays, and from receiving holiday pay, after the seventh consecutive calendar day until their return to paid status. Upon expiration of an approved unpaid leave of absence and at the City Manager's sole discretion, unless otherwise required by law or regulation, the employee shall be reinstated in the position held at the time leave was granted, assuming the position still exists. An employee who fails to report to duty promptly at expiration of an approved unpaid leave of absence shall be subject to disciplinary action up to and including termination and/or subject to separation due to job abandonment.

SECTION 11. City Manager's Compensation and Benefits. The City Manager shall receive such other compensation and benefits as set forth in the employment agreement separately approved by the City Council on May 17, 2023 and as may be subsequently amended.

SECTION 12. The Mayor shall sign this resolution and the City Clerk shall attest and certify to the passage and adoption thereof.

PASSED, APPROVED AND ADOPTED on this XX day of XX 2025.

EXHIBIT B
EDUCATIONAL ASSISTANCE PROGRAM

This City of Laguna Woods Educational Assistance Program (Plan) is intended to be a qualified educational assistance program that provides nontaxable Educational Assistance to Eligible Employees of the City of Laguna Woods (Employer) under Internal Revenue Code (Code) Section 127.

I. ELIGIBILITY

A. The Eligible Employees covered under this Plan include the following:

- i. Employees currently employed by the Employer;
- ii. Employees currently employed by the Employer who are on leave, as for example, in the Armed Forces of the United States; and

B. This Plan includes the following additional conditions for eligibility:

- i. Full-time employees are eligible to participate in this Plan beginning on the 366th day of their employment with the Employer;
- ii. Part-time employees are eligible to participate in this Plan beginning on the 366th day of their employment with the Employer;
- iii. Limited part-time employees with the designation “Building Employee” are eligible to participate in this Plan beginning on the 366th day of their employment with the Employer; and
- iv. Other limited part-time employees are not eligible to participate in this Plan.

II. EDUCATIONAL ASSISTANCE

A. The benefits provided under this Plan consist solely of the types of

Educational Assistance specified in Section II.C and are limited to up to \$5,250.00 per Eligible Employee per calendar year, based on the Eligible Employee's length of employment as per the schedule specified in Section II.B below. If an Eligible Employee receives Educational Assistance under this Plan that exceeds \$5,250.00 in a calendar year, the excess amount may be subject to federal income tax and applicable federal employment taxes. Notwithstanding the benefits provided under this Plan, the Employer may directly pay for education and/or training for its employees outside of the Plan.

- i. "Educational Assistance" includes the payment by the Employer of expenses incurred by or on behalf of an Eligible Employee for Education of the Eligible Employee or the provision by the Employer of Education to an Eligible Employee. Expenses for Educational Assistance must be approved by the Employer per Section II.D and be job-related. Eligible Employees must provide all documentation under Section III.A in order to receive reimbursement after a course is completed. Eligible expenses for approved courses includes tuition, fees, and similar payments. "Educational Assistance" does not include (a) payment for, or the provision of, tools or supplies (other than required textbooks) that the Eligible Employee may retain after completing a course of instruction; (b) meals, lodging, or transportation; (c) any payment for, or the provision of any benefits with respect to, any course or other Education involving sports, games, or hobbies, unless such Education involves the business of the Employer or is required as part of a degree program; or (d) fees for late registration or for withdrawing from or dropping a course. The types of Educational Assistance covered by this Plan are specified in Section II.C.

B. Eligible Employees will be eligible for Educational Assistance up to the following annual maximums, based on their length of continuous employment with the Employer:

- i. 366 calendar days to less than 2 years of employment: Eligible for reimbursement of up to \$1,050.00 per calendar year (20% of the annual \$5,250.00 limit).
- ii. 2 years but less than 6 years of employment: Eligible for reimbursement of up to \$2,625.00 per calendar year (50% of the annual \$5,250.00 limit).

- iii. 6 years or more of employment: Eligible for reimbursement of up to \$5,250.00 per calendar year (100% of the annual limit).

C. This Plan provides the following types of Educational Assistance:

- i. For courses approved by the Employer pursuant to Section II.C below, reimbursement for tuition, fees, and similar payments, to an Eligible Employee; and
- ii. The provision, by the Employer, of courses of instruction for an Eligible Employee.

D. Applying for Course Approval:

- i. To receive course approval, an employee must submit a written request in the format required by the Employer. If the Employer approves the course, the Employer will provide a written statement noting the course approval, the expenses that are reimbursable, and the maximum amount of reimbursement that will be provided for the course. Until an employee has received a written course approval, the employee should consider a course unapproved, regardless of any discussions that the employee may have had with any representative of the Employer regarding the course.
- ii. An employee may submit a course approval request before a course begins or while the course is ongoing. If an employee elects to sign up for a course before obtaining course approval, however, there is no assurance that the course will be approved for reimbursement. If the employee's decision to take a course is dependent on a particular amount of reimbursement being available under this Plan, the employee should make sure to obtain course approval before registering. To ensure that course approval is determined in time, course approval requests for advanced approval should be submitted at least 15 business days before the registration deadline for the course.
- iii. No course will be considered for approval if a course approval request is submitted after the course ends.
- iv. In addition to course approval, Eligible Employees must provide all of the information under Section III.A in order to receive reimbursement.

- E. The annual limit specified in Section II.B applies to amounts paid and expenses incurred by the Eligible Employee during a calendar year. For courses that span multiple calendar years, the reimbursable expenses will be allocated proportionally between the years based on course length, credits, or other reasonable method determined by the Employer to determine when expenses are treated as incurred for purposes of applying each year's annual reimbursement limit. If an Eligible Employee seeks reimbursement for expenses incurred, the expenses must not have been incurred prior to employment. "Unused" amounts of the annual limit cannot be carried forward to subsequent years.

III. CLAIM REIMBURSEMENT

- A. To obtain reimbursement for a course, which will be paid after the course is completed provided all requirements of the Plan are met, the following must be submitted to the Employer within 30 calendar days after course completion:
- i. a signed and fully completed benefits request in the form required by the Employer;
 - ii. a copy of the course approval request already submitted and approved by the Employer;
 - iii. for courses that are graded, documentation showing completion of the course with a grade equivalent of "C" or better (or a pass for a course that is graded on a pass/fail basis); and
 - iv. documentation substantiating any course-related expenses for tuition, fees, or similar expenses required for the course that were incurred or paid by the employee and for which reimbursement is sought.
- B. Courses that are dropped, withdrawn from, or completed with a grade equivalent to "C-" or less will not be eligible for reimbursement, and employees will be responsible for any associated penalties or fees.
- C. Employees who voluntarily leave employment with the Employer or are terminated for cause (as defined by the Employer's policies) within 12 months of receiving Educational Assistance under the Plan shall be required to repay

the amount received within 60 calendar days of separation. Exceptions may be made for involuntary separations not for cause or separations due to extenuating circumstances, at the discretion of the Employer.

IV. EXCLUSIVE BENEFIT

This Plan provides Educational Assistance for the exclusive benefit of Eligible Employees. Spouses and dependents of an Eligible Employee may not participate in this Plan, unless the spouse or dependent is also an Eligible Employee.

V. SUBSTANTIATION

An Eligible Employee receiving payments under this Plan must provide substantiation to the Employer of expenses incurred.

VI. NON-DISCRIMINATION

- A. This Plan shall not discriminate in favor highly compensated employees (as defined in section 414(q) of the Code) of the Employer.
- B. This Plan shall not be considered discriminatory under Treasury Regulation § 1.127-2(e) merely because: (a) Different types of Educational Assistance available under the Plan are utilized to a greater degree by Eligible Employees with respect to whom discrimination is prohibited than by other Eligible Employees, or (b) Conditions are required or considered in determining the availability of benefits with respect to a course of study for which benefits are otherwise available, including, but not limited to, successful completion of the course or attaining a particular course grade.

VII. NOTICE

The Employer shall provide each Eligible Employee with reasonable notice of the availability and terms of this Plan. This Plan shall be made available for review by Eligible Employees on the Employer's Human Resources website. An Eligible Employee shall receive a paper copy of this Plan upon written request.

VIII. FUNDING

The Employer will pay Educational Assistance benefits from its general assets. Employees are not required or permitted to contribute to the Plan.

IX. MISCELLANEOUS

The Employer may amend or terminate this Plan at any time, provided that any amendment or termination shall not affect the right of Eligible Employees to claim Education Assistance for courses in which they enrolled and which were approved by the Employer for reimbursement prior to such amendment or termination.

The City Manager or their designee shall have the authority to interpret and administer this Plan, except as may pertain to their own use of this Plan in which case the City Manager (in case of a designee thereof) or the Mayor (in case of the City Manager) shall have the authority to interpret and administer this Plan. In the event of ambiguity, inconsistency, or uncertainty in the application of any provision, the City Manager or their designee (or City Council in case of the City Manager) is authorized to make final determinations, which shall be binding and not subject to further review.

This Plan shall be construed and enforced according to the laws of the State of California, to the extent not preempted by federal law.

X. EFFECTIVE DATE

This Plan is effective as of July 1, 2025.
